# Applied Communication Studies (MA)

## Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all post-secondary academic transcripts
3. Successful completion of a bachelor's degree prior to enrollment
4. Minimum undergraduate GPA of 2.75
5. International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
6. Statement of Purpose: Submit a typed statement (of at least 500 words) about the academic and professional goals they plan to attain through their work in the graduate program
7. Submit two (2) letters of recommendation that discuss the applicant's potential for graduate-level academic work, leadership and interpersonal skills. [If the student is a current student in, or recent graduate of SIUE's Department of Applied Communication Studies, two Reference Forms for Use by Current SIUE Students may be submitted in lieu of the letters of recommendation]

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants who do not have an undergraduate degree in applied communication studies or a related field will be required, if admitted to the program, to demonstrate a knowledge of basic communication theory before enrolling in any 500-level classes. This demonstration of proficiency may be accomplished by completing, with a grade of B or better, either ACS 330 (Theories of Communication) or proficiency examinations based upon the content of this course. Please contact the Department of Applied Communication Studies for information about the proficiency examination procedures.

Review the SIUE Admissions Policy for more information.

# Applied Communication Studies (MA)

## Curriculum

Students must complete at least 33 semester hours for this degree. A foreign language is not required. With approval of the student's advisory committee, up to three (3) hours of graduate level coursework from outside the applied communication studies curriculum, up to three (3) hours of independent study credits, and up to three (3) hours of 400-level courses, may be applied toward the minimum of 33 hours.

All students admitted to the program are required to enroll in the program core, which consists of two (2) courses (six (6) hours total): ACS 500 (Seminar in Communication Theory) and ACS 501 (Communication Research Methods and Tools). The core courses must be completed with a minimum grade of B the first time that they are offered after the student is admitted. Students who fail to meet this stipulation will be restricted from enrolling in any other 500-level courses until the program core requirement is met. Students are also required to declare an area of specialization and complete three required courses in their respective specialization.

Responsibility for the development of the remainder of the student's program of study rests with the student and student's advisory committee. The Department of Applied Communication Studies offers a variety of courses designed to complement the student's academic and professional interests.

Students may choose either a thesis or a non-thesis plan of study. Students who select the thesis plan (thesis or applied project) must declare their intentions by the time they have completed 18 semester hours of graduate work. They will complete a minimum total of 27 hours of course work. They will confirm their ability to conduct research in applied communication studies by submitting a thesis or applied project for six (6) semester hours of credit in ACS 598 or ACS 599. The oral defense then provides a supplemental assessment of the student's performance on the written portion of the thesis, or the final product of the project.

Students who select the non-thesis plan will complete a minimum total of 33 hours of course work. They will confirm their ability to conduct research in applied communication studies through the research projects and papers that they complete during their course work.

# Applied Communication Studies (MA)

## Graduation Requirements

The comprehensive examination is administered during each student's final term of course work. For students following the thesis plan, the examination is oral and focuses primarily on a defense of the thesis or applied project, but may also cover the planned program.

For a student electing the non-thesis plan, the examination - which comprises both written and oral elements - covers content from both the required core courses and the individually planned program. The written examination is composed of two sections. One section focuses on communication theory and research methodology, and the student must successfully answer one item on theory and one on research. The other section of the written examination focuses on the individual program of study. The student must respond successfully to two items from this section, in which a choice is offered among items prepared by the individual's advisory committee. The oral component then provides a supplemental assessment of the student's performance on the written portion of the examination.

Review the graduation policy for more information.

# Applied Communication Studies (MA)

## Areas of Emphasis

- Corporate and Organizational Communication
  - Corporate and Organizational Communication
  - Health Communication
  - Interpersonal Communication
  - Public Relations

## Corporate and Organizational Communication

Students are required to complete three (3) courses in their respective areas of emphasis. These courses include:

- ACS 540 Survey of Organizational Communication Research
- ACS 541 Seminar in Organizational Culture
- ACS 542 Communication Consulting

# Applied Communication Studies (MA)

## Areas of Emphasis

- Health Communication
  - Corporate and Organizational Communication
  - Health Communication
  - Interpersonal Communication
  - Public Relations

## Health Communication

Students are required to complete three (3) courses in their respective areas of emphasis. These courses include:

- ACS 570 Survey of Health Communication Theory and Research
- ACS 571 Seminar in Provider/Caregiver-Patient Communication
- ACS 572 Seminar in Health Communication Campaigns

# Applied Communication Studies (MA)

## Areas of Emphasis

- Interpersonal Communication
  - Corporate and Organizational Communication
  - Health Communication
  - Interpersonal Communication
  - Public Relations

## Interpersonal Communication

Students are required to complete three (3) courses in their respective areas of emphasis. These courses include:

- ACS 520 Seminar in Interpersonal Communication
- ACS 521 Seminar in Computer-Mediated Communication
- ACS 522 Seminar in Family Communication

# Applied Communication Studies (MA)

## Areas of Emphasis

- Public Relations
  - Corporate and Organizational Communication
  - Health Communication
  - Interpersonal Communication
  - Public Relations

## Public Relations

Students are required to complete three (3) courses in their respective areas of emphasis. These courses include:

- ACS 550 Seminar in Public Relations
- ACS 551 Nonprofit Public Relations
- ACS 552 Corporate Social Responsibility

# Art and Design Studio (MFA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Submit three (3) letters of recommendation by those familiar with your current artwork
- Provide a cover letter, resume/cv, artist statement and letter of intent of approximately 500 words, indicating professional aspirations and more immediate objectives you will pursue while in graduate school at SIUE
- Submit a digital portfolio (PPT or PDF) of 20 images

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu)

A committee consisting of the graduate studio faculty who offer MFA degree classes will review the applications. Letters of acceptance will be mailed approximately one month following the deadline, initially by the Graduate Admissions Office, with a follow-up letter from the Department of Art and Design. If an application is not approved, the portfolio will be promptly returned. If approved, the portfolio will be retained by the department until the student arrives on campus or until its return is requested.

Persons with deficiencies may enroll as unclassified graduate students for a limited time. Upon completion of the deficiencies, the student submits a portfolio of recent work to the graduate faculty before admission to the program is granted.

So that the MFA program can achieve a broader perspective, students who receive their undergraduate art degrees at institutions other than SIUE will be given higher priority in acceptance for admission.

Students pursuing the master of fine arts (MFA) degree at SIUE are required to explore additional electives in other studio areas in order to inform and enhance their personal work (see Program of Study). An open dialogue with materials and media is encouraged, as is refining one's singular medium interests. With this said, students must apply to a single area of studio concentration and work to develop their interests in concert with their studio advisor. Applications for the MFA degree should be limited to one studio concentration at the time of applying.

Review the SIUE Admissions Policy for more information.

## Application Deadline

It is the candidate's responsibility to ensure the application, transcript(s), letter and portfolio arrive at SIUE on time. The deadline for admission is February 1 of the preceding spring semester. Additional applications will be considered after this date on a space available basis.

# Art and Design Studio (MFA)

## Curriculum

The full-time student should expect to spend a minimum of three (3) academic years in residency to complete the degree. The program is based on the individual's area of interest and undergraduate training and is jointly planned by the student, a committee of the graduate faculty and a professor who serves as advisor to the student in their principal studio area.

- Total 60 hours (at least 30 at the 500-level)
- 21-30 hours in major studio area
- 9 hours in Art History
- Electives: 6-15 hours (outside major studio area)
- ART 505 Seminar (3 hours)
- ART 441 Drawing (3 hours)
- ART 599a Thesis (3 hours)
- ART 599b Thesis (3 hours)
- ART 599c Exhibition (3 hours)

## Mid-Course Review

---

Prior to the beginning of a student's fourth term or upon completion of 30 hours of graduate credit (whichever comes first), the candidate will undergo a rigorous mid-course academic review. This is conducted by the candidate's master of fine arts (MFA) Committee, which should consist of at least three members of the graduate faculty, at least one of whom must be a specialist from the student's major studio area.

The mid-course review consists of an oral interview in which the candidate shall present the creative work completed since arriving at SIUE. In addition, the candidate shall present evidence of his/her knowledge of art history and other material deemed pertinent by the committee for successful completion of the degree.

Additional evidence will also be submitted in the form of written essays, composed in response to questions from members of the candidate's graduate committee who will evaluate the candidate's answers for clarity of expression, as well as for correctness of factual detail.

## Thesis and Thesis Exhibition

---

The final examination for the MFA degree includes both written and oral forms, including a thesis defense. During their final year, all candidates for the MFA degree in Art Studio must complete nine (9) semester hours of thesis. The initial draft of the thesis, a written exposition of the candidate's artwork, including, but not limited to, the final thesis exhibition, is written in ART 599a and then completed in ART 599b in consultation with the candidate's committee. In ART 599c, the candidate designs and mounts the thesis exhibition. Upon acceptance of the written thesis, the student's graduate committee

and other members of the graduate faculty are invited to be present for the final oral examination. The candidate is expected to defend the thesis and exhibition, and to show knowledge of the general area of investigation and related areas of art and art history. One piece of artwork from the thesis exhibition, chosen by the candidate in consultation with the thesis committee, is retained by the Department of Art and Design for the permanent art collection of the SIUE University Museum.

# Art and Design Studio (MFA)

## Graduation Requirements

The final examination for the master of fine arts (MFA) degree includes both written and oral forms, including a thesis defense. Upon acceptance of the thesis, the student's graduate committee and other members of the graduate faculty are invited to be present for the final oral examination. This examination is typically scheduled during or after the thesis exhibition. The candidate is expected to defend the thesis and exhibition, and to show knowledge of the general area of investigation and related areas of art and art history.

Review the graduation policy for more information.

# Art Therapy Counseling (MA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment in one of the following:
  - Art Studio
  - Art Education
  - Psychology
  - A related field
- Minimum GPA of 2.50
- Scores from Graduate Record Examination (GRE)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- 12-15 digital images of personal artwork
- 500-word Statement of Purpose
- Three (3) letters of recommendation from professional or academic references (there is no set form)
- Resume
- Personal and group interviews with faculty are also required after application materials have been received
  - Group interviews for fall 2019 entry will take place on Friday, March 1
  - Personal interviews for fall 2019 entry will take place on Saturday, March 2

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

Prospective students must show evidence of having completed the following prior to admission to the program:

- 18 hours of art studio
- Minimum of 12 hours of psychology, including developmental and abnormal psychology, as well as psychological statistics. Statistics in a related social or health field may be considered

Applicants with deficiencies will be required to take prerequisite coursework before admission to the program.

## Application Deadline

The application deadline for the following fall admission is January 15.

# Art Therapy Counseling (MA)

## Program of Study

The Master of Arts degree in art therapy counseling requires a minimum of 60 semester hours.

### Required courses (42 hours):

---

**ART 550** Counseling Techniques in Art Therapy  
**ART 552** Assessment of Individuals and Families  
**ART 555** Art Therapy with Groups  
**ART 556** Family Art Therapy  
**ART 557** Developmental Theory and Art Therapy  
**ART 561** Multicultural Issues in Art Therapy  
**ART 566** Research Methodology in Art Therapy  
**ART 573** Counseling Theory and Art Therapy  
**ART 574** Career Counseling  
**ART 575** Professional Ethics and Legal Issues  
**ART 595** Research Projects  
**ART 553** Art Therapy with Children and Adolescents  
**ART 554** Art Therapy Counseling with Adults  
**SOCW 564** Substance Use Services

### Required Options (6 hours):

- (3) Studio Art
- (3) Psychopathology (PSYC 431, 531, or 553; or SOCW 537)

### Required Fieldwork (3 hours minimum):

- ART 564

### Required Practicum (7 hours minimum)

- ART 559

### Electives (2 or more hours in studio art, psychology, social work, or a related field)

This program of study, approved by the American Art Therapy Association in 1992, is designed to meet the requirements for students to become:

- Licensed as clinical professional counselors in the State of Illinois
- Registered art therapists with the American Art Therapy Association
- The program can be completed in three (3) years of full-time study.

During their first year in the program, all students begin fieldwork in Head Start facilities. This introductory practicum is completed in concert with coursework in developmental theory, assessment and child art therapy.

During their second and third years in the program, each student's experience becomes more individualized, with the student choosing from over 100 practicum sites with a wide range of client populations. Prior to beginning ART 559 (Practicum in Art Therapy), students must undergo a mid-course review to determine readiness to work with a client population in a counseling setting. The review is comprised of a self-critique, evaluations from all instructors, and a meeting with the program director and faculty. The faculty will evaluate a student's ability to continue in the program based upon an examination of the student's performance in fieldwork, academic learning, professionalism, ability to participate in and process class experiential learning, and psychological readiness to take on a more intensive practicum.

#### Elective Examples:

- ART 572 Medical Art Therapy
- ART 549 Special Topics in Art Therapy - Recent topics include arts-based community development

# Art Therapy Counseling (MA)

## Graduation Requirements

In addition to successful completion of the program of study, students are required to complete a final project, which can be a traditional research paper or a creative effort accompanied by a written paper in appropriate academic form. The topic and format must be acceptable to the research committee, which is composed of the director of the art therapy counseling program and two other graduate faculty members.

Students will complete 800 practicum hours.

After the final project is submitted and evaluated by the research committee, the candidate must successfully complete an oral examination conducted by the research committee.

Review the graduation policy for more information.

# Biological Sciences (MA,MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Official Graduate Record Examination (GRE) test scores (verbal, quantitative and analytical). GRE test scores are not required of applicants who have an undergraduate grade point average (GPA) above 3.0 on a 4.0 scale and who are applying to the master of science (MS) or master of arts (MA) thesis or non-thesis plans.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Statement of Purpose: A personal letter/statement summarizing the applicant's preparation and experience leading to the undertaking of a master's program of study at SIUE, and outlining the applicant's academic and career goals, highlighting the role that a master's degree in biological sciences at SIUE will serve in meeting those goals.
- At least two (2) letters of recommendation, preferably from instructors and/or individuals who are familiar with the applicant's academic and professional preparation for undertaking a master's program in the biological sciences.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

All applicants must identify a faculty member who has agreed in writing to serve as a graduate mentor in order to be considered for acceptance into the program. Therefore, applicants are encouraged to contact prospective graduate mentors at the time that their application materials have all been submitted, and to contact the Biological Sciences Graduate Program Director for assistance in identifying faculty members who might serve as graduate mentors.

Students accepted into the biological sciences graduate program are expected to have completed coursework equivalent to the SIUE undergraduate biology degree requirements, or they may be expected to resolve any deficiencies by completing coursework beyond that required for the graduate degree. Upon admission to the program, the student shall consult with his/her mentor to review the student's academic record and develop a plan of coursework that will address any academic deficiencies.

Review the SIUE Admissions Policy for more information.

# Biological Sciences (MA,MS)

## Curriculum

Master of Arts (MA): A student may earn an MA degree while following the thesis plan. The MA degree requires a minimum of 32 semester hours, of which at least 24 semester hours must be in biology. The MA also requires a reading knowledge of a foreign language. The foreign language requirement must be met at least three (3) months prior to graduation by passing an examination offered by the Department of Foreign Languages and Literature.

Master of Science (MS): Thesis and non-thesis plans of study are available for fulfillment of the requirements of the MS degree. The thesis and non-thesis plans require a minimum of 32 semester hours, of which at least 24 semester hours must be in biology. There is no foreign language requirement for the MS degree.

## Thesis Plan

---

- At least nine (9) semester hours in biology must be earned in courses numbered BIOL 415-490 or 514-590
- Required courses: BIOL 501, 502, and 503 must be completed. BIOL 595 or 596 must be completed twice, or in combination, and must be taken under at least two (2) different faculty members. Completion of BIOL 592 at least twice is required.
- Electives: Eight (8) additional elective semester hours may be needed to reach 32 semester hours.
- Thesis: Students must complete a thesis based on the student's original research, and must enroll in at least three (3) semester hours of BIOL 599.

## Non-Thesis Plan

---

- At least 14 semester hours in biology must be earned in courses numbered BIOL 415-490 or 514-590
- Required courses: BIOL 501, 502, and 503 must be completed. BIOL 595 or 596 must be completed twice, or in combination, and must be taken under at least two (2) different faculty members. Completion of BIOL 592 at least twice is required.
- Electives: Two (2) additional elective semester hours may be needed to reach 32 semester hours.
- Research Paper: At least four (4), but no more than eight (8) semester hours must be taken in BIOL 591 and 593, culminating in an acceptable final research paper.

# Biological Sciences (MA,MS)

## Graduation Requirements

For the final examination in biological sciences for either the master of arts (MA) or the master of science (MS) degree, students meet with their advisory committee for a public oral defense of the thesis or research paper.

Review the graduation policy for more information.

# Chemistry (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Must have completed at least 36 semester hours in chemistry with an overall grade point average (GPA) of at least 3.0 on a 4.0 scale.
- For international students, a minimum score of 550 on the paper-based Test of English as a Foreign Language (TOEFL) test, 79 on the internet-based TOEFL test, or Overall Band of 6.5 on International English Language Testing System (IELTS), is required.
- All applicants must provide evidence to show that they can participate effectively in the department's program. Evidence should include the completion of a baccalaureate degree in chemistry or related science majors.
  - Evidence may also be previous, related study or creative work, two (2) letters of recommendation, research papers, GRE (not required) or honors and awards.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Chemistry (MS)

## Curriculum

All students must complete 30 semester hours of graduate coursework with a grade point average (GPA) of 3.2 or higher on a 4.0 scale. At least 24 hours must be in 500-level chemistry courses. Both thesis and non-thesis plans of study are available.

### Both thesis and non-thesis plans require:

**Core course requirements** (12 hours) selected from: CHEM 511, 531, 541, 551, 561

**Graduate seminar** (2 hours): Attendance in CHEM 575 is required for each semester during the academic year

**Electives** (6 hours): Coursework may include non-chemistry courses that will contribute to the student's career objectives

### Additional requirements for thesis plan:

Successful completion of at least 10 hours of CHEM 597 and 599 is required. Satisfactory completion requires the submission of an acceptable thesis, oral presentation and defense of thesis results.

### Additional requirements for non-thesis plan:

Acceptance into the non-thesis plan by the graduate committee and ten (10) additional hours of coursework at the 500-level are required. Up to four (4) hours of credit from CHEM 596 and 597 can be applied toward the non-thesis plan. Students who pursue the non-thesis plan of study will make an oral presentation and defense of a final paper based on a current literature topic and/or their research achievements.

# Chemistry (MS)

## Early Entry BS and MS in Chemistry

The Department of Chemistry offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program. Students with senior-level status (at least 90 semester hours) and an overall grade point average (GPA) of at least 3.0 on a 4.0 scale may be admitted to the early entry MS program, allowing them to earn 24 hours of graduate-level credit (400- and 500-level) during their combined senior and graduate years. An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Committee in Chemistry. A program outline must also be submitted for approval by the Graduate Dean and the director of the graduate program in chemistry prior to enrollment in any courses in order to be included as a part of the master's program. Official admission to the program and to classified graduate status is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Chemistry (MS)

## Graduation Requirements

Students following the thesis plan will make an oral presentation and defense of their thesis results. Students who pursue the non-thesis plan of study will make an oral presentation and defense of a final paper based on a current literature topic and/or their research achievements.

Review the graduation policy for more information.

# Psychology - Clinical Child and School Psychology (MS)

## Admission Requirements

- Graduate School application, including program questions, and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Graduate Record Examination (GRE) scores: verbal, quantitative, and writing areas
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Goal Statement/Statement of Purpose
- Resume/CV

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Completing an undergraduate major or minor in psychology is the desirable and typical undergraduate preparation for a graduate degree in psychology. Qualified applicants from other academic backgrounds may enter the psychology graduate program provided they have completed the prerequisites. In addition to completing at least one (1) course each in introductory psychology, research methods/experimental psychology, statistics, and psychological tests and measurements. Applicants may be accepted provisionally if they are missing one or two prerequisites provided they complete these prerequisites prior to beginning the graduate program.

Review the SIUE Admissions Policy for more information.

## Application Deadline

New students are admitted exclusively in the fall semester (which begins in late August). All application materials are due no later than **January 15**.

# Psychology - Clinical Child and School Psychology (MS)

## Curriculum

The master of science degree with a specialization in clinical child and school psychology requires 40 semester hours for completion.

Clinical Child and School Specialization:

- **Required Courses (30 hours):** PSYC 514, 520, 521, 537a, 541a, 543a, 553, 556, 557, 565
- **Required practicum (7 hours):** PSYC 524
- **Thesis (3 hours):** PSYC 599, or Research Project (3 hours): PSYC 598

# Psychology - Clinical Child and School Psychology (MS)

## Graduation Requirements

Candidates for the master of science (MS) must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report and complete an oral examination. MS candidates intending to pursue the Specialist Degree may choose to complete an acceptable research paper rather than a thesis.

Candidates for the Specialist Degree must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report, and complete an oral examination.

Review the graduation policy for more information.

# Psychology - Clinical Child and School Psychology (MS)

## Specializations

### School Psychology

The psychology department offers the specialist degree in school psychology. This program provides advanced academic and professional training for students pursuing a career in school psychology. The program leads to certification as a school psychologist in the state of Illinois and is fully accredited by the National Association of School Psychologists.

### Admission Requirements

- Graduate School application

Applicants for the Specialist in School Psychology Degree must have a grade of 'C' or higher in all courses in the SIUE Masters in Clinical Child and School Psychology graduate program and also earned a cumulative GPA of 3.25 or higher in that program. Applicants must have passed the Illinois Test of Academic Proficiency (TAP) or show proof of an acceptable score on the ACT or SAT.

### Application Deadline

Only internal applications are accepted and are due October 1st.

### Coursework

The specialist degree in school psychology requires a minimum of 32 hours beyond the Master of Science (MS) degree:

- Required Courses (15 hours): PSYC 539, 544, 545, 584, 594
- Required practicum (4 hours): PSYC 524
- Internship (10 hours): PSYC 596
- Thesis (3 hours): PSYC 599

### Graduation Requirements

Candidates for the specialist degree must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report, and complete an oral examination and have a minimum GPA of 3.25.

# Civil Engineering (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Cumulative grade point average (GPA) in all undergraduate engineering, mathematics, and science courses of at least 2.75 on a 4.0 scale, or 70 percent on other scales. For those not meeting this requirement but having at least four (4) years of work experience, supporting evidence (such as a letter of explanation from the applicant, high GRE scores, letters of recommendation from employers, and PE licensure) will also be considered. International students are encouraged to submit GRE scores along with other required graduate admission documentation.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

If admitted, those who do not have a Bachelor of Science in civil engineering may be required to complete prerequisite courses that are not for graduate credit. Note that a Master of Science will not typically qualify a candidate to take the PE licensure examination.

Further information on the Department of Civil Engineering's policies can be found on the Department's website.

Review the SIUE Admissions Policy for more information.

# Civil Engineering (MS)

## Specialized Learning Opportunities

- Civil Engineering Professional Development Sequence
  - Environmental/Water Resources Specialization
  - Geotechnical Engineering Specialization
  - Structural Engineering Specialization
  - Transportation Engineering Specialization
  - Civil Engineering Professional Development Sequence
  - Early Entry BS and MS in Civil Engineering

## Civil Engineering Professional Development Sequence

The Department of Civil Engineering offers two Professional Development Sequences (PDSs). Each PDS is designed to give students a thorough understanding of sustainability in a particular area of civil engineering.

### Admission

Graduate students who are officially admitted to, and in good standing with, the Graduate School and the Department of Civil Engineering may apply for enrollment in one of the PDSs. The civil engineering graduate program director will issue admission notification and approvals. Students must be approved for graduate study in civil engineering with a "classified graduate student" status. Admitted students are expected to have completed all prerequisite courses for each PDS course.

### Program of Study

Sustainable Planning in Civil Engineering:

- (3) CE 475 Transportation Planning
- (3) CE 588 Solid Waste Management
- (3) CE 596 Sustainable Engineering

Sustainable Infrastructure in Civil Engineering:

- (3) CE 460 Municipal Infrastructure Design
- (3) CE 578 Intelligent Transportation Systems
- (3) CE 596 Sustainable Engineering

# Civil Engineering (MS)

## Courses Available

### Program of Study

After admission and before enrolling in any courses, students are required to meet with the Graduate Program Director, who appoints, in consultation with the student, an advisory committee suited to the student's background and interests. The advisory committee assists the student in planning a program of study. This plan is to be completed by the end of the first semester.

Because of the importance of communication to the engineering profession and the need for excellent writing skills to complete degree requirements, all students are required to satisfactorily complete a technical writing course. Students with good writing skills may elect to submit an essay to be evaluated for conditional exemption from the English course requirement. If conditional exemption is granted, the student will substitute another approved course in the plan of study.

At least 20 semester hours must be in courses taught in civil engineering, and at least 15 semester hours must be at the 500-level.

### Thesis Option

Students selecting the thesis option must complete a minimum of 30 semester hours. Students will be guided in thesis work by a thesis advisor, with the assistance and concurrence of the advisory committee. The number of hours to be awarded for thesis credit (CE 599- up to six (6) credit hours) is to be specified by the advisory committee prior to approval of the thesis proposal. Thesis credit counts as part of the 30 credits required for the degree. Writing a thesis involves an intensive research effort and may require about six months to complete. The thesis must be formally accepted by the Graduate School.

### Non-Thesis Option

Students selecting the non-thesis option must complete a minimum of 31 semester hours. Students prepare a research paper, the topic of which is mutually agreed upon by the student and the advisory committee. One (1) credit hour is awarded for non-thesis credit (CE 593) and counts as part of the 31 credits required for the degree. Guidelines are available on the Department's website.

In developing a plan of study, students need to consider which courses will enable them to reach their goals as a civil engineer. Students may wish to choose from a variety of courses available to assist them in the completion of their thesis or final research paper. Note that not all courses may be offered at all times and that course offerings do not guarantee availability of a spot in that class. It is up to students to review published schedules and consult with their advisor to find out when the courses are offered and how they will fit into their course of study schedules. In addition, it is up to students to assure that they have met the prerequisites for courses prior to enrollment.

### Doctoral Degree

A doctoral degree requires a minimum of 26 semester hours of course work, a qualifying exam and 24 semester hours of dissertation research.

# Civil Engineering (MS)

## Specialized Learning Opportunities

- Early Entry BS and MS in Civil Engineering
  - Environmental/Water Resources Engineering Specialization
  - Geotechnical Engineering Specialization
  - Structural Engineering Specialization
  - Transportation Engineering Specialization
  - Civil Engineering Professional Development Sequence
  - Early Entry BS and MS in Civil Engineering

## Early Entry BS and MS in Civil Engineering

### Combined Program Leading to Bachelor of Science /Master of Science Degrees in Civil Engineering

The Department of Civil Engineering offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program. Students with senior-level status in civil engineering (at least 90 semester hours) and an overall grade point average of 3.25 on a 4.0 scale in engineering, mathematics, and physical science courses may be admitted to the BS/MS program, allowing them to earn 30 hours of graduate-level credit (400- and 500-level) during their combined fourth and fifth years. These students are eligible to apply for assistantships in the department. An application for degree-seeking status as a graduate student must be approved by Graduate Admissions and the Graduate Admissions Committee in Civil Engineering. A program outline must be submitted for approval by the graduate program director and Graduate Records prior to enrollment in any courses in order to be included as a part of the master's program. Official admission to the graduate program with status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Civil Engineering (MS)

## Graduation Requirements

### Thesis Option

After all requirements for the Master of Science are met, per the approved Program of Study, an oral final examination directed on the course work and related material on the thesis will be given by the advisory committee.

### Non-Thesis Option

After all requirements for the Master of Science are met, per the approved Program of Study, a final examination comprised of written elements, as well as an oral examination directed on the research paper will be given.

### Doctoral Degree

After all requirements for the doctoral degree are met, per the approved Program of Study, an oral dissertation defense will be given by the dissertation committee.

Review the graduation policy for more information.

# Civil Engineering (MS)

## Specialized Learning Opportunities

- Environmental/Water Resources Engineering Specialization
  - Environmental/Water Resources Engineering Specialization
  - Geotechnical Engineering Specialization
  - Structural Engineering Specialization
  - Transportation Engineering Specialization
  - Civil Engineering Professional Development Sequence
  - Early Entry BS and MS in Civil Engineering

## Environmental/Water Resources Engineering Specialization

Environmental engineering includes the design and operation of water distribution and wastewater collection systems, water and wastewater treatment facilities, managing biosolids and solid waste as well as preventing pollution. Water resources engineering includes designing and maintaining stormwater facilities to manage both the quantity and quality of runoff. Facilities could include green roofs, permeable pavements, retention basins, infiltration basins and many more.

- Research areas
- Equipment and facilities

## Courses

Students are required to complete ten (10) courses, which is 30-31 hours of advanced study. At least 15 hours must be at the 500-level. At least seven (7) courses must be chosen from the following list:

- (3) CE 416 Engineering Hydrology
- (3) CE 460 Municipal Infrastructure Design
- (3) CE 480 Environmental Analysis
- (3) CE 486 Wastewater Treatment Design
- (3) CE 487 Water Treatment Design
- (3) CE 488 Hazardous Waste Management
- (3) CE 581 Advanced Wastewater Treatment
- (3) CE 582 Water Quality and Treatment
- (3) CE 587 Air Pollution Control
- (3) CE 588 Solid Waste Management
- (3) CE 589 Industrial Materials and Waste
- (3) CE 596 Sustainable Engineering

Upon advance approval of the committee, CE 591 or 599 may be taken in place of one (1) or two (2) of the above courses. Students will need to complete a course study proposal prior to enrolling in either of these classes. In addition, up to three (3) special course offerings, generally listed as CE 492 or 592, may be taken with the advance approval of the committee. ENG 491 is required for all students unless conditional exemption is granted; see the Writing Proficiency Requirement for further details. ENG 491,

if taken, can be counted as part of the 30-31 hours of advanced study. CE 593 is required for the non-thesis option. For lists of pre-approved courses, see the Department of Civil Engineering.

# Civil Engineering (MS)

- Geotechnical Engineering Specialization
  - Environmental/Water Resources Engineering Specialization
  - Geotechnical Engineering Specialization
  - Structural Engineering Specialization
  - Transportation Engineering Specialization
  - Civil Engineering Professional Development Sequence
  - Early Entry BS and MS in Civil Engineering

## Geotechnical Engineering Specialization

Geotechnical engineering includes the design of underground space and infrastructure. Designs could address mine subsidence, levee construction or stabilization, foundations, and road base materials.

- Research areas
- Equipment and facilities

## Courses

In developing a plan of study, students need to consider which courses will enable them to reach their goals as a geotechnical engineer. Students may wish to choose courses that assist in the completion of a thesis or final research paper. The following highlights the variety of courses available. Note that not all courses may be offered at all times and that course offerings do not guarantee availability of a spot in that class. It is up to students to review published schedules and consult with their advisor to find out when the courses are offered and how they fit into a course of study schedule. In addition, it is up to students to assure that they have met the prerequisites for the courses prior to enrollment.

Students are required to complete ten (10) courses, which is 30-31 hours of advanced study. At least 15 hours must be at the 500-level. ENG 491 is required for all students unless conditional exemption is granted; see the Writing Proficiency Requirement for further details. ENG 491, if taken, can be counted as part of the 30-31 hours of advanced study. CE 593 is required for the non-thesis option. CE 599 is required for the thesis option.

At least five (5) courses must be chosen from the following list:

- (3) CE 455 Foundation Design
- (3) CE 457 Soil Mechanics in Engineering
- (3) CE 545 Structural Dynamics
- (3) CE 548 Finite Elements
- (3) CE 596 Sustainable Engineering
- Appropriate 3 credit hour substitute to be approved by the advisor
- CE 591 or 599 may be taken in place of up to two of the above courses upon advance approval of the committee. You will need to complete a course study proposal prior to enrolling in either of

these classes.

- In addition, up to three special course offerings, listed as CE 492 or CE 592, may be taken with the advance approval of the committee.
  - (3) CE 492-10 Geological and Geotechnical Exploration
  - (3) CE 492-11 Soil Improvement Methods
  - (3) CE 492-12 Environmental Geotechnics
  - (3) CE 592-02 Advanced Soil Mechanics
  - (3) CE 592-10 Design of Levees and Floodwalls
  - (3) CE 592-11 Geotechnical Earthquake Engineering
  - (3) CE 592-12 Advanced Foundation Engineering
  - (3) CE 592-13 Geotechnical Instrumentation

The remaining credit hours should be completed in consultation with your advisor from the specialization list or the approved elective list on the department webpage.

ENG 491, if taken, can be counted as part of the 30-31 hours of advanced study. CE 593 is required for the non-thesis option. For lists of pre-approved courses, see the Department of Civil Engineering.

# Psychology - Clinical Psychology (MA)

## Admission Requirements

- Graduate School application, including program questions, and \$40 fee
- Submission of all postsecondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 2.50
- Graduate Record Examination (GRE) scores: verbal, quantitative and writing areas
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Goal Statement/Statement of Purpose
- Resume/CV

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Completing an undergraduate major or minor in psychology is the desirable and typical undergraduate preparation for a graduate degree in psychology. Qualified applicants from other academic backgrounds may be considered for the psychology graduate program provided they have completed the prerequisites. In addition to completing at least one (1) course each in general psychology, experimental psychology, statistics, and psychological tests and measurements, each specialization has additional required courses that must be completed prior to beginning the graduate program. Information on these courses can be obtained from the Department of Psychology.

Review the SIUE Admissions Policy for more information.

## Application Deadline

New students are admitted exclusively in the fall semester (which begins in late August). All application materials are due no later than **January 15**. Applicants should be aware that the application for the optional Competitive Graduate Award is the first Friday in December.

# Psychology - Clinical Psychology (MA)

## Curriculum

The Master of Arts program requires 42 semester hours of graduate credit to complete the specialization in clinical psychology:

- **Required courses (27 hours)**
  - PSYC 514-Advanced Biopsychology
  - PSYC 520-Research Design & Inference I
  - PSYC 521-Research Design & Inference II
  - PSYC 531-Advanced Psychopathology
  - PSYC 535-Cognitive Behavioral Psychotherapy
  - PSYC 537b-Counseling and Psychotherapy of the Adult
  - PSYC 538-Group Counseling and Psychotherapy
  - PSYC 541b-Cognitive Assessment of the Adult
  - PSYC 543b-Personality Assessment of the Adult
- **Required practicum (6 hours)**
  - PSYC 523-Practicum in Clinical Psychology
- **Electives (6 hours)**
  - Typically PSYC 507-Multicultural Counseling and Psychotherapy
  - PSYC 550-Ethics and Professional Issues in Psychology
- **Thesis (3 hours)**
  - PSYC 599-Thesis

# Psychology - Clinical Psychology (MA)

## Graduation Requirements

Candidates for the Master of Arts must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report and complete an oral examination.

Review the graduation policy for more information.

# CMIS (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- A bachelor's degree from an accredited college or university. The undergraduate major is typically in business. Individuals with other backgrounds who are interested in the program are invited to discuss their career objectives with the program director to determine if their goals are consistent with the objectives of their program
- An undergraduate grade point average (GPA) of 2.5 or above on a 4.0 scale
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Submission of a Statement of Purpose, detailing the applicant's background and career plans
- Submission of Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) scores
- Applicants who hold a PhD, MD, LL.M, DDS, DNP, EdD, or the equivalent in a recognized field from an accredited program in an acceptable US university need not submit a GMAT/GRE score.
- Applicants holding a master's, PharmD, or JD from an accredited program in an acceptable U.S. institution can make a request to waive GMAT/GRE exam requirement.
- Applicants with a 3.2 or better GPA in undergraduate business degrees from AACSB-accredited business programs or a 3.2 or better GPA in undergraduate engineering degrees from ABET-accredited engineering programs can waive the GMAT/GRE requirement. Applicants with a 3.0 or higher GPA and a minimum of three years of full-time professional work experience can make a request to waive the GMAT/GRE exam requirement.
- The decision to grant the GMAT/GRE waiver rests with the program director and CMIS admissions committee.
- Personal history information

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

## Departmental Admission Process

- Administrative review of your admission packet
- Review by the CMIS Graduate Committee

At minimum, students must have:

- An admission score of at least 1050, where admission score equals 200 times the four-year cumulative undergraduate GPA on a 4.0 scale, plus the GMAT score (or GRE equivalent score)
- A GMAT score of at least 500, with raw scores of at least 20 on the verbal portion and 25 on the quantitative portion, and an analytical writing score of at least 4.0; or GRE revised general test scores of at least 150 on verbal reasoning and 154 on quantitative reasoning, and an analytical writing score of at least 4.0

- Applicants with an undergraduate degree in a business discipline from an AACSB-accredited institution with an overall GPA of 3.5 or better on a 4.0 scale must meet the requirements for admission to the Graduate School, and have the option not to submit GMAT or GRE scores.

Admission decisions will be made by the CMIS Graduate Committee on a rolling basis as applications are received.

Review the SIUE Admission Policy for more information.

### **Program Foundation Courses (Prerequisite Courses)**

Students entering the program will need the background detailed below. The program foundation courses are prerequisite courses that do not count toward completion of the Master of Science in CMIS. The background courses must have been acquired within the past seven (7) years.

### **Proficiency in:**

- Hardware and Systems Software
- One (1) programming language: C ++, Visual Basic Language, COBOL Programming, Java Programming
- Financial Accounting
- Management of Organizations (Org. Behavior)
- Business functional course with an external customer focus

### **Prerequisites required:**

- CMIS 310
- CS 140 or CMIS 142 or CMIS 260 or CMIS 230
- ACCT 200 or ACCT 524
- MKTG 300 or MKTG 525

### **Meets Foundation Need:**

- Information Systems Foundation
- Business Foundation
- Business Foundation: Internal Focus
- Business Foundation: External Focus

# CMIS (MS)

## Program of Study

The program requires 31 semester hours and consists of seven (7) core courses, three (3) elective courses, and a final examination course. Students in the program must maintain a grade point average (GPA) of at least 3.0 on a 4.0 scale in all graduate courses. No credit is allowed toward degree completion for courses in which a grade below C (2.0) is earned. All program foundation courses must be completed with a grade of B (3.0) or better, including transfer credit.

### Computer Management and Information Systems Core (21 hours)

- (3) CMIS 468 Business Telecommunications
- (3) CMIS 526 Information Systems and Technology
- (3) CMIS 528 Strategic Management of Information Technology
- (3) CMIS 540 Project Management Fundamentals and Best Practices
- (3) CMIS 557 Enterprise Resource Planning
- (3) CMIS 564 Database Design
- (3) CMIS 570 Software Systems Design

### Elective Courses (9 hours)

Elective courses enable students to add a specialized focus to their study of information systems. Examples of specialized focuses include, but are not limited to:

- Project Management
- Business Analytics
- Systems Design, Development and Implementation
- Database Administration and Database Programming
- Enterprise-Wide Information Systems (ERP).

A formal project management specialization may be completed by selecting electives that fulfill requirements for the specialization. A formal business analytics specialization may be completed by selecting electives that fulfill requirements for the specialization.

The CMIS program director maintains the current list of approved electives. Students must submit a written request to the CMIS program director for approval to deviate from the approved elective list.

Students not possessing prior work experience within the information systems field will be required to select CMIS 587 Information Systems Internship as one of their electives. This is to ensure that students not possessing prior work experience are afforded the opportunity to practice learned skills in a supervised information technology environment prior to degree completion.

To complete the academic requirements for the MS in CMIS, students must complete the CMIS 587 Practical Experience Requirement and the CMIS 589 Final Exam Requirement.

## CMIS (MS)

### Graduation Requirements

Students must enroll in CMIS 589 Final Examination for one (1) credit. Each graduation candidate must pass this final examination, conducted by the graduate faculty of the department. The final examination will require candidates to demonstrate an appropriate standard of scholarship and to provide evidence of their ability to think critically, to apply knowledge gained through the program, to draw and defend conclusions, and to complete work in a creditable manner. The examination will address topics covered in the Computer Management and Information Systems (CMIS) core courses, and will also examine candidates on knowledge and understanding of topics covered in elective courses that they completed. The final examination may be written or oral, as determined by the faculty.

Review the graduation policy for more information.

CMIS Exit Requirements

# CMIS (MS)

## Specializations

- Business Analytics
  - Business Analytics
  - Project Management

## Business Analytics

Students may choose to pursue a Master of Science in Computer Management and Information Systems (MS in CMIS) degree with a Specialization in Business Analytics. The specialization equips future business leaders with an understanding of the fundamentals of business analytics, exposure to concepts of analytics and information-driven decision making in various functional business domains, and experience in applying concepts of business analytics in a variety of industry-leading software platforms.

The coursework in the specialization balances theoretical concepts with applied exercises, cases, and projects. Students have the opportunity to apply concepts of business analytics to a “real world” project addressing substantive business questions. These experiences enable the student that specializes in business analytics to emerge with a fundamental grounding in the concepts of business analytics, the process of designing and executing appropriate analyses based on the business issues involved, and the delivery of findings to a management audience.

In addition to the MS in CMIS foundation and core requirements (which include CMIS 526 – Information Systems and Technology, and CMIS 564 – Data Design), students choosing the Specialization in Business Analytics must complete twelve (12) credit hours:

- (3) MBA 521 Quantitative Analysis
- (3) CMIS 566 Introduction to Business Intelligence and Analytics
- (3) CMIS 567 Business Analytics Capstone
- and one of the following:
  - (3) CMIS 563 Oracle SQL/PL-SQL
  - (3) CMIS 588 Seminar in Computer Management and Information Systems (with permission from the Graduate Program Director)
  - (3) MKTG 560 Special Topics in Marketing Research (with permission of the Graduate Program Director)
  - (3) MKTG 562 Syndicated Data Analysis
  - (3) MKTG 595 Seminar in Marketing (with permission of the Graduate Program Director)
  - (3) ECON 581 Seminar on Selected Economic Topics (with permission of Graduate Program Director)

# CMIS (MS)

## Specializations

- Project Management
  - Business Analytics
  - Project Management

## Project Management

Students may choose to pursue a Master of Science in Computer Management and Information Systems (MS in CMIS) degree with a Specialization in Project Management. This specialization equips future business leaders with an understanding of the fundamentals of project management and exposure to areas of key interest to project managers, such as project risk, procurement, quality management, and change management. Coursework addresses many of the concepts covered in the project management certification exam that is administered by the Project Management Institute.

The coursework in the specialization balances theoretical concepts with applied exercises and cases. Students have the opportunity to apply project management concepts and processes in a “live” project. These experiences enable the student that specializes in project management to emerge with a much better understanding of the dynamics and challenges associated with projects, as well as effective practices for managing them.

In addition to the MS in CMIS foundation and core requirements (which include CMIS 540 Project Management Fundamentals and Best Practices), students choosing the Specialization in Project Management must complete nine (9) credit hours. Specifically, students must complete the following courses:

- (3) CMIS 535 Project Management Standard Processes
- (1.5) CMIS 536 Procurement Management in Projects
- (1.5) CMIS 537 Project Risk Management
- and one of the following courses:
  - (3) MGMT 551 Managing Organizational Change and Innovation
  - (3) MGMT 553 Seminar in Quality and Performance Management
  - (3) CMIS 548 Program and Project Portfolio Management

### SIUE Project Support Center

The project management headquarters for the School of Business, the Project Support Center provides access to project management templates associated with the *Techniques for Managing Projects* textbook.

### Project Management Institute and PMP Credential

The Project Management Institute (PMI) is the leading professional membership association for the project management profession. Explore the PMI website and learn more about the project management profession and certification.

# College Student Personnel Administration (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's prior to enrollment
- Undergraduate grade point average (GPA) of at least 2.5 or above on a 4.0 scale
- Statement of Purpose: A list of professional experiences and a two-page, double-spaced written statement describing why they would like to enter the program
- International applicants may present a degree that is comparable to the U.S. baccalaureate, granted by an internationally recognized institution of higher learning. International applicants whose native language is not English must submit Test of English as a Foreign Language (TOEFL) scores taken within two (2) years prior to the desired term of admission. The minimum TOEFL scores are 550 (paper), 213 (computer-based), and 79-80 (Internet-based). In lieu of the TOEFL, an applicant may demonstrate a Total Band Score of 6.5 on the International English Language Testing System (IELTS).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

If you are looking for a graduate assistantship, please contact Dr. Pietro Sasso, graduate program coordinator.

Be sure to track your admission status and contact the CSPA program to enroll once you have received your admission letter.

## Application Deadline

The program uses a flexible cohort model, which means that a new cohort of students begins each summer. However, applicants may enroll in fall and spring semesters if space is available. The deadline is approximately one month before classes begin.

# College Student Personnel Administration (MSEd)

## Curriculum

### Required Courses (27 hours)

- (3) EDAD 504-History, Philosophy, and Organization of Higher Education
- (3) EDAD 524-Legal and Ethical Issues in Student Affairs
- (3) EDAD 564-The Community College\*
- (3) EDAD 574-Leadership and Administration in Higher Education
- (3) EPFR 503-Research Methods in Higher Education
- (3) EPFR 506-Assessment and Evaluation in Student Affairs
- (3) EPFR 514-College Student Learning and Development
- (3) EPFR 516-Individual and Group Dynamics
- (3) EPFR 522-Diversity in Higher Education

### Research Project (3 hours)

- (3) EDAD 594-Final Research Project  
The student will select three faculty members to serve as the committee for the research project.

### Practicum (6 hours)

- (6) EDAD 554-Practicum  
All students must complete a maximum of six credits of EDAD 554 Practicum. The practicum involves a minimum of 300 hours of supervised field work in at least two (2) different placements. Exceptions may be made for students who have been employed previously in higher education student affairs for at least six months. Such students may substitute an additional elective in place of their second EDAD 554 practicum.

## Course Descriptions

### History, Philosophy, and Organization of Higher Education

Key developments in the role and function of higher education in the U. S., with emphasis on student affairs practice.

Prerequisite: Admission to program

### Legal and Ethical Issues in Student Affairs

Legal status of students; legal and ethical issues surrounding admissions, financial aid, student records, discipline, and support services.

Prerequisite: Admission to program

### The Community College

Overview of 2-year postsecondary institutions, with emphasis on the evolution and functions of comprehensive community college.

Prerequisite: Admission to program

**Leadership and Administration in Higher Education**

Major leadership theories and their application to higher education, with emphasis on student affairs programs.

Prerequisite: Admission to program

**Research Methods in Higher Education**

Introduction to research methods in higher education, with a focus on conceptual, methodological, and practical issues in quantitative and qualitative research. Research Proposal Assignment.

Prerequisite: Admission to program

**Assessment and Evaluation in Student Affairs**

Introduction to assessment and program evaluation in higher education.

Prerequisite: Admission to program; completion of EPFR 503

**College Student Learning and Development**

Overview of college student development theories, processes and problems, with a focus on application.

Prerequisite: Admission to Program

**Individual and Group Dynamics**

Advisement of college students; the design, implementation, and evaluation of developmentally appropriate strategies for individuals and groups.

Prerequisite: Admission to program

**Diversity in Higher Education**

History of addressing equity and inclusion in higher education; exploration of theories and practices.

Prerequisite: Admission to program

**Practicum**

Field assignment in student affairs offices in higher education settings. Seminar discussions of work experience.

Prerequisite: Admission to program

**Final Research Project**

Research culminating in final project on student affairs topic. Written report and oral defense.

Prerequisite: Completion of all other coursework in program; passing comprehensive exam

# College Student Personnel Administration (MSEd)

## Graduation Requirements

- Passing a written comprehensive exam
- Completion of a three-hour course culminating in a final research project that is successfully defended before a three-person faculty committee.

Review the graduation policy for more information.

# Computer Science (MS)

## Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all academic transcripts
3. A bachelor's degree from an accredited college or university. An undergraduate major in science, engineering, mathematics, or computing is desirable, but individuals with other backgrounds who are interested in the program are invited to discuss their career objectives with the program director.
4. An undergraduate grade point average (GPA) of 2.75 or above on a 4.0 scale.
5. Graduate Record Examination (GRE) general test scores taken within five (5) years from the term for which admission is sought. An applicant should have a minimum of 150 in the Quantitative section. Under some circumstances, this requirement may be waived in lieu of extensive work experience in the computer science field. To apply for a GRE waiver, an applicant should submit letters of recommendation and evidence of work experience in the field. Completion of prerequisite and required courses with grades of B or better within two (2) years prior to the term for which admission is sought may also be considered in place of the GRE scores as supporting eligibility to enter the program.
6. An international applicant whose native language is not English is required to demonstrate adequate proficiency in English. Applicants should have scored at least 550 on the Test of English as a Foreign Language (TOEFL) paper exam with a minimum of 50th percentile in all three (3) sections, or at least 217 on the TOEFL computer exam. TOEFL scores older than two (2) years from the term for which admission is sought are not valid.
7. Submission of a statement of purpose detailing the applicant's background and career plans

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

### Prerequisite Courses

Students entering the program will need the specific background detailed below. Normally, a grade of B or above is required in each of the prerequisite courses. For those students who do not have all of the necessary background, some of the prerequisite courses may be completed after enrolling in the program. Students who have completed these courses but received their undergraduate degree from a non-ABET-accredited program will be required to take CS 501. Please note that none of the prerequisite courses actually count toward the Master of Science in computer science.

Proficiency in CS Courses:

- CS 140, CS 150, and CS 240 C++ Language
- CS 340 Algorithms and Data Structures
- CS 312 Computer Organization
- CS 314 Operating Systems

**Math Courses:**

- MATH 150 Calculus I
- MATH 224 Discrete Mathematics
- Two additional math courses selected from:
  - MATH 152 Calculus II
  - MATH 321 Linear Algebra
  - STAT 244 Statistics
  - MATH 423 Combinatorics and Graph Theory
  - Other approved courses

# Computer Science (MS)

## Curriculum

The program requires 34 semester hours and consists of four (4) core courses and completion of either a thesis option, a Master of Science (MS) project, or passing of the final exam.

The thesis option requires six (6) elective courses with six (6) semester hours of thesis. The MS project option requires seven (7) elective courses and three (3) semester hours of MS project. The final exam option requires eight (8) elective courses and successfully passing the final exam. At least 19 of the 34 hours must be 500-level courses or above. For the purposes of assessment, students are also expected to complete two anonymous graduation surveys at the conclusion of their graduate program here.

Students in the program must maintain a grade point average (GPA) of at least 3.0 on a 4.0 scale in all graduate courses. Any course in which a grade below C has been earned will not count toward the graduate degree.

### Core Courses (10 hours)

- (3) CS 456 Advanced Algorithms
- (1) CS 500 Graduate Seminar in Computer Science
- (3) CS 514 Operating Systems
- (3) CS 516 Computer Architecture

### Total Hours (by option)

- 24 hours are required for the final exam option
- 21 hours with three (3) hours of CS 596 are required for the MS project option
- 18 hours with six (6) hours of CS 599 are required for the thesis option

Up to six (6) hours of courses not listed below may be taken for graduate credit with the approval of the computer science Program Director.

### Elective Courses

- (3) CS 423 Compiler Construction
- (3) CS 434 Database Management Systems
- (3) CS 438 Artificial Intelligence
- (3) CS 447 Networks and Data Communications
- (3) CS 454 Theory of Computation
- (3) CS 482 Computer Graphics
- (3) CS 525 Principles of Simulation
- (3) CS 530 Software and Systems Management
- (3) CS 535 Software Engineering
- (3) CS 547 Network Programming
- (3) CS 550 Object Oriented Design and Programming
- (3) CS 582 Advanced Computer Graphics
- (3) CS 583 Topics in Programming Languages
- (3) CS 584 Topics in Artificial Intelligence

- (3) CS 587 Topics in Computer Networking
- (3) CS 590 Topics in Computer Science
- (3) CS 595 Independent Study
- (3) CS 596 MS Project
- (6) CS 599 MS Thesis

A student may take two (2) elective courses (see list below) from outside the CS department. He or she can take an additional outside elective if the course is considered part of the concentration, as approved by the graduate program director.

- (3) ECE 438 Computer Vision
- (3) ECE 439 Digital Image Processing
- (3) ECE 577 Advanced Network Engineering
- (3) ECE 592 Topics in Electrical Engineering
- (3) CMIS 540 Management of Information Systems Development
- (3) CMIS 565 Oracle Database Administration

# **Computer Science (MS)**

## **Combined Program**

### **Early Entry BS and MS in Computer Science**

The Department of Computer Science offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program. Undergraduates with senior-level status (at least 90 semester hours) and an overall grade point average (GPA) of at least 3.0 on a 4.0 scale may be admitted to the BS/MS program. They may then take 35 semester hours of graduate-level courses (400- and 500-level) during their combined senior and graduate years. An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Committee in Computer Science following the procedures described under "Admission." A program outline must also be submitted for approval by Graduate Records and the director of the graduate program in computer science prior to enrollment in any courses in order to be included as a part of the master's program. Official admission to the program and status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Computer Science (MS)

## Graduation Requirements

### Thesis Option

The thesis will normally be completed during the last semester or two in the program, but selection of the advisory committee and the approval of thesis proposal must be completed before the final semester. The final examination will include an oral presentation of the thesis and an oral examination on the thesis conducted by the advisory committee.

### Non-thesis Option

Students must complete one of the following two options:

- Final Exam: This is a non-credit exam, given once each semester (fall and spring), for students who have completed at least 21 hours of graduate credit. Refer to the Final Exam Guideline for additional information.
- Master of Science (MS) Project (CS 596): This is a three (3) credit-hour elective course whose oral exam will serve as the MS exit exam. Please refer to the MS project document for additional information.

Review the graduation policy for more information.

# Creative Writing (MFA)

## Admission Requirements

- Graduate School application, and \$40 fee
- Submission of all academic transcripts
- Applicants must have completed a baccalaureate degree with a minimum cumulative GPA of 3.0
  - Applicants with a GPA between 2.5 and 3.0 may be considered if all of the following conditions are met:
    - The baccalaureate degree was earned more than 4 years prior to the application submission
    - The applicant provides a written explanation of their performance in the baccalaureate degree
    - The applicant provides a written explanation of why they will be successful in the MFA program
- Applicants with previous graduate-level work must have a minimum cumulative GPA of 3.0 in the graduate-level work
  - Applicants with a previous graduate-level GPA less than 3.0 may be considered if all the following conditions are met:
    - The graduate-level work was completed more than 4 years prior to the application submission
    - The applicant provides a written explanation of their performance in the graduate-level work
    - The applicant provides a written explanation of why they will be successful in the MFA program
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent. International applicants are expected to have completed the foreign equivalent of the American baccalaureate degree from an internationally recognized institution of higher learning and meet all other requirements for admissions. Applicants with three-year degrees from Bologna member institutions will be considered for admission. Using current best practices, the Office of Admissions and the Graduate School will evaluate other three-year degrees to determine equivalence to a four-year U.S. baccalaureate. Any noted deficiencies or prerequisites would need to be completed prior to acceptance.
- Three (3) letters of recommendation with waiver forms
- A one-page Statement of Purpose that addresses not just the applicant's commitment to writing, but also the applicant's interest in an experiential, service-learning pedagogy central to the Writer in the World sequence
- Either 2-3 stories (maximum 30 pages) or 15 pages worth of poetry

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Admission Deadlines

All admitted applicants will begin course of study in the fall semester of a given year.

# Creative Writing (MFA)

## Curriculum

The MFA in Creative Writing is a terminal degree designed for the student interested in pursuing the art of writing fiction or poetry. Students pursuing this degree will not just develop their skills as writers - they will be better prepared to teach creative writing, pursue other professional writing opportunities, conduct further research into matters of creative writing pedagogy, and publish their own creative works. The Writer in the World sequence will better prepare students for meaningful employment in or outside of academia, and help students sustain a rich writing life beyond graduation.

Completion of the program requires at least 42 hours. However, students may enroll in an optional second unit of thesis hours for a total of 45 hours. Students are required to complete the following primary courses:

- Workshop (12 hours): ENG 593 poetry workshop (taken 4 times), or ENG 592 Fiction workshop (taken 4 times)
- ENG 530 and ENG 531 (6 hours): The Writer in the World sequence, which must be completed in consecutive semesters during the second year of study
- Required Literature (12 hours): Students are required to complete four (4) graduate-level literature courses in consultation with their advisor. At least one (1) of these must be in the contemporary period.
- Electives (9 hours): Electives may be any graduate-level course offering, an additional unit of thesis hours, or a workshop in the student's minor genre (592 or 593)
- Required Thesis (3-6 hours): ENG 599

Note: ENG 554 Contemporary Pedagogy is required of all new teaching Graduate Assistants and may not be counted as an elective.

Students will plan their course of study in close consultation with their advisor; in general students should take at least half of their literature and elective courses at the 500-level.

### Courses

<b>Year</b>	<b>Fall Semester</b>	<b>Spring Semester</b>
Year One	Workshop (3 credit hours)	Workshop (3 credit hours)
	Literature Class (3 credit hours)	Literature Class (3 credit hours)
	Elective (3 credit hours)	Elective (3 credit hours)
	9 credit hours total	9 credit hours total
Year Two	Workshop (3 credit hours)	Workshop (3 credit hours)
	ENG 530- Writer in World (3 credit hours)	ENG 531-Practicum (3 credit hours)
	6 credit hours total	6 credit hours total
Year Three	Elective (3 credit hours)	Elective (3 credit hours)
	Literature Class (3 credit hours)	Thesis (3 credit hours)
	6 credit hours total	6 credit hours total
		42 credit hours degree total

# Creative Writing (MFA)

## Graduation Requirements

To successfully complete the MFA in Creative Writing at SIUE, students will complete 42-45 credit hours as detailed in the curriculum. They will successfully complete the "Writer in the World" practicum sequence. All students will complete a book-length manuscript and a lengthy artist's statement, detailing the ways in which their coursework and independent reading and study done throughout the program has influenced the writing of the thesis. Students will orally defend the thesis before a committee of at least three faculty members.

Review the graduation policy for more information.

# Criminal Justice Policy (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Two letters of recommendation (can both be from undergraduate faculty or one can be from a current employer)
- Statement of purpose
- GRE score (optional)

Applications are reviewed by an Admissions Committee composed of graduate faculty in criminal justice studies. Admission is competitive and the committee will evaluate each applicant based on the above criteria and GPA in prior coursework in criminal justice or criminology. The statement of purpose should describe the student's reasons for applying and expectations upon graduation as well as any current or prior employment in criminal justice.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Criminal Justice Policy (MS)

## Curriculum

The two-year program offers six consecutive semesters of classes. The one-year program offers four consecutive semesters of classes. Students receiving Prior Learning Assessment credit will reduce the program by one summer semester. Each cohort would begin in the fall semester. Students are required to take 15 credits of required core credits, 15 credits of electives, and 6 thesis or capstone credit hours, for a total of 36 hours. All 500-level courses are eight weeks in duration. All 400-level elective courses are 16 weeks in duration and may be offered online or in a physical classroom. Elective courses rotate. Contact the Graduate Program Director to determine elective availability.

See the graduate course descriptions for details.

### Required Core Courses

- CJ 502 Applied Research in Criminal Justice
- CJ 505 Criminological Theory
- CJ 513 Criminal Justice Statistics
- CJ 515 Criminal Justice Planning and Budgeting
- CJ 517 Policy Analysis
- CJ 598 Capstone I and II OR CJ 599 Thesis I and II

### Elective Courses

- CJ 508 Disparate Treatment in the Criminal Justice System
- CJ 527 Cybercrime
- CJ 528 Civil Liability
- CJ 529 Human Trafficking
- CJ 535 Seminar in Juvenile Justice
- CJ 540 Seminar in Correctional Theory and Practice
- CJ 590 Special Topics
- CJ 596 Readings in Criminal Justice Policy

### Elective Senior Level Courses for Graduate Credit

- CJ 408 Critical Issues in Law Enforcement
- CJ 410 Judicial Process in Criminal Cases
- CJ 420 United States Drug Policy
- CJ 464 Criminal Justice and the Mental Health System
- CJ 465 Theories of a Just Society

---

## Two-Year Track

(2nd 8 weeks) CJ 517 Policy Analysis

(2nd 8 weeks) CJ Elective

## **Year 1 Summer Semester**

CJ Elective

# Criminal Justice Policy (MS)

## Graduation Requirements

The six-hour capstone project or thesis project culminates in one of the following two exit alternatives:

1. The capstone project option is geared towards the working professional. The student would propose a policy, procedure, or program development that would benefit his/her home agency, while incorporating the knowledge learned in the Online Master's program. This proposal would need to be approved by a committee composed of three faculty members. Once the capstone project is completed, the student would record and upload a presentation to Blackboard collaborate or similar software in use at the time, and then the presentation would be placed on a streaming server. The committee of three faculty members would then be able to view the presentation in the capstone course shell via the link housed on the streaming server.
2. The thesis project option is envisioned to be a traditional research paper. The topic of the thesis would be approved by a committee of three faculty members. The final thesis would be uploaded and defended to the committee of three faculty members online via Skype or other appropriate technology. The thesis would be uploaded to ProQuest and have formatting approved by the Graduate School.

Review the graduation policy for more information.

# Curriculum and Instruction (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum grade point average (GPA) of 3.0 or higher on a 4.0 scale for the last two (2) years of the bachelor's degree program
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Curriculum and Instruction (MSEd)

## Curriculum

Candidates for the Master of Science in education with a major in curriculum and instruction will complete a 36-semester hour program of study, including an option in one of 12 teaching fields planned in consultation with an advisor. Some programs of study may include more than 36 hours to satisfy content area prerequisites.

The program consists of the following components:

### Professional Core (15 hours)

- (3) CI 563 Curriculum Models or (3) CI 537 Early Childhood Curriculum
- (3) CI 510 Analysis of Instruction
- (3) EPFR 515 Issues in learning Theory
- (3) EPFR 520 Analysis of Educational issues: Philosophical-Historical Foundations OR (3) EPFR 521 Analysis of Educational Issues: Socio-Cultural Foundations
- (3) CI 548 Study of Classroom Instruction or (3) EPFR 501 Research Methods

### Teaching Options (15 hours)

- (15) Advanced Pedagogy
- (15) STEM Education
- (15) Adult Education
- (15) Secondary Education/Art
- (15) Secondary Education/Biology
- (15) Secondary Education/Chemistry
- (15) Secondary Education/Earth and Space Sciences
- (15) Secondary Education/English/Language Arts
- (15) Secondary Education/Foreign Languages
- (15) Secondary Education/History
- (15) Secondary Education/Mathematics
- (15) Secondary Education/Physics

**Notes:** These hours are determined in consultation with a curriculum and instruction advisor and a content faculty advisor, when appropriate.

### Final Project (6 hours)

- (6) CI 596a-m Field Study in Curriculum and Instruction or (6) CI 599 Thesis

**Notes:** These hours are determined in consultation with the teaching-field advisor. The student must complete at least 42 semester hours in the teaching field (graduate and undergraduate course work combined) in order to be eligible for the degree. Some programs of study will include more than 36 hours in order to satisfy this requirement.

## Retention

Maintain a grade point average (GPA) of 3.0 or higher on a 4.0 scale.

*The above content is concurrent with the 2018-2019 graduate catalog. Courses and information are subject to change throughout the year.*

# Curriculum and Instruction (MSEd)

## Graduation Requirements

All candidates must complete a final project. In consultation with an adviser, candidates will complete one (1) of the following: action research project or thesis. Candidates must complete all of the program assessments at a satisfactory level.

Review the graduation policy for more information.

## Specialized Learning Opportunities

- Adult Continuing Education
  - Adult Continuing Education
  - Advanced Pedagogy
  - Secondary Education - Art
  - Secondary Education - Biology
  - Secondary Education - Chemistry
  - Secondary Education - Earth and Space Sciences
  - Secondary Education - English Language Arts
  - Secondary Education - Foreign Languages
  - Secondary Education - History
  - Secondary Education - Mathematics
  - Secondary Education - Physics
  - STEM Education

## Adult Continuing Education

The adult and continuing education master's program option is a series of online courses for people who work in a wide range of professions, from higher education settings to non-profit and public institutions. These individuals interact with adult learners in academic, advising and technical education. Examples include:

- Community college employees and instructors for GED programs
- Businesspeople who work in human resources
- Anyone leading community outreach and partnerships for museums, historic sites, libraries or civic organizations
- Individuals working with adults in social work or health care

The program is designed to integrate the adult leader's past and future work experience, including career and technical education. The courses explore how adults learn and what tools can be used to enhance adult education.

The fully-online program curriculum is application-based and supports rich communication through its online discussion boards to serve the needs of its students. The course sequence has some flexibility—core courses are not required to be taken in sequence. Faculty work with students to help them meet their career needs.

Example core and elective courses:

- ADED 523 Curriculum and Instruction in Adult Education
- ADED 522 Program Planning in Adult Education
- IT 486 Web Design for Instruction
- CI 568 701: Motivation and Skill Building for Adult Learners

A K-12 teaching licensure is NOT required for the online adult and continuing education master's program option.

Students may enroll in one course or choose a master's degree option. Prior learning credit may be available.

## Secondary Education – Art

The Department of Art and Design, in cooperation with the Department of Curriculum and Instruction, offers an art education teaching field as part of the Master of Science in Education (MSEd) degree in Curriculum and Instruction. A jointly advised program ordinarily including at least 15 hours in art will be designed, taking into account each student's background and interests. Throughout the program, the student must consult with the art graduate adviser before registering for any courses in art. Upon completion of the program, the student must have accumulated at least 42 semester hours in art (graduate and undergraduate work combined). Thus, students admitted to the program with less than 27 hours of acceptable undergraduate work will be required to complete more than 15 graduate hours in art in order to satisfy degree requirements. Students must achieve a grade point average (GPA) of at least 3.0 on a 4.0 scale in the art teaching field, as well as an overall GPA of at least 3.0 on a 4.0 scale. For further information, see Curriculum and Instruction.

## Secondary Education – Biology

The Department of Biological Sciences, in cooperation with the Department of Curriculum and Instruction, offers a biology teaching field as part of the Master of Science in Education (MSEd) degree in Curriculum and Instruction. A jointly advised program ordinarily including 15 hours in biology will be designed, taking into account each student's background and interests. Throughout the program, students must be advised by a member of the biology faculty before registering for any biology courses to be applied toward this degree. Upon completion of the program, students must have accumulated at least 42 semester hours in biology (graduate and undergraduate work combined). Thus, students admitted to the program with less than 27 hours of acceptable undergraduate work will be required to complete more than 15 graduate hours in biology in order to satisfy degree requirements. Students must achieve a grade point average (GPA) of at least 3.0 on a 4.0 scale in the biology teaching field, as well as an overall GPA of at least 3.0 on a 4.0 scale. For further information, see Curriculum and Instruction.

## Secondary Education – Chemistry

The Department of Chemistry, in cooperation with the Department of Curriculum and Instruction, offers a chemistry teaching field as part of the Master of Science in Education (MSEd) degree in Curriculum and Instruction. A jointly advised program ordinarily including 15 hours in chemistry will be designed, taking into account each student's background and interests. Throughout the program, students must consult the graduate program adviser before registering for any chemistry courses. Upon completion of the program, students must have accumulated at least 42 semester hours in chemistry (graduate and undergraduate course work combined). Thus, students admitted to the program with less than 27 hours of acceptable undergraduate work will be required to complete more than 15 graduate hours in chemistry in order to satisfy degree requirements. A student must achieve a grade point average (GPA) of at least 3.2 on a 4.0 scale in chemistry coursework, as well as an average GPA of at least 3.2 on a 4.0 scale in all coursework. For further information, see Curriculum and Instruction.

## Secondary Education – English Language Arts

The Department of English Language and Literature, in cooperation with the Department of Curriculum and Instruction, offers an English specialization as part of the Master of Science in Education (MSEd) degree in Curriculum and Instruction. A jointly advised program ordinarily including 15 hours in English will be designed, taking into account each prospective student's background and interests.

Throughout the program, the student must consult with the program adviser in the Department of English Language and Literature before registering for any English courses. Upon completion of the program, students must have accumulated at least 42 semester hours in English (graduate and undergraduate work combined). Thus, students admitted to the program with less than 27 hours of acceptable undergraduate work will be required to complete more than 15 graduate hours in English in order to satisfy degree requirements. Students must achieve a grade point average (GPA) of at least 3.0 on a 4.0 scale in coursework in the English/language arts teaching field, as well as an overall GPA of at least 3.0 on a 4.0 scale. For further information, see Curriculum and Instruction.

## STEM Education

15 hours: These hours are determined in consultation with a Science, Technology, Engineering and Mathematics (STEM) faculty adviser. These courses will be selected to enhance students' STEM content or STEM pedagogical skills based on the student's individual learning goals and teaching assignment.

# Diversity and Equity in Education (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Grade point average of 3.0 or above (A=4.0) during their last two years of undergraduate work. (The undergraduate GPA requirement may be waived for students who have received in more recent graduate course work a GPA that demonstrates potential for success.)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A list of professional experiences
- A written statement of purpose
- An interview may also be requested. Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## How to Apply

This program is open to enrollment at any time during the school year. Interested individuals are encouraged to look at the “How to Apply” information on our website at [siue.edu/lcs](http://siue.edu/lcs) or to contact the program director, Dr. Tianlong Yu at [tyu@siue.edu](mailto:tyu@siue.edu), or graduate recruiter, Angie White at [angewhi@siue.edu](mailto:angewhi@siue.edu).

# Diversity and Equity in Education (MSEd)

## Program of Study

Thirty (30) semester hours of graduate credit are required for a Master of Science in education with a major in diversity and equity in education.

## Required Foundational Courses

- EPFR 502 Qualitative Inquiry in Education
- EPFR 515 Issues in Learning Theory
- EPFR 520 Analysis of Educational Issues: Philosophic-historic Perspectives
- EPFR 521 Analysis of Educational Issues: Socio-cultural Perspectives

## Education Focus Electives

(Choose two for a total of six hours. Note that instead of education focused electives, students in the diversity training area of emphasis will take two courses from the cultural diversity list instead.)

- EPFR 451 Gender and Education
- EPFR 563 Special Topics in Foundations of Education
- CI 563 Curriculum Models
- ENG 470 Methods and Materials for K-12 ESL Teaching
- ENG 472 Assessment and Testing in ESL
- ENG 570 Teaching African-American Oral and Written Literature
- ENG 578 Women, Language and Pedagogy
- ENG 581 Topics in Teaching English (when appropriate, must be approved by advisor)

## Area of Emphasis

Choose one of the following: Cultural Diversity, Diversity Training, English as a Second Language, or Gender and Education.

## Final Project

The final project may be either an action research project (Boyer's "scholarship of application") or a traditional research project (Boyer's "scholarship of discovery") (Boyer, 1990, pp. 16-23). An action research project is a scholarly research study that involves working on a problem with practical applications for the student's classroom, school, district, or community. A traditional research project is an original research project that does not necessarily involve practical applications for the student.

Within the first semester of study, the student must select a graduate faculty member as project chairperson for the project committee. The chairperson will advise the student on course work and research. Within the first year of study, the student must select two additional graduate faculty

members to complete their project committee. The committee should consist of faculty with expertise or interests that are appropriate to the student's academic background, goals, and interests. The committee chair and one of the other committee members must be from the Department of Educational Leadership. The third committee member may be from outside the department and from outside the SEHQB. The committee and the student will develop a research project outline and will determine before the work begins whether the project will be "scholarship of application" or "scholarship of discovery." The project is then approved for initiation and supervised by the committee chairperson.

# Diversity and Equity in Education (MSEd)

## Areas of Emphasis

- Cultural Diversity
  - Cultural Diversity
  - Diversity Training
  - English as a Second Language
  - Gender and Education

## Cultural Diversity

9 credit hours (select 3 courses)

ACS 511 (Seminar in Intercultural Communication)

ACS 509 (Special Topics in Communication Theory and Research) (when appropriate, must be approved by adviser)

ENG 526 (Studies in African-American Texts)

ENG 570 (Teaching African-American Oral and Written Literature)

ENG 416 (Language and Society)

ENG 474 (Bilingualism and Bilingual Education)

ENG 477 (Morrison)

ENG 478 (Studies in Women, Language and Literature)

ENG 578 (Women, Language, and Pedagogy)

ENG 581 (Topics in Teaching English) when appropriate, must be approved by adviser

EPFR 451 (Gender and Education)

GEOG 401 (Geography of Development)

GEOG 405 (Geography of Food)

GEOG 406 (Political Geography)

GEOG 500 (Seminar in Cultural Geography)

# **Diversity and Equity in Education (MSEd)**

## **Graduation Requirements**

Candidates must submit a project proposal for approval by a project committee, carry out the proposed project, submit a written report, and complete an oral defense of their project.

Review the graduation policy for more information.

# Educational Administration - Principal (MSEd, EdS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Master of Science in Education or its equivalent; a grade point average of 3.25 (A=4.0) or higher in graduate study
- International Applicants: Proof of English proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- All applicants must show they have at least two years of teaching experience.
- Applicants must hold, or have held a pre-K-12 teaching position for four years to qualify for licensure.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Candidate Requirements

Students meeting the admission requirements will be given provisional admission allowing them to enroll in EDAD 500: Organization and Administration of schools. During EDAD 500, students complete the candidate selection process. This process includes: completion of a leadership portfolio summarizing leadership experience and potential for instructional leadership; identification of a qualified mentor for internship experiences; participation in a selection interview; and an assessment of written communication skills based on a response to a case study. Upon successful completion of EDAD 500 and selection as a candidate, candidates receive full admittance to the program.

# Educational Administration - Principal (MSEd, EdS)

## Specialist Degree - Principal

### Required Courses (33 hours)

#### Lecture Courses

EDAD 500-Introduction to School Leadership

EDAD 520-School Law

EDAD 525a-Instructional Leadership & Supervision:Theory and Research

EDAD 530a-Data Driven School Improvement and Accountability: Theory and Research

EDAD 535a-Curriculum Leadership: Theory and Research

EDAD 545a-The Principalship: Theory and Research

#### Field-Based Internship Courses

EDAD 525b-Instructional Leadership & Supervision: Field Experience

# Educational Administration - Principal (MSEd, EdS)

## Principal Endorsement

The Endorsement option is available to students who already have a Master's degree. This option leads to the Principal Endorsement on an Illinois Professional Educator License. Previous coursework may be counted towards endorsement on a case by case basis.

## Admission

Students seeking an endorsement will apply as an Unclassified Graduate Student.

1. Complete the Unclassified Graduate School application.
2. When asked the reason for applying as an Unclassified student, indicate "Professional Endorsement." Then Select "School of Education, Health & Human Behavior" as your area of interest. List "Principal Endorsement" for additional details.
3. Pay the \$40 fee.
4. Upload all academic transcripts.
5. Submit a resume and list of licenses and endorsements to Jennifer Werner [jenwern@siue.edu](mailto:jenwern@siue.edu).

## Program of Study

Lecture Courses:

- EDAD 500 (3) – Introduction to School Leadership
- EDAD 520 (3) – School Law
- EDAD 525a (3) – Instructional Leadership & Supervision: Theory and Research
- EDAD 530a (3) – Data Driven School Improvement and Accountability: Theory and Research
- EDAD 535a (3) – Curriculum Leadership: Theory and Research
- EDAD 545a (3) – The Principalship: Theory and Research

Field-Based Internship Courses:

- EDAD 525b (3) – Instructional Leadership & Supervision: Field Experience
- EDAD 530b (3) – Data Driven School Improvement and Accountability: Field Experience
- EDAD 535b (3) – Curriculum Leadership: Field Experience
- EDAD 545b (3) – The Principalship: Field Experience

## Completion Requirements

Upon admission, students must meet with an advisor to be enrolled in EDAD 500. During EDAD 500, students complete the candidate selection process. This process includes: completion of a leadership portfolio summarizing leadership experience and potential for instructional leadership; identification of a qualified mentor for internship experiences; participation in a selection interview; and an assessment of written communication skills based on a response to a case study. Upon successful

completion of EDAD 500 and selection as a candidate, candidates will be allowed to enroll in the remaining courses for the endorsement.

# **Educational Administration - Principal (MSEd, EdS)**

## **Graduation Requirements**

All candidates must complete a four course field-based internship which is aligned with the National Council for Accreditation of Teacher Education standards, the Interstate School Leaders Licensure Consortium standards, the 36 critical success factors outlined in the Southern Research Education Board's "The Principal Internship: How Can We Get It Right?", the Educational Leadership Constituents Council standards, and the Illinois State Board of Education General Administration Endorsement standards.

The internship is supervised and evaluated by an administrator in the field and a faculty member of Educational Leadership of Southern Illinois University Edwardsville.

All specialist degree candidates are required to complete a Field Study/Research project that is presented to a faculty committee. Specialist degree candidates must have a minimum 3.25 GPA.

All master's candidates must complete a program portfolio.

Review the graduation policy for more information.

# Educational Administration - Superintendent (EdS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- A master of science in education or its equivalent with a grade point average of 3.25(A=4.0) or higher in graduate study.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Applicants for the superintendent's program must show they have at least two years full time administrative or supervisory experience on the following Illinois Credential: General Administrative; Principal; Director of Special Education; or Chief Business Official.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Candidate Requirements

Students meeting the admission requirements will be given provisional admission allowing them to enroll in courses. During the first semester enrolled, students complete the candidate selection process. This process includes: completion of a leadership portfolio summarizing leadership experience and potential for instructional leadership; identification of a qualified mentor for internship experiences; participation in a selection interview; and an assessment of written communication skills based on a response to a case study. Upon selection as a candidate, candidates receive full admittance to the program.

# Educational Administration - Superintendent (EdS)

## Superintendent

### Curriculum (33 hours)

EDAD 555 (3)-Superintendency, District Administration and Governance

EDAD 563 (3)-School and Community Relations

EDAD 565 (3)-School Personnel Administration

EDAD 570 (3)-Leadership Theory and Practice

EDAD 580 (3)-District Program Development

EDAD 585 (3)-School District Business Administration

EDAD 591 (12)-Internship Practicum/Superintendent Internship (Three consecutive semesters totaling one full year)

EDAD 595 (3)-Field Study (from 3-6 hours)

# Educational Administration - Superintendent (EdS)

## Superintendent Endorsement

The Endorsement option is available to students who already have a specialist degree. This option leads to the Superintendent Endorsement on an Illinois Professional Educator License. Previous coursework may be counted towards the Superintendent Endorsement on a case by case basis.

# **Educational Administration - Superintendent (EdS)**

## **Graduation Requirements**

All candidates must complete a four course field-based internship experience that spans an entire calendar year. The internship is supervised and evaluated by an administrator in the field and a faculty member of Educational Leadership of Southern Illinois University Edwardsville.

Candidates must complete a field study/research project that is presented to a faculty committee and have a minimum 3.25 GPA.

Review the graduation policy for more information.

# Educational Administration - Teacher Leader (MSEd, EdS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- A Master of Science in Education degree or its equivalent with a grade point average of 3.25 (A=4.0) or higher in graduate study.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Applicants must show that they have at least one year teaching experience.
- Applicants must complete an admissions portfolio and a personal interview (or comparable out of state equivalent).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Candidate Requirements

Students meeting the admission requirements will be given provisional admission allowing them to enroll in EDAD 500: Organization and Administration of schools. During EDAD 500, students complete the candidate selection process. This process includes: completion of a leadership portfolio summarizing leadership experience and potential for instructional leadership; identification of a qualified mentor for internship experiences; participation in a selection interview; and an assessment of written communication skills based on a response to a case study. Upon successful completion of EDAD 500 and selection as a candidate, candidates receive full admittance to the program.

## **Graduation Requirements**

All candidates must complete a field-based practicum supervised and evaluated by an administrator or teacher leader in the field and a faculty member of Educational Leadership of Southern Illinois University Edwardsville.

The internship is supervised and evaluated by an administrator in the field and a faculty member of Educational Leadership of SIUE.

All candidates are required to complete a Field Study/Research project that is presented to a faculty committee and have a minimum 3.25 GPA.

Review the graduation policy for more information.

# Electrical Engineering (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Undergraduate grade point average of at least 2.75 (A=4.0) in engineering, mathematics, and physical science courses.
- International Applicants
  - It is highly recommended that GRE scores are submitted.
  - Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants should normally have a baccalaureate degree in electrical engineering from an ABET-accredited program. Applicants whose undergraduate studies were completed at institutions in countries other than the United States must have a baccalaureate degree in electrical engineering comparable to the United States bachelor's degree.

Applicants with degrees other than a baccalaureate degree in electrical engineering will be considered on an individual basis. Those with baccalaureate degrees in science and engineering, other than electrical engineering, may be admitted, subject to completion of appropriate undergraduate electrical engineering courses.

In exceptional cases, the graduate admissions committee may consider applicants who meet all Graduate School admission standards but who do not meet certain specified program admission requirements. The committee may consider other evidence that indicates high promise of the applicant's success in the program. Such supportive evidence may include extensive professional experience, published research, patents, or outstanding graduate-level work at another institution.

After admission and before enrolling in any courses, students are required to meet with the graduate program director who appoints, in consultation with the student, an advisory committee suited to each student's background and interests. The chair of the advisory committee serves as the student's academic adviser. Students are urged to file an approved plan of study with their academic adviser by the end of the first term of enrollment in the program.

Review the SIUE Admissions Policy for more information.

# Electrical Engineering (MS)

## Curriculum

The program of study requires a minimum of 33 semester hours of graduate credit, at least 18 of which must be at the 500-level. Program core requirement specifies a minimum of one course from the following list:

- ECE 532, 539, 552, 562, 572, or 574

Up to six hours may be taken in out of department courses. The out of department courses must be approved by the advisor or be on the pre-approved list.

The out of department courses are typically from the School of Engineering or are math or physics courses.

Thesis and non-thesis options of study are available.

## Thesis option

The program consists of the core courses, elective courses, and thesis work in the amount of six credit hours. The student will be guided by the advisor with the assistance and concurrence of the advisory committee. Thesis work involves an intensive research effort and generally requires two semesters to complete.

## Non-thesis option

The program consists of the core courses, elective courses, and may include a research project. The research project is a component of any 500-level course approved by the advisory committee. The student will be guided by the advisor with the assistance and concurrence of the advisory committee.

# **Electrical Engineering (MS)**

## **Combined Program**

### **Early Entry BS and MS in Electrical Engineering**

The Department of Electrical Engineering offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program. Students with senior level status (at least 90 semester hours) and a grade point average of 3.0 (A=4.0) overall may be admitted to the BS/MS program that allows them to earn 33 hours of graduate level credit (400- and 500-level) during their combined fourth and fifth years. An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Committee in Electrical Engineering. A program outline must also be submitted for approval by the Graduate Dean and director of the graduate program in electrical engineering prior to enrollment in any courses to be included as part of the master's program. Official admission to the graduate program and to status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Electrical Engineering (MS)

## Graduation Requirements

When all other program requirements are satisfied, the advisory committee will schedule an exit oral presentation or examination. The format of the presentation or examination will be determined by the student's advisory committee.

Review the graduation policy for more information.

# English Language and Literature (MA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation.
- A one-page statement of purpose
- A recent sample of the applicant's writing, at least ten pages in length. The admissions committee prefers to read papers which engage in literary analysis, but will accept any paper which demonstrates the ability to conduct scholarly investigation.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

For applicants to the literature specialization, there is a requirement of one year of college-level course work (or its equivalent) in the same modern or classical foreign language, with at least a C average. These requirements may be satisfied during the course of the student's graduate studies.

Review the SIUE Admissions Policy for more information.

# English Language and Literature (MA)

## Post-Baccalaureate Certificate

### ADMISSION

In addition to fulfilling the general requirements of the Graduate School, applicants must submit the same supporting materials required for application to the MA specializations (a one-page statement of purpose, a writing sample, and three letters of reference accompanied by waiver forms). The Graduate Adviser may require specific undergraduate course work from students who have not majored in English. Students who begin the Post-Baccalaureate Certificate program and then wish to enroll in the master's program must meet all requirements for admission to the MA degree program, including foreign language requirements.

### LITERATURE

The literature certificate is designed for students seeking graduate work in literature and research but not wishing to commit to a two-year MA program. The certificate program offers substantive study in a relatively brief time and is intended for students teaching or planning to teach on the community college, high school, and middle school levels.

### PROGRAM OF STUDY

Eighteen (18) hours of coursework (six(6) courses) are required for completion of the program, of which at least nine (9) hours (three (3) courses) must be at the 500 level.

1. Students must complete ENG 501: Modern Literary Studies, preferably in their first semester.
2. Students may distribute the remaining five (5) courses among the following (providing that at least two (2) of these are at the 500 level):

ENG 403 History of the English Language

ENG 404 Chaucer

ENG 406 Old English Language

ENG 412 Digital Literacies

ENG 421 Topics in Film Studies

ENG 432 Major American Writers of the 20th Century

ENG 443 Prosody

ENG 444 Creative Non-Fiction

ENG 445 Young Adult Literature

ENG 446 Studies in African American Literature

ENG 457 Topics in Postcolonial Literature and Criticism

ENG 463 Topics in Literary Periods

ENG 464 Topics in Forms and Genres

ENG 465 Special Topics

ENG 471 Shakespeare

ENG 473 Milton

ENG 475 Methods in Teaching Secondary English: Literature and Culture

ENG 477 Morrison

ENG 478 Women, Language and Literature  
ENG 479 Major Authors: Shared Traditions  
ENG 480 Major Authors: Crossing Boundaries  
ENG 482 Technology and Literature  
ENG 486 Teaching Creative Writing  
ENG 490 Advanced Composition

ENG 502 Modern Literary Theory  
ENG 505 Topics in Forms and Genres  
ENG 506 Topics in Literary Periods  
ENG 508 Major Author Studies  
ENG 521 Topics in Literature and Culture  
ENG 526 Studies in African-American Texts  
ENG 570 Teaching African-American Oral and Written Literature  
ENG 578 Gender, Language and Pedagogy

# English Language and Literature (MA)

## Curriculum

The specialization in literature requires 30-36 semester hours for completion of the master of arts degree. Program elements include the following:

### Required courses (18 hours):

- ENG 501 Modern Literary Studies, taken in the first available term.
  - ENG 502-Modern Literary Theory
- Students must complete four literature courses. Among these four courses, students must also meet the three requirements listed below.

(One course may count for more than one requirement. See course descriptions to determine course eligibility requirement.)

- One course pre-1700
- One course post-1700
- One world literature course

### Electives (12 to 18 hours):

Courses may be elected in literature, creative writing, composition and/or linguistics. Elective hours may also include six hours of ENG 598 (Preparatory Reading/English and American Literature) or ENG 599 (Thesis). Students may, with the written approval of their advisor and of the Director of Graduate Studies, choose an elective from another SIUE department. Use the Graduate Student Request form to obtain approval prior to registration in any such course.

In total, no more than nine hours from 400-level courses can count toward the literature specialization.

# English Language and Literature (MA)

## Graduation Requirements

Students in the literature specialization can choose to complete a thesis or an exit project. Both options require the student to submit a prospectus that is approved by a committee of at least three faculty members (one of whom is the project director) who will consult with the student throughout the course of the project. Both options also require the student to complete an oral defense of the project before their committee.

### Thesis

Students who choose to write a thesis may enroll in English 599 for a maximum of six credit hours. We strongly suggest that students who take all six credit hours split the thesis work into two semesters rather than taking all six hours at once. An acceptable thesis for the literature specialization should be a cohesive, comprehensive research study of at least 60 page in length. For more about the process of writing and submitting your thesis, visit both the Department's thesis page and the University's thesis page.

### Exit Project

Students who do not wish to write a thesis may choose to develop an exit project that allows them more freedom in scope and content. Students who choose the exit project will enroll in English 598 for three to six credit hours depending on the dedicated time necessary for project completion. Before beginning the exit project, students must justify why they are choosing the three- or six-credit option in a prospectus that is approved by the exit project committee. The examples below should not be understood as exhaustive, but rather illustrative of the level of work required for the three- and six-credit options.

We assume that students will spend twelve hours per week in the completion of their exit projects. Therefore, the three-credit option should necessitate approximately 180-200 hours, whereas the six-credit option should necessitate approximately 380-400 hours of dedicated time. All projects should be academically rigorous, and the student should conduct thorough research appropriate to the particular focus and format of the study.

Example three-credit exit projects:

- A selection of materials from previous course work (usually three seminar-length papers) revised and expanded over the course of the semester and accompanied by a short reflection discussing the work that they've accomplished.
- A blog kept over the course of the Master's program from which the student has chosen specific examples to demonstrate growth over time. In an accompanying paper, the student discusses the blog's breadth and development, the audience it reached, and discourses that have occurred as a result of its publication.
- The planning and facilitation of a public exhibition (either physical or digital) in which the student curates the items on display using scholarly research. The student will accompany the

exhibit with a paper explaining the exhibit's rationale, the work it entailed, and the outcomes for the display.

- An action research project that inquires into a pedagogical concern in a secondary teaching environment. In this case, a teacher investigates a relevant problem in his/her school's English curriculum, researches the topic, develops meaningful actions, and creates plans and materials in preparation for enacting practical solutions.

Example six-credit exit projects:

- A digital edition of a textual corpus using current best practices for text encoding. The project should be accompanied by an editorial rationale, an introduction and annotation.
- A digital archive of an extensive collection of digital items that is thoroughly created and formally annotated (such as a substantial collection of books, news coverage of a literary event, etc.). Students should submit plans of all program curricula and an assessment of activities.
- The planning and execution of a community program about literature or literary history. Students should submit plans of all program curricula and an assessment of activities.

## The Prospectus

Whether choosing the thesis or the exit project, students are required to submit a prospectus of 3-5 pages accompanied by a bibliography of sources.

Students choosing the thesis should explain their planned argument and provide a synopsis of each chapter.

Students choosing the exit project must give a synopsis of their intended project, outline their work plan, and provide a rationale for the amount of dedicated time required.

The project committee must approve the prospectus by signing the prospectus form. Although the department strongly encourages students to complete their prospectus prior to beginning exit course work, the approved prospectus must be submitted to the graduate director no later than the second week of exit coursework.

Note: All research involving human subjects must comply with regulations and guidelines found at the Graduate School's Office of Research and Projects. Proposals must be cleared by the appropriate board and approved by the Graduate Dean before data collection begins. Federal regulations require mandatory training for all researchers, including students writing a thesis, dissertation or research project.

Review the graduation policy for more information.

# English - Teaching of Writing (MA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Statement of Purpose: A three- to five-page paper which explains how the applicant became interested in the field of Teaching of Writing, what the applicant hopes to learn in the program, and how that learning will help the applicant in a career.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# English - Teaching of Writing (MA)

## Curriculum

### Required primary courses (18 credit hours)

- ENG 552-Academic Writing and Research Methods
- ENG 554-Composition Pedagogy
- ENG 556-Theory of Composition and Rhetoric
- ENG 558-Practicum in the Teaching of Writing
- ENG 583-History of Rhetoric I-The Classical Period to the Renaissance
- ENG 596-Preparatory Reading/Teaching of Writing (exit project)

Students are required to complete three of the following secondary courses (three credit hours each):

- ENG 486 Teaching Creative Writing
- ENG 570 Teaching African American Oral and Written Tradition
- ENG 572 Theory and Practice of Teaching Writing with Computers
- ENG 574 Basic Writing Theory and Pedagogy
- ENG 576 Writing Across the Curriculum
- ENG 578 Gender, Language, and Pedagogy
- ENG 581 Topics in Teaching Writing
- ENG 584 History of Rhetoric II-The Enlightenment to Today
- ENG 587 Politics of Composition Pedagogy

One of the secondary courses can also be fulfilled with one of the following linguistics courses: ENG 400 Principles of Linguistics, 541 Discourse Analysis, or 544 Reading and Writing Pedagogy in Teaching English as a Second Language.

**Elective course (three credit hours):** 400- or 500-level ENG course (e.g., technical, expository or creative writing; pedagogy; linguistics, literature).

Students are required to complete one of the following options (nine credit hours inside or outside of the English Department):

- Three courses in the same foreign language
- Three TESL/linguistics courses
- Three literature courses
- Three creative writing courses
- Three computer and/or internet-based courses
- Three literacy and/or reading courses

Alternative three-course sequence to be determined by student in consultation with graduate advisor (e.g., courses in curriculum and instruction, mass communications, or instructional technology). Course work used to fulfill this option may be completed while student is a candidate in the teaching of writing specialization or may have been completed during the five years immediately preceding entrance to the program.

**Post-Baccalaureate Certificate - Teaching of Writing**

The teaching of writing post-baccalaureate certificate is designed for students seeking graduate work in composition pedagogy and research but not wishing to commit to a two-year MA program. The certificate program offers substantive, comprehensive study in a relatively brief time and is intended for students teaching or planning to teach on the university, community college, high school and middle-school levels.

**Required courses (12 hours)**

552 Academic Writing and Research Methods in Composition Studies

554 Composition Pedagogy

556 Theory of Composition and Rhetoric

558 Practicum in the Teaching of Writing

**Electives (6 hours) selected from**

486 Teaching Creative Writing

490 Advanced Composition

491 Technical Writing

492 Advanced Fiction Writing

493 Advanced Poetry Writing

541 Discourse Analysis

570 Teaching African American Oral and Written Tradition

572 Theory and Practice of Teaching Writing with Computers

574 Basic Writing Theory and Pedagogy

576 Writing Across the Curriculum

578 Gender, Language, and Pedagogy

581 Topics in Teaching Writing

583 History of Rhetoric I - The Classical Period to the Renaissance

584 History of Rhetoric II - The Enlightenment to Today

587 Politics of Composition Pedagogy

592 Creative Writing

# English - Teaching of Writing (MA)

## Graduation Requirements

In order to complete the program, the student will consult with the graduate advisor to create a three-person graduate faculty committee who will oversee the student's development of pertinent reading lists and the student's successful completion of three research-based essays on topics determined by the committee and student.

Review the graduation policy for more information.

# English - Teaching of Writing (MA)

## Post-Baccalaureate Certificate

### ADMISSION

In addition to fulfilling the general requirements of the Graduate School, applicants must submit the same supporting materials required for application to the MA specializations (a three to five page paper which explains how the applicant became interested in the field of Teaching of Writing, what the applicant hopes to learn in the program and how that learning will help the applicant in a career, and three letters of reference). The Graduate Adviser may require specific undergraduate course work from students who have not majored in English. Students who begin the Post-Baccalaureate Certificate program and then wish to enroll in the master's program must meet all requirements for admission to the MA degree program, including foreign language requirements.

### TEACHING OF WRITING

The Teaching of writing post-baccalaureate certificate is designed for students seeking graduate work in composition pedagogy and research but not wishing to commit to a two-year MA program. The certificate program offers substantive, comprehensive study in a relatively brief time and is intended for students teaching or planning to teach on the university, community college, high school, and middle school levels.

### PROGRAM OF STUDY

Required courses (12 hours):

ENG 552 Academic Writing and Research Methods in Composition Studies  
ENG 554 Composition Pedagogy  
ENG 556 Theory of Composition and Rhetoric  
ENG 558 Practicum in the Teaching of Writing

Electives (6 hours, 3 credit hours each) selected from:

ENG 486 Teaching Creative Writing  
ENG 490 Advanced Composition  
ENG 491 Technical Writing  
ENG 492 Advanced Fiction Writing  
ENG 493 Advance Poetry Writing  
ENG 541 Discourse Analysis  
ENG 570 Teaching African American Oral and Written Tradition  
ENG 572 Theory and Practice of Teaching Writing with Computers  
ENG 574 Basic Writing Theory and Pedagogy  
ENG 576 Writing Across the Curriculum  
ENG 578 Gender, Language, and Pedagogy  
ENG 581 Topics in Teaching Writing  
ENG 587 Politics of Composition Pedagogy  
ENG 588 History of Rhetoric I - The Classical Period to the Renaissance

ENG 589 History of Rhetoric II - The Enlightenment to Today  
ENG 592 Creative Writing

# Environmental Sciences (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Admission to this program requires a positive recommendation from the Environmental Sciences Admission Committee. The program requires all prospective students to submit a letter stating their academic and professional goals.
- The GRE is required for those students whose undergraduate GPA is below 3.0 (4.0 scale).
- Additionally, for those students whose GPA is below 2.75 (4.0 scale), two letters of recommendation are required.
- Applicants with less than a 2.5 grade point average will ordinarily not be admitted. Students entering any of the areas of emphasis must have a baccalaureate degree in an appropriate academic major. Computer literacy is strongly encouraged.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Competitive graduate assistantships through the Environmental Sciences Program and Competitive Graduate Awards through the Graduate School are available.

Review the SIUE Admissions Policy for more information.

# Environmental Sciences (MS)

## Curriculum

The master of science degree in environmental sciences requires a minimum of 33 hours of graduate work for those students electing to complete a thesis and 38 hours of graduate work for those students electing to complete a non-thesis paper.

Students will choose one of five emphasis options.

Within the first semester of study, the student must select a graduate faculty member as thesis (or non-thesis) chairperson for graduate advisory committee. The chairperson will advise the student on course work and research. Within the first year of study, the graduate advisory committee must be complete, consisting of the chairperson and two or more additional graduate faculty members. The graduate advisory committee should consist of faculty with expertise or interests that are appropriate to the student's academic background, goals, and career interests. The graduate advisory committee and the student will develop a research project outline and will determine before the work begins whether the project is to result in a thesis or a non-thesis paper. The research project is then approved for initiation and supervised by the committee chairperson.

# Environmental Sciences (MS)

## Graduation Requirements

Each student is required to complete a research thesis or non-thesis paper. With advisement and agreement of the thesis committee, students may select their own research topic. Students are encouraged to work with faculty on their ongoing research projects. Because of career enhancements, students are encouraged to select the thesis option.

Following the completion of the program of study, including the thesis or non-thesis paper, the student will present the thesis or non-thesis paper, open to the public, to the graduate advisory committee for critique. Student must also pass a final oral examination administered by the graduate advisory committee.

Review the graduation policy for more information.

## Environmental Education

- Required core courses (8-9 hours): ENSC 505, 506, 510, and a 3- or 4- hour 400- or 500-level statistics course
- Thesis (1-6 hours): ENSC 599 or Final Research Paper (1-3 hours): ENSC 597
- Required emphasis courses (9 hours): ENSC 550, 520, and either ENSC 580 or 540
- Electives: 9 hours minimum

# Environmental Sciences (MS)

## Emphasis Options

- Environmental Policy and Public Administration
  - Environmental Biology
  - Environmental Chemistry and Toxicology
  - Environmental Education
  - Environmental Policy and Public Administration
  - Environmental Technology and Assessment

## Environmental Policy and Public Administration

- Required core courses (8-9 hours): ENSC 505, 506, 510, and a 3- or 4- hour 400- or 500-level statistics course
- Thesis (1-6 hours): ENSC 599 or Final Research Paper (1-3 hours): ENSC 599 or Final Research Paper (1-3 hours): ENSC 597
- Required emphasis courses (9 hours): ENSC 511, 512 and 550
- Electives: 9 hours minimum

# Environmental Sciences (MS)

## Emphasis Options

- Environmental Technology and Assessment
  - Environmental Biology
  - Environmental Chemistry and Toxicology
  - Environmental Education
  - Environmental Policy and Public Administration
  - Environmental Technology and Assessment

## Environmental Technology and Assessment

- Required core courses (8-9 hours): ENSC 505, 506, 510, and a 3- or 4-hour 400- or 500-level statistics course
- Thesis (1-6 hours): ENSC 599 or Final Research Paper (1-3 hours): ENSC 597
- Required emphasis courses (9 hours): ENSC 550, 573, and either ENSC 528/528: or 520
- Electives: 9 hours minimum

# Environmental Science Management (PSM)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Admission to this program requires a positive recommendation from the Environmental Sciences Admissions Committee. The program requires all prospective students to submit a letter stating their academic and professional goals.
- The GRE is required for those students whose undergraduate GPA is below 3.0 (4.0 scale).
- For those students whose GPA is below 2.75, two letters of recommendation are required.
- Applicants with less than a 2.5 GPA will ordinarily not be admitted.
- Students must have a baccalaureate degree in a science major. Computer literacy is strongly encouraged.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Competitive graduate assistantships through the environmental sciences program and competitive graduate awards through the Graduate School are available. The Office of Student Financial Aid administers most of the University's financial aid programs.

Review the SIUE Admission Policy for more information.

# Environmental Science Management (PSM)

## Curriculum

The professional science master's degree in environmental science management requires a minimum of 36 hours of graduate work.

**Required core courses (8 hours):** ENSC 505, 506, 510, and a 3- or 4-hour 400- or 500-level statistics course

**Internship (6 hours):** ENSC 590

**Business Courses (9 hours):** ACCT 524, CMIS 526 and MBA 522

**Required emphasis courses (12 hours):** ENSC 511 or 512, 540, and at least two other ENSC electives

**Final Research Paper or Thesis (3 hours):** ENSC 597 or 599

Within the first semester of study, the student must select a graduate faculty member as chairperson for the graduate advisory committee. The chairperson will advise the student on course work and research. The graduate advisory committee should consist of faculty with expertise or interests that are appropriate to the student's academic background, goals and career interests. The graduate advisory committee and the student will develop a thesis or non-thesis paper outline before the work begins. The thesis or non-thesis paper is then approved for initiation and supervised by the committee chairperson.

# Environmental Science Management (PSM)

## Graduation Requirements

Following the completion of the program of study, including the thesis or non-thesis paper, the student will present the thesis or non-thesis paper, open to the public, to the graduate committee for critique and must pass a final oral examination administered by the graduate advisory committee.

Review the graduation policy for more information.

# Kinesiology - Exercise and Sport Psychology (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's prior to enrollment
- Applicants must have an undergraduate grade point average of at least 2.75 (A=4.0) to be considered for admittance into the program.
- Only courses in which the student earned a grade of "B" or better will be considered for transfer credit.
- For international students, a minimum total internet-based TOEFL score of 100 is required to be considered for admission.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission may be granted to applicants who have a bachelor's degree and meet the aforementioned criteria, although any prerequisites necessary to study in a particular specialization are at the discretion of the program advisor.

Selection for admission is determined by the graduate faculty in the Department of Kinesiology and Health Education. The student's grade point average and course work content from previous professional preparation will be used to determine qualifications for entrance into the program.

Review the SIUE Admissions Policy for more information.

## Application Deadline

Applications are accepted on a rolling basis.

# Kinesiology - Exercise and Sport Psychology (MS)

## Curriculum

Students may begin in the fall, spring or summer semesters. Due to the versatility of the program, students can complete the program in as little as one year. However, students typically take five semesters to complete their degree. Students have the option to choose between either the thesis or non-thesis option.

***Thesis Option-30 hours; Non-Thesis Option-30 hours***

### Required Courses (15 hours)\*

**KIN 501** Exercise Psychology - Provides an in-depth analysis of psychosocial factors related to preventive and rehabilitative exercise behavior.

**KIN 502** Sport Psychology - Explores the psychological factors influencing participation patterns and performance in sport, and effects of sport upon psychological responses.

**KIN 503** Sport Sociology - Provides an in-depth analysis of the interaction between physical activity and society including the social and cultural processes and institutions which influence, and are influenced by physical activity.

**KIN 506** Rehabilitation and Health Psychology - This course is designed to provide an in-depth analysis of the psychological issues associated with injury and disease rehabilitation as well as the psychological issues related to health.

**KIN 505** Psychology of Coaching OR **KIN 507** Physical Activity Promotion

\*Courses are offered in traditional and online formats. Traditional courses are offered in the evening, in a traditional classroom setting.

### Thesis Option (15 hours)\*

**KIN 599** Thesis in Kinesiology - Students selecting the thesis track must earn a minimum of three (3) credit hours. This course may be repeated for a maximum of six hours (6).

**KIN 509** Research Methods in Kinesiology - Prepare students to read, understand and evaluate research in the field of kinesiology.

**PSYC 520** Research Design and Inference I - Research methods, philosophy of science, research writing, review of basic statistics, using computer for statistical analysis and research writing. Prerequisite: graduate standing in psychology or consent of instructor.

OR **SOC 518** Advanced Data Analysis  
Electives (3)

\*Courses are offered in the evening, in a traditional classroom setting.

The thesis option is ideal for students interested in pursuing a doctoral degree in sport and exercise psychology, counseling or other psychology. Students will learn research processes and investigate the impact of psychological factors in sport and/or exercise. Students will have opportunities to present at

professional conferences and publish in scientific journals. Students pursuing the thesis option will typically take two academic years to complete the coursework and research thesis. The student and faculty advisor will match thesis and coursework with the goals of the student to provide an exceptional learning experience.

Admission to a graduate program in kinesiology does not guarantee the opportunity to complete a thesis. Students choosing to complete a thesis must do the following:

- Meet with the professor(s) with whom you would like to work, to discuss your research interests
- Submit a letter of interest to the professor(s) with whom you would like to work. Please use this form to guide your letter.
- Submit an example of your writing to the professor(s) with whom you would like to work

Faculty will choose thesis students based on a combination of the students potential for success, a match in research interests between the faculty member and the student, as well as the availability of the faculty member.

For additional information, please contact the coordinator for your program of interest

- Exercise Physiology - Dr. Brianne Guilford
- Exercise and Sport Psychology - Dr. Lindsay Ross-Stewart
- Physical Education and Coaching Pedagogy - Dr. Dave Cluphf

## **Non-Thesis Option (15 hours)\***

**KIN 522** Analysis of Teaching Behaviors in Sport and Physical Education - Selection and observation of appropriate teaching behaviors in sport and K-12 physical education.

**KIN 527a** Action Research in Physical Activity I - Introduces students to action research, a form of self-reflective, systematic inquiry by practitioners on their own practice. Prerequisites: admission to physical education and sport pedagogy program.

**KIN 527b** Action Research in Physical Activity II - Introduces students to presenting action research, a form of self-reflective, systematic inquiry by practitioners on their own practice. Prerequisites: admission to physical education and sport pedagogy program.

Electives (6)

\*Courses are offered in traditional and online formats. It is possible to complete all electives online.

The non-thesis option is for students who are not interested in pursuing a doctoral degree.

# Kinesiology - Exercise and Sport Psychology (MS)

## Graduation Requirements

Students may select either a thesis or non-thesis option. Students who elect to prepare a research thesis in lieu of the non-thesis project must also present an oral defense of the thesis by a written and oral assignment to incorporate both research and application of the master's program material. To complete a thesis, a student must be accepted by a faculty member based on the requirements outlined on the website.

In the final semester non-thesis students will be required to complete a comprehensive project determined in close consultation with one's graduate advisor and other faculty as appropriate. The project is intended to develop greater breadth and depth of understanding of the field and the application of knowledge that will lead to the implementation or presentation of a plan to a profession, community group or an organization as approved by the program director. Concludes as the student presents orally the findings related to his/her project and defends conclusions against questions raised by the faculty advisor.

Review the graduation policy for more information.

# Geography (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Applicants must have at least an overall grade point average of 2.8 (A=4.0). Applicants who do not meet the required grade point average will be considered based on letters of recommendation, acceptable scores on the Graduate Record Examination (GRE) or on grades in recommended or required prerequisite courses.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Personal history for the department
- Curriculum Vitae (Resume)
- A one- to two-page statement of purpose discussing why the applicant has chosen our program, their interests, what the applicant hopes to gain from the program, and how it will help the applicant achieve their long-range objectives in geography
- Two letters of reference from individuals familiar with the applicant's academic background, training or work. A third letter is optional and may be submitted to help support the application. Please contact Graduate Admissions to submit a third letter.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission is open to geography and non-geography majors with baccalaureate degrees satisfying the general requirements of the Graduate School. Non-geography majors and, in some cases, geography majors may be required to take prerequisites as a condition for full acceptances in the graduate program. Courses taken to remedy any deficiencies do not count as part of the regular program.

Review the SIUE Admissions Policy for more information.

# Geography (MS)

## Curriculum

Students in the graduate program are required to maintain a minimum overall grade point average of 3.0. Should a student earn a grade of C or below in any graduate level course, he or she will be placed on academic probation. Any student earning two grades of C or below in the program will be dropped from the geography graduate program, regardless of GPA. To facilitate the process of student advising and guidance, all applicants must submit a one-page written statement of their graduate education and study plan along with their graduate admissions forms.

### Thesis Option:

---

A minimum of 30 hours is required for the master of science, of which 21 semester hours must be geography graduate-level courses. In addition, at least one half of the required 30 credit hours must be earned at the 500-level. Required courses (12 hours) include: GEOG 520, 521, 522; plus one seminar in geography. Electives (12-15 hours) are additional courses that should be related to the student's needs and interests and faculty expertise. Candidates must complete a thesis while enrolled in GEOG 599 (3 to 6 hours).

### Non-Thesis Option:

---

A minimum of 36 credit hours is required for the master of science, of which 24 semester hours must be geography graduate-level courses. In addition, at least one-half of the 36 required credits must be earned at the 500-level. Required courses (15 hours) include GEOG 520, 521, 522, 598 plus one seminar in geography. Electives (21 hours) are additional courses that should be related to the student's needs and interests and faculty expertise.

In addition, each graduate student, regardless of option selected, must declare a subject area he or she wishes to emphasize. Before enrolling in the second year of study, each student must have selected a subject area advisor and obtained approval from the advisor as well as the graduate director.

# Geography (MS)

## Graduation Requirements

Thesis Option: in addition to the thesis itself, a final oral examination will be conducted by the candidate's committee. This examination will cover the content of the thesis as well as the fundamental concepts of the discipline as stated in the program's objectives.

Non-Thesis Option: The candidate must complete GEOG 598 (Graduate Research Project) with a grade of C or better. GEOG 598 is usually completed in two semesters. Students should register for GEOG 598 in their third (or next to last) semester and expect to complete the requirements during their fourth (or last) semester in the program. Requirements include a research paper and a presentation based on the research paper. Students will receive a DE after the first semester which will convert to a letter grade upon completion of the requirements during the second semester.

Review the graduation policy for more information.

# Geography (MS)

## Geographic Information Systems (GIS)

The Professional Development Sequences (PDS) in Geographic Information Systems (GIS) were originally developed by the Department of Geography with the support of the Schools of Business and Engineering. Three separate sequences were developed to accommodate the growing demand for practitioners in this new, specialized field which combines geographic information and graphics technology. In addition, since their origination, these sequences have been regularly updated to remain current with advances in technology and the changing needs of many user groups including the social, natural, physical, and applied sciences.

The PDS in GIS is, therefore, valuable to graduate students and professionals from many diverse fields such as economic development, real estate, environmental assessment, resource management, urban and regional planning, public administration, and health services. These course sequences provide the requisite education and training needed to understand GIS methodology and technology, and how to apply it to one's particular field. This methodology is particularly valuable for applications requiring area definition coupled with demographic, environmental, and market research and analysis.

### Admission

Graduate students who are officially admitted to and in good standing with the Graduate School may enroll in a GIS PDS provided they have the approval of the Geography graduate advisor and PDS coordinator. As long as the student is enrolled in the PDS, the student will have unclassified graduate status. Students desiring to acquire this specialized GIS training through a degree program (geography, business administration or civil engineering), must follow the procedures necessary for admission to that degree program. A student completing the first PDS may apply up to three courses (nine semester hours) toward the elective hour requirement for a graduate degree in geography, provided the stipulations for transfer credit are met.

### Program of Study

The first PDS (Principles and Concepts of Geographic Information Systems) includes: GEOG 418 (Geographic Information Systems), GEOG 422 (Remote Sensing and Digital Image Processing), GEOG 423 (Computer Mapping), and GEOG 520 (Research Methods in Geography). The second PDS (Applied Geographic Information Systems) is comprised of: GEOG 424 (Vector Based GIS), GEOG 425 (Raster Based GIS), and GEOG 454 (Topics in Geographic Techniques) or GEOG 427 (Internship). The third PDS (Advanced Geographic Information Systems) requires GEOG 522 (Techniques in Geography), GEOG 525 (Seminar in GIS), and GEOG 590 (Independent Study). Depending on the level of GIS education and training desired, a student may take only the first PDS, the first and second PDS, or all three. Completion of each sequence is a prerequisite for enrollment in the next.

# Healthcare Informatics (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all academic transcripts
- Completion of a baccalaureate degree with a minimum GPA of 2.75/4.0
- Evidence of completion of an undergraduate or graduate statistics course with a grade of C or better
- Statement of Purpose: A written statement describing their background in healthcare and/or information technology and their reasons for pursuing a graduate degree in healthcare informatics
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Admission Deadlines

Students are admitted into HCIM in fall and spring semesters only.

# Healthcare Informatics (MS)

## Program of Study

### **NURS 509-3: Interdisciplinary Healthcare Informatics**

Introduces informatics terminology and theory, including searching, managing, and evaluating data, analyzing information systems, and integrating technology into practice.

### **NURS 511-3: Social, Ethical and Legal Issues in an Informative Age**

Explores social, ethical and legal issues related to searching, storing and using healthcare information and the ethical and legal formation of informatics professionals.

### **NURS 512-3: Managing Quality and Safety in Healthcare**

Examination of processes and integration of concepts used to measure and improve quality and effectiveness of health care. Examination and analysis of research statistics.

### **CMIS 515-3: Project Management Standard Process**

Is a framework of standard processes based on the Project Management Body of Knowledge and other resources. It includes processes for managing scope, time, quality, cost, human resources, communications, risk and procurement.

### **CMIS 517-3: Enterprise Resource Planning**

The role of Enterprise Resource Planning (ERP) software in the business environment will be explored using SAP. A risk management approach will be emphasized.

### **CMIS 518: Seminar in CMIS: Information Security**

An introduction to the technical and administrative aspects of information security and assurance. It provides an understanding of the key issues associated with protecting information assets, determining the levels of protection and response to security incidents, and designing an effective information security system.

### **PBHE 455-3: Introduction to Epidemiology**

Epidemiologic terminologies. Description and analysis of disease occurrence using appropriate epidemiologic measurements. Exploration of causal relationships. Identification of epidemiologic roles in disease control and prevention.

### **IT 508-3: Seminar in IT: Instructional Design and Media Selection for Healthcare Informatics**

Provides healthcare informatics professionals with foundation in the skills of planning, designing, developing, implementing, and evaluating employee trainings.

### **PSYCH 576-3: Graduate Seminar in Organizational Development**

Introduces early history, assumptions, concepts and various change strategies and human process approaches to planned change within a systems framework.

### **CS 434-3: Database Design**

Includes database management system concepts, models and languages, entity and relationship, relational and object-oriented data models, relational database design and implementation including SQL, and object databases.

**CS 560-3: Information Discovery in Electronic Healthcare Records**

Analytical techniques for discovering information in electronic healthcare record systems through data mining, text mining, and visual analytics techniques.

**HCIM 596a: Capstone I**

During Capstone I, the student will initiate their capstone project. The student will use their approved project proposal to do the background work and literature review. An outline of the final paper is required at the end of the course.

**HCIM 596b: Capstone II**

During Capstone II, the student will continue their capstone project and submit a rough draft of their capstone project paper. The student will analyze the current system being replaced (or in need of replacement) and research viable IT solutions (potential solutions). The student will then identify and make an IT solution recommendation. A literature review concerning the background of the problem and technology based solution will be submitted along with the remainder of the initial (rough) draft of the capstone project paper.

**HCIM 596c: Capstone III**

During Capstone III, the student will complete their capstone project and submit their final capstone project paper and deliver a presentation.

**Retention Policy**

Scholarship appropriate for students in the Master of Science in Healthcare Informatics Program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of "A" or "B." The following retention policy applies specifically to the program:

1. Students who obtain a course grade of "D" or "F" will have suspended enrollment until a retention plan is created and signed by the student and the program director. A second course grade of "D" or "F" will result in removal from the program.
2. Students earning one course grade of "C" are allowed to remain enrolled in the program. Students earning a second course grade of "C" or lower will have suspended enrollment until a retention plan is created and signed by the student and the program director. Students earning a third course grade of "C" or lower are removed from the program. Students repeating a course in which there is a grade of "C" does not eliminate the original course grade of "C" from being applied toward this exclusion policy.
3. Per SIUE Policy 1F1, all students must have a GPA of 3.0 or higher in all graduate coursework required by the program to be awarded the degree.
4. Contact the SIUE Student Service Center for instructions and information on withdrawal.

# Healthcare Informatics (MS)

## Graduation Requirements

Completion of required courses with a grade point average of at least 3.0 (A=4.0), and a final presentation.

Review the graduation policy for more information.

# Healthcare and Nursing Administration / Healthcare Informatics (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- International Applicants: Proof of English proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

## School of Nursing admission decisions are based upon the following:

1. Provide professional experience, goals statement, and three reference forms (one of which should be from your current manager and two others preferably from nurses holding a graduate degree in nursing or a related field).
2. Bachelor of Science in nursing from a CCNE or NLNAC accredited program. (Graduates from non-NLNAC or CCNE accredited programs will be considered under certain circumstances. Please contact the School of Nursing for more information.)
3. Current unencumbered RN licenses in the state where you plan to complete your practicum experience. Due to the required clinical assignments, nurse anesthesia students must possess unencumbered Illinois and Missouri RN licenses.
  1. NP, NE and HCNA students, please note that if you live anywhere in or around the St. Louis metro area, we strongly encourage you to hold an active Illinois and Missouri license.
  2. If a student participates in any clinical practicum in a state in which they are not licensed, the student will be referred to the appropriate Student Affairs Committee Honor Board for a Level 4 violation of the Academic Integrity Statement.
4. Minimum undergraduate nursing GPA of 3.0/4.0.
5. Preferred minimum undergraduate science GPA of 3.0/4.0.
6. Preferred minimum overall undergraduate GPA of 3.0/4.0.
7. Evidence of completion of an undergraduate statistics course with a grade of C or better.
8. Completion of a minimum of one (1) year of professional nursing practice experience prior to enrollment in the first specialization clinical course.
9. Successful completion of a drug screen and a criminal background check, as specified by the School of Nursing, to be performed after initial acceptance to the program.

Applicants may follow-up with the graduate nursing advisor to check on the status of the application. Program application materials may be uploaded during the application process. Official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Office of Graduate Admissions with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Application Deadline

The priority application deadline is February 1 for summer applicants, June 1 for fall applicants, and November 1 for spring applicants.

# Healthcare and Nursing Administration / Healthcare Informatics (MS)

## Sample Curriculum (subject to change)

The dual major in healthcare informatics and healthcare nursing administration consists of 57 semester hours.

### Retention

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of coursework, defined as obtaining a course grade of "A" or "B." The following retention policy applies specifically to all graduate nursing courses with the NURS prefix for degrees conferred by the School of Nursing:

1. Students who obtain a course grade of "D" or "F" in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course.
2. Students may only earn one course grade of "C" and stay enrolled in graduate nursing programs. If a second course grade of "C" is earned, students will no longer be allowed to progress in the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of "C" does not eliminate the original course grade of "C" from being applied toward this exclusion policy.
3. Per the SIUE Graduate School policy, all students must have a GPA of 3.0 or higher to graduate.

For more information on the SIUE Graduate School Retention Policies, please refer to the Graduate Handbook.

# Healthcare and Nursing Administration / Healthcare Informatics (MS)

## Graduation Requirements

### Master's Terminal/Capstone Project

Master's students demonstrate synthesis of their course work, practicum experiences and attainment of the master's student outcomes by creating a rigorous, scholarly, evidence-based project that incorporates a broad review of the literature from nursing and related fields, and present the project orally to students and faculty during the final synthesis course for the specialization.

Review the graduation policy for more information.

# History (MA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all academic transcripts
- Minimum 3.0 (A=4.0) GPA
- Successful completion of a bachelor's degree prior to enrollment and preparation in the discipline equivalent to at least an undergraduate minor (18 credit hours in history)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Two letters of recommendation
- An academic writing sample
- Statement of Purpose: A one-page letter of intent discussing their preparation for graduate study in history, their area(s) of historical interest and their career goals.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Application Deadline

All application materials are due by February 1. Incomplete applications will not be considered. The department's graduate program committee will review application materials and make a final determination of admittance normally by the middle of February. Typically, applicants will be considered for entry only for the fall semester. Admission for spring or summer term may be arranged for exceptional circumstances. Applicants may petition the graduate program director to make these arrangements.

## Cooperative Doctoral Program

Faculty in the Department of Historical Studies participate with History Department faculty at Southern Illinois University Carbondale in offering a cooperative program leading to the Doctor of Philosophy degree in History. Prospective students may initiate application procedures at either campus and may enroll in courses at either or both campuses concurrently. The doctoral degree is conferred by Southern Illinois University Carbondale. For more detailed information, contact the department directly at either Carbondale or Edwardsville.

[Click here to review the cooperative doctoral program requirements.](#)

# History (MA)

## Curriculum

Both thesis and non-thesis plans of study are available. Students pursuing either the thesis or the non-thesis plan must complete a minimum of 33 semester hours. Students entering in the 2018-2019 academic year will take a two-semester sequence of History 555 (Theory and Methods) and History 556 (Research Seminar). Students may also apply to participate in an internship program that allows them to obtain practical experience in non-teaching career fields related to history. Students may, with the approval of the graduate program director, apply up to 9 semester hours from related disciplines toward their credit hour requirements. All students must demonstrate a reading knowledge of a foreign language (modern or classical) either by special examination or by completion of two years of college level study in a single language with an average of C or better. Students must earn the grade of "B" or better in each course counting toward their graduate degree, with the exception of foreign languages. Candidates for the Master of Arts degree in history may pursue one of the two following plans of study:

### Thesis Option

Students complete 33 hours of graduate credit, 6 of which represent the History and Theory class (HIST 555); 3 are the Graduate Seminar in Historical Research (HIST 556) and 6 of which represent a well-conceived thesis on a topic chosen in consultation with a faculty advisory committee. Enrollment in HIST 599 is required. Students will prepare a "Research Plan" during the semester or summer immediately preceding their first HIST 599 class. Students will present the Research Plan to the chair of his or her committee and will then distribute it to the rest of the committee. It is strongly suggested that the entire committee and the student meet together to comment on the plan. Students will not receive an instructor permit to register for HIST 599 until this process is complete.

### Exam Option

This plan emphasizes breadth of historical understanding while not ignoring research techniques. Students concentrating in one primary and two complementary secondary areas of emphasis complete 33 hours of graduate credit, which includes completion of the History and Theory class (HIST 555) (6 credit hours) and the Graduate Seminar in Historical Research (HIST 556) (3 credit hours). Exam option students also enroll in 6 credit hours of Readings for Exams (HIST 598).

### Suggested areas of emphasis can include:

U.S. to 1877 Ancient Cultural History

U.S. since 1877 Medieval Europe African Diaspora

U.S. Economic History Early Modern Europe Gender History

African-American History Modern Europe Intellectual History

Middle Eastern History Asian History

The broad fields may be modified in consultation with the student's advisory committee. Before embarking on any area(s) of emphasis, a student should consult the appropriate faculty member(s).

All exam option students are required to develop a portfolio of two research papers, written for different faculty while enrolled at SIUE, that reflect their primary, and one of their secondary fields of interest. All students are required to submit their portfolio to their examination committee a month before the scheduling of their written exams. In order for written examinations to be scheduled, the portfolio must first be approved by the student's committee.

# History (MA)

## Graduation Requirements

Students who follow a thesis plan of study will be required to pass an oral defense of the thesis and related historical material and submit a final draft to the Graduate School.

Upon completion of the coursework, students pursuing the exam option must pass a written examination, at least three hours long, covering one principal and two secondary fields. They are also required to take an oral examination based on their written exams, portfolio and related historical material. The chairperson of the student's advisory committee will provide guidance to the student regarding the nature of the examination. Such guidance will include a list of readings compiled by the advisory committee, which, in conjunction with the student's coursework, will serve as the basis for the examination.

Exam option students intending to take examinations in the spring semester must declare their intention to take examinations by **September 15** of the preceding fall semester. Students intending to take examinations in the fall semester must declare their intention to do so by **April 1** of the preceding spring semester.

Declaring an intention to take exams requires students to form an exam committee and, in consultation with their committee, establish reading lists for the exams.

Spring semester written exams must be completed by April 1 and an oral examination based on the written exams and the portfolio must be held by April 15.

Fall semester written exams must be completed by November 15 and an oral examination based on the written exams and the portfolio must be held by December 5. Generally, master's-level exams will not be scheduled during the summer term.

Review the graduation policy for more information.

# History (MA)

## Museum Studies

The Museum Studies Certificate offers current and future museum professionals an opportunity to gain expertise that will aid in their career advancement. The curriculum combines active learning through exhibit development and internships, along with elective courses that focus on interpretation, administration, education, and the acquisition of disciplinary backgrounds. For most students this program provides education adequate for immediate entry into museum careers. In addition, current museum professionals will acquire new skills to broaden or enhance their expertise.

The program presents students with a foundation in theoretical and applied approaches to the interpretative, legal and ethical, community, and administrative challenges that confront museum employees. This sequence of courses is designed for students who have been admitted to a master's degree or are currently enrolled in a related master's program but who want the additional educational credentials to qualify for a certificate. The program may be completed on a part-time or full-time basis.

The program's curriculum and faculty are interdisciplinary, representing the many, diverse areas of skill and expertise relevant to museum work. Students are encouraged to develop a specialization as they choose their elective courses, while also benefiting from the interdisciplinary nature of the museum studies program.

### ADMISSION

Applicants must have an earned BA or BS, have maintained a 3.0 undergraduate grade point average, and submit transcripts, two letters of recommendation, and a letter of interest. Applicants to the post-baccalaureate certificate in museum studies must have at least an 18-hour minor in history.

Program application materials may be submitted via email to [siueapps@siue.edu](mailto:siueapps@siue.edu) or mailed to:

Graduate Admissions, Campus Box 1047  
Southern Illinois University Edwardsville  
Edwardsville, IL 62026-1047

### PROGRAM OF STUDY

This program entails the completion of 21 hours of course work, including the following required and elective classes:

Required Courses (12 hours):

HIST 580 Foundations of Museum Studies (also cross-listed as ART 580)

ART 581 Management of Museum Collections

HIST 582 Practicum in Exhibit and Program Development (also cross-listed as ART 582)

HIST 590 Internships in Museology, or ART 498 Internship in the Arts, or PAPA 595 Public Administration Internship

Elective courses (9 hours, at least one at the 500-level): open to all graduate-level offerings. These may include the following:

ANTH 420 Museum Technology

ANTH 435 American Material Culture  
ART 413 Digital Arts  
ART 454 Curatorship: Exhibition Management and Design  
HIST 447 Approaches to Oral History  
HIST 470 Preserving the American Past  
IT 450 Using Video for Instruction  
IT 486 Web Design for Instruction  
IT 510 Instructional Systems Design  
IT 530 Managing Instructional Design  
IT 580 Design of Interactive Learning Environments  
IT 582 Development of Interactive Learning Environments  
PAPA 579 Grantsmanship  
PAPA 501 Public Organizations  
PAPA 575 Nonprofit Leadership

Students must earn the grade of "B" or better in each course counting toward their post-baccalaureate certificate.

### **EXIT REQUIREMENTS**

The student must successfully complete the program of study.

# Industrial Engineering (MS,PhD)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Undergraduate grade point average of at least 2.75 (A=4.0) in engineering, mathematics and physical science courses.
- Applicants should have a baccalaureate degree in an engineering discipline from an ABET accredited program. Applicants who completed a non-ABET accredited program or whose undergraduate studies were in a country other than the United States must have a baccalaureate degree in an engineering discipline which is comparable to the United States' bachelor's degree equivalent, and must take the Graduate Records Examination (GRE) (verbal, quantitative and analytical portions) to support their application.
- Applicants from selected areas of mathematical and physical science will be considered for admission on an individual basis.
- In cases where the applicant has not completed the prerequisites for core or elective courses, the applicant may be required to complete those courses as "not for graduate credit"
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

In exceptional cases, the graduate admissions committee may consider applicants who meet all of the Graduate School admission standards but who do not meet certain specified program admission requirements. The committee may consider other evidence that indicates high promise of the applicant's success in the program. Such supportive evidence may include high scores on the GRE, professional registration, extensive professional experience, professional publications or satisfactory graduate-level work.

Review the SIUE Admissions Policy for more information.

# Industrial Engineering (MS,PhD)

## Curriculum

The program offers both thesis and non-thesis options. The thesis option requires 30 credit hours; the non-thesis option requires 33 hours. Of the required 30 credit hours of the thesis option, at least 15 credit hours must be Industrial Engineering 500-level credit hours, excluding IE 599. At least 21 credit hours must be in Industrial Engineering courses, and up to six hours may be thesis credit. Of the required 33 hours of non-thesis option, at least 18 credit hours must be Industrial Engineering 500-level credit hours. At least 24 credit hours must be in Industrial Engineering courses. Students who choose the non-thesis option must complete a research project, which has zero credit hour.

The specific program of study is selected by the student in consultation with and approved by the student's advisor. All students are required to complete the program's core courses: IE 465-Design and Control of Quality Systems, IE 483-Production Planning and Control, IE 515-Engineering Optimization Models, and IE 576-Advanced Computer Integrated Manufacturing Systems. Students having completed these or similar courses as part of a baccalaureate degree may choose other courses in the same core area with the approval of their advisor.

Four courses of emphasis (systems optimization, manufacturing engineering design, enterprise and production control, and quality engineering) are currently being offered by the program. Students will be guided in thesis work by a thesis advisor with the assistance and concurrence of an advisory committee. The thesis topic will be selected from an area in Industrial Engineering and approved by the student's advisor. Writing a thesis involves an intensive research effort and students are encouraged to initiate their thesis work early in the program, even before registering for any thesis credit. Upon the completion of the student's research, a thesis defense will be conducted. In the non-thesis option, students must complete a research project and the student's advisor may organize a project presentation during the final semester of study.

# **Industrial Engineering (MS,PhD)**

## **Combined Program**

### **Early Entry BS and MS in Industrial Engineering**

The Department of Industrial Engineering offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program.. An undergraduate student in this program may begin to take graduate level courses after completing 95 out of 126~128 credit hours required for the B.S. degree. In order to join this program, a student must submit a program outline for approval to Graduate Records and Director of the IE graduate program prior to enrollment in any courses to be included as part of the graduate program. Students have two options to obtain an M.S. degree: a thesis option with 30 credit hours of graduate level courses and a non-thesis option with 33 credit hours of graduate level courses. If you have any question on this matter, please contact Dr. Xin Chen, IE Graduate Program Director, at [xchen@siue.edu](mailto:xchen@siue.edu).

# Industrial Engineering (MS,PhD)

## Graduation Requirements

After all other program requirements are satisfied, a final examination on the course work and related material on the thesis or project will be given. In the thesis option, the final examination is an oral examination directed primarily at the material in the thesis. This examination is conducted by the advisory committee. In the non-thesis option, the final examination is an oral examination directed primarily at the material in the project and related research paper.

Review the graduation policy for more information.

# Psychology - Industrial-Organizational (MA)

## Admission Requirements

- Graduate School application, including program questions, and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 2.50
- Graduate Record Examination (GRE) scores; verbal, quantitative and writing areas
- Three letters of recommendation
- Goal Statement/Statement of purpose
- Resume/CV

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Completing an undergraduate major or minor in psychology is the desirable and typical undergraduate preparation for a graduate degree in psychology. Qualified applicants from other academic backgrounds may enter the psychology graduate program provided they have completed the prerequisites. In addition to completing at least one course each in introductory psychology, research methods/experimental psychology, statistics, and psychological tests and measurements. Applicants may be accepted provisionally if they are missing one or two prerequisites provided they complete these prerequisites prior to beginning the graduate program.

Review the SIUE Admissions Policy for more information.

## Application Deadline

New students are admitted exclusively in the fall semester (which begins in late August). All application materials are due no later than **January 15**. Additionally, the industrial-organizational psychology program has a priority application deadline of **December 1**. Applying by December 1 is optimal because the application deadline for the optional Competitive Graduate Award is the first Friday in December. Preparing your application in November is the best strategy.

# Psychology - Industrial-Organizational (MA)

## Curriculum

The Industrial-Organizational specialization provides knowledge and skills to analyze and solve problems of motivation, leadership, communication, job satisfaction, productivity, training, and others faced by business and organizations. Training in this specialization leads to possible employment in administration, supervision, organizational development, and personnel positions.

The master of arts degree program requires 42 semester hours of graduate credit to complete the specialization in industrial organizational psychology.

### **Industrial-Organizational Specialization:**

Required courses (27 hours): PSYC 520, 521, 571, 572, 573, 574, 575, 576, 580 plus one course selected from a 400 or higher-level management course approved by your advisor (3 hours)

Required practicum (3 hours): PSYC 525

Electives: 6 hours

Thesis (3 hours): PSYC 599

# Psychology - Industrial-Organizational (MA)

## Graduation Requirements

Candidates for the master of arts must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report and complete an oral examination.

Review the graduation policy for more information.

# Instructional Technology (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary transcripts
- Successful completion of a bachelor's prior to enrollment
- Minimum GPA of 3.0 or above (A=4.0) during undergraduate work. Students with an undergraduate GPA between 2.5 and 2.9 will be admitted with conditions.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

Review the SIUE Admissions Policy for more information.

# Instructional Technology (MSEd)

## Specialized Learning Opportunities

- Classroom Technologies Post-Baccalaureate Certificate
  - Classroom Technologies Post-Baccalaureate Certificate
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Emerging Technologies Professional Development Sequence
  - Instructional Design and Performance Improvement Emphasis
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence
  - Web-Based Learning Post-Baccalaureate Certificate

## Classroom Technologies Post-Baccalaureate Certificate

The Instructional Technology Program offers two Post-Baccalaureate Certificates (PBCs). One is classroom technologies; the other is in web-based learning. Both certificates are 100 percent online.

### Admission and Retention for the PBCs

The general requirements for admission for the Post-Baccalaureate Certificates are the same as for the Graduate School (which include an application fee of \$40, submission of official transcripts, and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied. To be retained within a PBC, students must have a 3.0 GPA after nine (9) hours of coursework.

### Program of Study

The classroom technologies certificate is a combination of two professional development sequences - one in emerging technologies and the other in teaching with technology. This certificate offers both P-12 school personnel and adult educators opportunities to learn cutting-edge educational software and lesson design approaches that can be integrated into classrooms. Through completing this certificate, students will gain knowledge and skill in successfully integrating computers and other technologies into their classroom.

The Classroom Technologies Certificate Program requires the completion of 18 hours of online coursework, which consists of the following required classes:

- IT 481 - Computers in Education: Theories and Practice
- IT 550 - Emerging Technologies in Education
- IT 560 - Leadership in Educational Technology
- IT 561 - Designing Digital Materials
- IT 562 - Social Media for Teachers
- IT 563 - Games and Simulations

### **Exit Requirements from a PBC**

The student must successfully complete the required program of study, with at least a grade of B in each course.

# Instructional Technology (MSEd)

## Core Curriculum

Students must complete 36 semester hours for the MSEd in Instructional Technology. All students will take the following courses (listed in numerical order, not in program sequencing order):

IT 430 - Computer-Based Publishing and Instruction

IT 486 - Web Design for Instruction

IT 500 - Principles of Instructional Technology

IT 596 - Design Studio I

IT 597 - Design Studio II

IT 598 - Design Studio III

In addition to the above courses, students will complete additional courses depending upon their emphasis within the program. Each emphasis has a curriculum that has been designed to provide students with the knowledge and skills they need for the 21st-century job market. The courses for each emphasis are available through the links below.

- Distance Education
- Educational Technologies
- Instructional Design and Performance Improvement

# Instructional Technology (MSEd)

## Graduation Requirements

Students in the MSEd must successfully pass all required coursework, participate in the process of successfully developing and submitting a juried portfolio, and present elements of their coursework and/or portfolio to faculty and students.

Review the graduation policy for more information.

# Instructional Technology (MSEd)

## Specialized Learning Opportunities

- Web-Based Learning Post-Baccalaureate Certificate
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Instructional Design and Performance Improvement Emphasis
  - Classroom Technologies Post-Baccalaureate Certificate
  - Web-Based Learning Post-Baccalaureate Certificate
  - Emerging Technologies Professional Development Sequence
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence

## Web-Based Learning Post-Baccalaureate Certificate

The Instructional Technology Program offers two Post-Baccalaureate Certificates (PBCs). One is Classroom Technologies; the other is in web-based learning. Both certificates are 100 percent online.

### Admission and Retention for the PBCs

The general requirements for admission for the Post-Baccalaureate Certificates are the same as for the Graduate School (which include an application fee of \$40, submission of official transcripts and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied. To be retained within a PBC, students must have a 3.0 GPA after 9 hours of coursework.

### Program of Study

The web-based learning certificate is a combination of two professional development sequences - one in Instructional Design and the other in Online Pedagogy. This certificate offers current and future instructional design professionals in business and industry an opportunity to gain expertise in the area of designing and developing online learning environments within corporations, non-profit organizations, healthcare, higher education and K-12 education. The curriculum combines a study of instructional systems design with online multimedia technologies. Through completing this certificate, most students will have advanced knowledge and skills necessary for designing and developing online courses and interactive learning environments.

The web-based learning certificate program requires the completion of 18 hours of online course-work, which consists of the following required classes:

- IT 486 - Web Design for Instruction
- IT 505 - Needs Assessment and Program Evaluation in Instructional Technology
- IT 510 - Instructional Systems Design
- IT 567 - Online Teaching Tools
- IT 568 - Design and Development of Online Lessons, Modules, and Courses

- IT 569 - Facilitating Online Classrooms

### **Exit Requirements from a PBC**

The student must successfully complete the required program of study, with at least a grade of B in each course.

# Integrative Studies (MA,MS)

## Integrative Studies - Cultural Education Advocacy (MA)

Studies have shown that art and cultural learning opportunities in schools promote better academic performance that eventually lead to higher graduation rates. In addition, students exposed to the arts and culture tend to develop better critical thinking skills and time management skills, which are crucial in helping to prepare them for success in college and the work place. Yet in tough financial times, art and culture are among the first to be cut from school programs. The cultural education advocacy program is geared toward those who aspire to be the voice for maintaining and potentially strengthening the presence of the art and cultural education in schools, as well as promoting arts and culture in the community.

### Career Outlook

An integrative studies degree in cultural education advocacy from SIUE prepares students for a wide variety of careers, including work in museums, art galleries, cultural institutions and academia, as well as doctoral programs. Graduates may also gain employment as archivists, curators and other artistic or historical collection positions. According to the Bureau of Labor Statistics, career growth as art historians and cultural education advocates is projected to be significant, with the field's anticipated growth of seven percent by 2024. Currently, median pay range in the field is approximately \$46,710 annually.

### Curriculum

Students will take courses in the departments of Art and Design and Historical Studies, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 12 credit hours of which are from the Department of Art and Design and 18 credit hours from the Department of Historical Studies.
- At least half of the 30 credit hours of course work should be at the 500 level.
- No more than three credit hours of the 30 hours of course work can be independent study.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

### Required Courses

#### Art and Design

Four (4) courses from the following:

- (3) ART 424 Baroque Art
- (3) ART 449 Italian Renaissance Art
- (3) ART 451 Northern Renaissance Art
- (3) ART 467 Islamic Art and Architecture

- (3) \*ART 470 Topics in Art History
- (3) ART 471 Topics in Renaissance and Baroque Art
- (3) ART 472 Topics in Modern Art
- (3) ART 473 Women in Art
- (3) ART 474 Topics in Public Art
- (3) ART 475 History of Photography
- (3) ART 476 History of Modern Architecture and Design
- (3) ART 481 Modern Art
- (3) ART 482 Contemporary Art

\*Topic must be approved by Dr. Katherine Poole-Jones

### **Historical Studies**

One (1) course from the following:

- (3) HIST 404a Topics in Medieval Social, Religious and Intellectual History
- (3) HIST 424 Topics in East European History
- (3) HIST 428 Topics in European Women's History
- (3) HIST 443 Origins of the American Civil War
- (3) HIST 470 Preserving the American Past

Five (5) courses from the following:

- (1-3) HIST 500a-d History Seminar
- (3) \*HIST 510 Readings in History
- (3) HIST 515 Problems in 20th Century United States History
- (3) HIST 554 Problems in 19th Century America
- (3) HIST 580 Museum Studies (Same as ART 580)
- (3) HIST 581 Management of Museum Collections (Same as ART 581)

\*Can be taken for a maximum of three (3) hours only

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
  - (6) INTG 599 Thesis **or** (6) INTG 593 Final Project
- 7 - Total Credits

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program

successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Faculty

### **Katherine Poole-Jones, PhD**

Department of Art and Design

### **Carole Frick, PhD**

Department of Historical Studies

## **Integrative Studies (MA,MS)**

### **Integrative Studies - Cultural Heritage and Resources Management (MA,MS)**

Cultural heritage includes intangible resources (ceremonies, oral history and customs) and tangible resources (architecture, artifacts and landscapes) inherited from past generations. The program includes coursework in ethical and legal issues with management of these resources, as well as practical skills, such as mapping and GIS, methods of survey and excavation, document and map analysis, artifact and art duration. Students take courses in two (2) of the participating departments: anthropology, geography and historical studies.

A museum studies certificate may be completed concurrently with this program.

#### **Format**

Weekday courses on campus with some evening, hybrid and online options. Check the latest course offerings.

#### **Career Outlook**

The cultural heritage and resources management program prepares students for careers in applied fields relating to identification, research, preservation of, and education about cultural heritage and resources. Careers relating to cultural heritage and resources include work in contract archaeology; trade and commerce; tourism, with museums, galleries, libraries, science centers, parks and national monuments; education institutions; community organizations; public and government agencies, as well as private firms.

#### **Curriculum**

Students will plan their program coursework with their graduate mentor based on their educational background and career goals. Students may choose to focus on coursework relating to:

- Archaeology and cultural resources management
- Museology and ethnographic heritage

Students will typically take courses in two (2) of the participating departments, according to the Master's in Integrative Studies program requirements:

- 30 credit hours of graduate-level electives, which must be split equally between the two (2) departments (e.g., 15 hours and 15 hours) or 40:60 (e.g., 12 hours and 18 hours).
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than 3 credit hours of the 30 credit hours of course work can be independent study.

- Of the minimum required credits, students may take up to three (3) credits of electives from other departments, as determined in consultation with the graduate mentor. Courses in art history, statistics, or other fields may be appropriate.
- A third department may be incorporated into the program with an additional nine (9) credits of course work from that department.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### **Anthropology Courses**

- (3) ANTH 404 Anthropology and the Arts
- (3) ANTH 405 Alternative Tourisms
- (3) ANTH 420 Museum Anthropology
- (3) ANTH 430 Zooarchaeology
- (3) ANTH 432 Prehistory of Illinois
- (3) ANTH 435 American Material Culture
- (3) ANTH 469 Forensic Anthropology
- (3-6) ANTH 473 Ethnographic Field School
- (3-6) ANTH 474 Biological Anthropology Field School
- (3-6) ANTH 475 Archaeological Field School
- (3) ANTH 476 Cultural Resource Management
- (1-9) ANTH 570 Special Topics in Cultural Heritage and Resources Management
- (3 or 6) ANTH 575 Archaeology Field Directorship: Mitigation
- (3 or 6) ANTH 576 Archaeology Field Directorship: Survey
- (3-6) ANTH 586 Individualized Study in Anthropology
- (1-9) ANTH 589 Archaeology Internship
- (3-6) ANTH 590 Museum Internship

### **Geography Courses**

- (3) GEOG 402 Cultural Landscape
- (3) GEOG 410 Soils
- (3) GEOG 411 Hydrology
- (3) GEOG 412 Groundwater Hydrology
- (3) GEOG 418 Geographic Information Systems (GIS)
- (3) GEOG 421 Digital Elevation Modeling
- (3) GEOG 422 Remote Sensing and Digital Image Processing
- (3) GEOG 423 Computer Mapping
- (3) GEOG 424 Vector-Based GIS
- (3) GEOG 425 Raster-Based GIS
- (3) GEOG 452 Topics in Physical Geography
- (3) GEOG 454 Topics in Geographic Techniques
- (3) GEOG 500 Seminar in Cultural Geography
- (3) GEOG 510 Seminar in Physical Geography
- (3) GEOG 520 Research Methods in Geography
- (3) GEOG 522 Techniques in Geography
- (3) GEOG 525 Seminar in GIS
- (1-6) GEOG 590 Independent Study

### **Historical Studies Courses**

- (3) HIST 447 Approaches to Oral History
- (3) HIST 470 Preserving the American Past
- (1) HIST 555 History Colloquium
- (1) HIST 556 History Colloquium
- (3) HIST 580 Museum Studies
- (3) HIST 581 Management of Museum Collections
- (3) HIST 582 Practicum in Exhibit and Program Development
- (3) HIST 590 Internship in Museology

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project

## **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- A completed baccalaureate degree in anthropology, geography, history or a related field. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Other requirements:
  - All applicants must provide evidence (previous related course work or professional experience, research papers and projects, or honors and awards) to show they can participate successfully in the program.
  - A statement of intent providing evidence of the applicant's preparation and experience leading to the undertaking of this program, and describing the applicant's academic and career goals, highlighting how this program will serve those goals.
  - Three (3) letters of recommendation, ideally from academic or professional references.
  - A writing sample, between four and 15 pages in length, which may be a paper for a course or other written work prepared by the applicant.
  - A faculty member from anthropology, geography, or historical studies who has agreed in writing to serve as a graduate mentor must be identified by the applicant in order to be considered for acceptance into the program. Applicants are encouraged to contact prospective graduate mentors by the time their application materials are submitted. Upon admission to the program, the student shall consult with his/her mentor to review the student's academic record, and develop a plan of course work.
  - An optional teaching/research assistantship application is required for those wishing to be considered for a teaching or research assistantship and can be obtained from the Graduate School.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## **Application Deadline**

Admission deadline is February 1 of the preceding spring semester. Additional applications will be considered after these dates on a space available basis.

# **Integrative Studies (MA,MS)**

## **Integrative Studies - Diversity Issues and Global Affairs (MS)**

In the fiercely competitive global market, it is important for organizations to have managers who embrace diversity and inclusion. Diversity is about accepting and supporting various types of people, who advocate for different things and embody different cultures, generations, ideas and ways of thinking. The diversity issues and global affairs program aims to educate and empower students to take the lead in creating cutting-edge programs and opportunities for multicultural education and intercultural understanding.

### **Career Outlook**

A master's degree in diversity issues and global affairs prepares students for careers in applied fields relating to both American and international politics, organizational diversity and inclusion, within education systems around the world, as well as many other opportunities.

### **Curriculum**

Students will take courses in the departments of Political Science and Educational Leadership, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 15 credit hours of which are from the department of Political Science and 15 credit hours are from the department of Educational Leadership.
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than three credit hours of course work can be independent study.
- All students will complete seven hours of integrative studies thesis or non-thesis capstone work.

### **Required Courses**

#### **Political Science**

Five courses from the following:

POLS 441 – Women and Politics in America  
POLS 459 – Topics in Comparative Politics  
POLS 472 – International Organizations  
POLS 473 – United States Foreign Policy  
POLS 479 – Topics in International Relations  
POLS 595 – Individual Research

#### **Educational Leadership**

EPFR 451 – Gender and Education  
EPFR 502 – Qualitative Inquiry in Education

EPFR 520 – Analysis of Educational Issues: Philosophical-Historical Foundations

EPFR 521 – Analysis of Educational Issues: Socio-Cultural Foundations

EPFR 563 – Selected Topics in Foundations of Education

### **Integrative Studies Capstone Project**

(1) INTG 500-1 - Proposal Development

(6) INTG 599-6 - Thesis or INTG 593-6 - Final Project

## **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent providing evidence of their preparation and experience leading to the undertaking of this program.
- Applicants may be required to complete prerequisites or resolve any deficiencies before classified status is approved.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met:

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

# Integrative Studies (MA,MS)

## Integrative Studies - Engineering Management (MS)

The integrative studies in engineering management graduate program is intended for professionals with engineering, engineering technology or science backgrounds who are seeking advanced study for career enhancement. Through a combination of coursework from the Schools of Business and Engineering, you will gain knowledge and develop skills for managing technical people and projects in industry, business, government and other technology-based environments. With rapid changes in the global technology markets, it is imperative for managers to be equipped with management skills that will allow them to overcome organizational challenges and effectively handle personnel, resources and customers.

### Career Outlook

With an integrative studies degree in engineering management, students will gain the knowledge to plan, direct and coordinate activities for architectural or engineering companies. Engineering managers are a critical component to engineering activities, as they are charged with overseeing, managing and reviewing an engineering or architectural project from start to completion. According to the Bureau of Labor Statistics, growth in this area is projected to be two percent by 2024, and the median pay range in this profession is currently \$132,800 annually.

### Curriculum

Students will take courses in the Schools of Business and Engineering, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 12 credit hours of which are from the School of Business and 18 credit hours from the School of Engineering.
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than three credit hours of the 30 credit hours of course work can be independent study.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### Required Courses

#### School of Business

Four (4) courses from the following:

- (3) MBA 522 Decision Making in Organizations
- (3) MBA 523 Negotiation and Interpersonal Skills for Managers
- (3) ACCT 524 Accounting for MBAs
- (3) MKTG 525 Marketing Analysis and Applications for Managerial Decision Making
- (3) CMIS 526 Information Systems and Technology

- (3) FIN 527 Corporate Finance
- (3) MGMT 570 Seminar in Human Resource Management
- 12 - Total Credits

### **School of Engineering**

At most two (2) courses from the following:

- (3) #CNST 464 Project Controls
- (3) IE 430 Managing Engineering and Technology
- (3) IE 445 Foundations of Financial Engineering
- (3) IE 467 Total Quality and Taguchi Methods
- (3) IE 468 Simulation
- (3) IE 488 Lean Production Systems
- (3) IE 492 Special Topics in Industrial and Manufacturing Engineering: Supply Chain Analytics
- (3) \*IE 492 Special Topics in Industrial and Manufacturing Engineering: Project Engineering
- (3) IE 492 Special Topics in Industrial and Manufacturing Engineering: Six Sigma Quality and Process Improvement
- 6 - Total Credits

At least four (4) courses from the following:

- (4) \*#CNST 501 Project Management
- (3) #CNST 525 Risk Management of Construction
- (3) #^CNST 550 Independent Study in Construction
- (3) IE 515 Engineering Optimization Models
- (3) IE 527 Intelligent Engineering Systems
- (3) \*IE 531 Engineering Project Management
- (3) IE 557 Value Engineering
- (3) IE 528 Data Analytics and Mining
- (3) IE 583 Supply Chain Logistics Systems
- (3) IE 592 Topics in Industrial Engineering: Product Development and 3D Printing
- 12-13 - Total Credits

\*Only one of CNST 501 or IE 492 or IE 531 can count for credit

#At most three (3) CNST courses can be taken and at most two (2) CNST 500-level courses can be taken

^At most three (3) hours of CNST 550 can be taken for credit

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project
- 7 - Total Credits

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment

- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

# Integrative Studies (MA,MS)

## Integrative Studies - GIS Development and Database Administration (MS)

In order to function effectively, every organization needs to make sure its database is always secure, available and performing at maximum capacity. A database administrator is a central figure in securing, maintaining and fine-tuning databases. A Geographic Information Systems (GIS) database stores geospatial information consisting of a combination of maps, 3D images, and space or time coordinates, among others. A database administrator who is trained to handle the complexities of large volumes of GIS data will be a sought after asset to any organization.

### Career Outlook

With an integrative studies degree in GIS development and database administration, students will be equipped to handle the challenging demands of working with geospatial databases. According to the Bureau of Labor statistics, employment of database administrators is projected to grow 11 percent up to 2024, and the current median annual pay for this profession is \$84,950.

### Curriculum

Students will take courses in the Departments of Geography and Computer Management and Information Systems, according to the master's in integrative studies requirements:

- 30 credit hours of graduate-level courses, 15 credit hours of which are from the Department of Geography and 15 credit hours from the Department of Computer Management and Information Systems.
- At least half of the 30 credit hours of course work must be at the 500-level.
- No more than three credit hours of the 30 credit hours of course work can be independent study.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### Required Courses

#### Geography

- (3) GEOG 424 Vector Based Geographic Information Systems (GIS)
- (3) GEOG 425 Raster Based Geographic Information Systems (GIS)
- (3) GEOG 432 Python Scripting in GIS

Two courses from the following courses:

- (3) GEOG 423 Computer Mapping
- (3) GEOG 431 Web-based Online Mapping

- \*^(3) GEOG 454 Topics in Geographic Techniques
- \*(3) GEOG 525 Seminar in Geographic Information Systems
- (3) GEOG 573 GIS Modeling for the Natural Environment

\*Different topics may be taken under this course number  
^Must be a GIS-related topic

### **Computer Management & Information Systems**

- (3) CMIS 563 SQL-PL/SQL
- (3) CMIS 564 Database Design
- (3) CMIS 566 Introduction to Business Analytics Intelligence and Analytics

Two courses from the following courses:

- (3) CMIS 422 Information Security
- (3) CMIS 567 Business Analytics Capstone
- (3) CMIS 570 Software Systems Design
- (3) CMIS 540 Project Management Fundamentals and Best Practices
- (3) CMIS 548 Program and Project Portfolio Management

### **Capstone Requirements**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Completion of GEOG 418 Geographic Information Systems
- College-level programming course or programming work experience
- College-level statistics course or comparable work experience
- Minimum GPA 3.0
- GMAT or GRE (waived if applicant graduated from an AACSB accredited School of Business with a GPA of 3.5 or higher)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

# **Integrative Studies (MA,MS)**

## **Graduation Requirements**

Students must conduct an oral defense of the thesis or project with an advisory committee consisting of a minimum of three graduate faculty. Each participating department must be represented. Students must complete a minimum of 37 graduate credit hours.

Review the graduation policy for more information.

# Integrative Studies (MA,MS)

## Integrative Studies - Marketing Communications (MS)

The messages and the media that businesses deploy to communicate with their target market can make or break their marketing efforts. In designing schemes for marketing products, a primary objective is to create and sustain demand and preference for the product. With the proliferation of traditional as well as social media platforms, it is important for a company to strategically choose communication tools that will position the product or the company in the minds of the target customer.

### Career Outlook

An integrative studies degree in marketing communications will equip the students with knowledge, strategies and tools for building an effective marketing campaign across a spectrum of communication media. Career opportunities abound for marketing communications professionals in fields such as public relations, social media, digital advertising, and corporate communications, among others.

### Curriculum

Students will take courses in the Departments of Mass Communication and Management and Marketing, according to the master's in integrative studies requirements:

- 30 credit hours of graduate-level courses, 18 credit hours of which are from the Department of Mass Communication and 12 credit hours from the Department of Management and Marketing.
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than three credit hours of the 30 credit hours of course work can be independent study.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### Required Courses

#### Management and Marketing

- (3) MKTG 525 Marketing Analysis and Applications for Managerial Decision Making
- (3) MKTG 530 Marketing Planning and Strategy
- (3) MKTG 534 Advertising Research

One of the following:

- (3) MKTG 466 Marketing on the Internet
- (3) MKTG 470 Sport Marketing
- (3) MKTG 471 Advertising policy and Management
- (3) MKTG 472 Sales Policy and Management
- (3) MKTG 474 Retail Policy and Management

- (3) MKTG 475 Consumer Behavior
- (3) MKTG 476 International Marketing
- (3) MKTG 542 Promotion Management
- (3) MKTG 544 Marketing Research for Decision Making

### **Mass Communications**

- (3) MC 500 Mass Communications Theory
- (3) MC 501 Research Methods for Mass Communications
- (3) MC 502 Media Campaigns
- (3) MC 422 Writing for the Corporate and Institutional Market
- (3) MC 440 Visual Media Analysis
- (3) MC 441 Advanced Writing and Designing for Digital Media

### **Capstone Requirements**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- Detailed curriculum vitae (CV)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

# **Integrative Studies (MA,MS)**

## **Integrative Studies - Media Management (MS)**

The media management program provides the necessary foundation of management and leadership principles for professionals who are already in, or are aspiring to work in, the media industry. With the ever-changing landscape in the media business, it is important to have astute managers who are ready to meet the demands of the market.

### **Career Outlook**

Graduates of this program can have a career in publishing or work as a public relations director or producer. The job outlook will depend on the aspect of media that is involved, but according to the Bureau of Labor Statistics, growth of about 12 percent is expected in the demand for advertising and public relations managers by 2016. With advances in internet media, continued growth in publishing is also expected.

### **Curriculum**

Students will take courses in the Department of Mass Communications and the School of Business, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 18 credit hours of which are from the Department of Mass Communications and 12 credit hours from the School of Business.
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than three credit hours of the 30 credit hours of course work can be independent study.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### **Required Courses**

#### **Mass Communications**

- (3) MC 500 Mass Communication Theory
  - (3) MC 501 Research Methods for Mass Communications
  - (3) MC 502 Media Campaigns
  - (3) MC 401 Media Law & Policy
  - (3) MC 402 Media Management
  - (3) MC 471 Special Topics in Mass Media
- 18 - Total Credits

#### **School of Business**

- (3) MBA 521 Quantitative Analysis
- (3) ACCT 524 Accounting for MBAs

- (3) MKTG 525 Marketing Analysis and Applications for Managerial Decision Making
- (3) MGMT 475 Entrepreneurship and Small Business Management
- 12 - Total Credits

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project
- 7 - Total Credits

## **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Department of Mass Communications

## **Integrative Studies (MA,MS)**

### **Integrative Studies - Organizational Design Thinking (MS)**

The integrative studies in organizational design thinking graduate program combines courses in applied communication studies with courses from instructional technology. Through this course work, you will learn to apply design thinking methodology at the nexus of communication, technology, and organizational training.

Your course work will teach you how to effectively redefine organizational problems, ideate to envision possibilities, facilitate processes to bring those ideations to fruition, and test your solutions to ensure meaningful results. And, what's more, you will learn to do all of these within a design process that helps you create a culture of empathy among all stakeholders.

#### **Format**

Combination of evening courses and online learning

#### **What is Organizational Design Thinking?**

Design thinking is an innovative methodology for creatively uncovering and solving problems. This problem-solving methodology can be applied in many ways and across multiple settings. Design Thinking can be used to improve processes, develop organizational structures, and create new products and services.

The heart of a design thinking methodology is developing user-centered empathy through systematic activities. Thus, design thinking is not about linearly applying algorithms. Rather, it's about developing sensitivities to a problem's context and considering the strengths and weaknesses of various technological and communicative solutions. Design Thinking is partially an art, partially a science, and fully a human-centered activity that depends upon a theoretically-informed practice to best ensure reliable decisions in real-world situations.

#### **Career Outlook**

Those who have a credential in organizational design thinking can pave numerous paths. Principles of design thinking can be useful in a wide variety of organizations, including educational institutions, for-profit businesses, and non-profit organizations. The career outlook is not limited to becoming a technician who serves an organization. Rather, the integrative studies in organizational design thinking degree prepares you to be an innovative leader, manager or entrepreneur.

#### **Curriculum**

Students will take courses in both departments, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level electives which must be split equally between the two departments, specifically, 15 hours of instructional technology courses and 15 hours of applied communication studies courses.
- Of the minimum required credits, students may take six credits of electives from an approved list of applied communication studies seminars.
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than three credit hours of the 30 credit hours of course work can be independent study.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

## Required Courses

### Applied Communication Studies

ACS 540-3 - Survey of Organizational Communication Research

ACS 541-3 - Seminar in Organization Culture

ACS 542-3 - Communication Consulting

### Instructional Technology

IT 500-3 - Principles of Instructional Technology

IT 505-3 - Needs Assessment and Program Evaluation

IT 510-3 - Instructional Systems Design

IT 520-3 - Performance Technology

IT 596-1 - Design Studio I

IT 597-2 - Design Studio II

## Elective Seminars (Select 2)

### Applied Communication Studies

ACS 510-3 - Group Communication

ACS 511-3 - Intercultural Communication

ACS 520-3 - Interpersonal Communication

ACS 521-3 - Computer-Mediated Communication

ACS 522-3 - Family Communication

ACS 541-3 - Organizational Culture

ACS 550-3 - Public Relations

ACS 560-3 - Speech Education

### Integrative Studies Capstone Project

(1) INTG 500 Proposal Development

(6) INTG 599 Thesis Research or INTG 593 Final Project

## Admission Requirements

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment

- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

Applied Communications Studies

# Integrative Studies (MA,MS)

## Integrative Studies - Sustainability (MA,MS)

The integrative studies in sustainability master's program prepares students to apply sustainability concepts, principles and technical approaches to address "green" career needs in a variety of fields. The program curriculum integrates sustainable sociology and environmental management, with special focuses on sustainability research, planning and leadership skills, environmental regulation requirements, and community-based sustainable management of natural resources. Through innovative curriculum and training, students will explore institutional, social and environmental approaches to better understand and provide innovative solutions to complex sustainability challenges.

### Format

Evening courses

### Career Outlook

As natural resources become more scarce and expensive, sustainability has become a flourishing field of graduate study with great career potential. The overall job outlook for sustainability specialist careers has been very positive and is rapidly growing in popularity. Graduates may pursue careers that apply sustainability practices and principles, or manage planning and application of sustainability concepts in consulting, business, industry, government, not-for-profit organizations or academia. Possible jobs include, but are not limited to, corporate or municipal sustainability officer, technical analyst for sustainability practices, technical manager for sustainability projects, sustainable product purchasing agent, sustainable green building or community designer, and sustainability consultant.

### Curriculum

Students will take courses in the sociology and environmental sciences programs, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 15 credits of which are from the sociology program and 15 credits from the environmental sciences program.
- At least half of the 30 credit hours of course work must be at the 500 level.
- No more than three credit hours of the 30 credit hours of course work can be independent study.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

### Sociology Courses

SOC 515-3 - Research Methods and Study Design in Sociology

SOC 518-3 - Advanced Data Analysis

SOC 590-3 - Seminar in Sociology and Sustainability

SOC 540-3 - Alternatives to Capitalism(s) or 538-3 - Seminar in Industrial Sociology  
SOC 542-3 - Seminar in Gender and Gender Inequality or 502-3 - Seminar in Intergroup Relations

### **Environmental Sciences Courses**

ENSC 510-3 - Advanced Environmental Sciences and Policy  
ENSC 511-3 - Environmental Policy  
ENSC 512-3 - Environmental Law  
ENSC 516-3 - Environmental Impact Analysis  
ENSC 550-3 - Applied Ecology

### **Integrative Studies Capstone Project**

(1) INTG 500 Proposal Development  
(6) INTG 599 Thesis Research or INTG 593 Final Project

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.
- Other requirements:
  - Completion of 30 hours of social science credits (strongly recommend theory, methods, and statistics)
  - Writing Sample

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.

- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

# Kinesiology- Exercise Physiology (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's prior to enrollment
- Successful completion (grade C or better) of one semester of an anatomy and physiology course
- Undergraduate grade point average (GPA) of at least 2.75 on a 4.0 scale
- Only courses in which the student earned a grade of "B" or better will be considered for transfer credit
- For international students, a minimum total internet-based TOEFL score of 100 is required to be considered for admission

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission may be granted to applicants who have a bachelor's and meet the aforementioned criteria, although any prerequisites necessary to study in a particular specialization are at the discretion of the program advisor.

Selection for admission is determined by the graduate faculty in the Department of Kinesiology and Health Education. The student's grade point average and course work content from previous professional preparation will be used to determine qualifications for entrance into the program.

Review the SIUE Admissions Policy for more information.

## Application Deadline

The deadline is approximately one month before the start of classes (definite dates are on the application).

# Kinesiology- Exercise Physiology (MS)

## Curriculum

Near the completion of the program of study, each student is required to select either a non-thesis option or research thesis option. Students pursuing the non-thesis option must choose an internship for three credit hours. Students choosing to complete the thesis will work with their advisor to organize a committee of three faculty members to supervise, monitor and evaluate the thesis for three to six credit hours. All courses in the exercise physiology program are offered in an evening format.

## Exercise Physiology Specialization (30 hours)

### Core Courses (27 hours)

- (3) KIN 501 Behavioral Analysis of Exercise
- (3) KIN 509 Research Methods in Kinesiology
- (3) KIN 512 Advanced Exercise Physiology
- (3) KIN 514 Advanced Exercise Assessment and Prescription
- (3) KIN 516 Advanced Cardiovascular and Respiratory Physiology
- (3) KIN 517 Pathophysiology and Treatment of Obesity
- (3) KIN 518 Exercise Endocrinology
- (3) KIN 541 Advanced Human Nutrition and Metabolism
- (3) KIN 496 Advanced Concepts and Techniques in Strength and Conditioning OR KIN 513 Clinical Exercise Physiology (Choose one)

## Capstone Experience

### Students Must Complete One of Two Options (3 hours)

- Non-Thesis Option: KIN 555 Internship in Exercise Physiology (3) and comprehensive exit exam  
OR
- Thesis Option: KIN 599 Thesis (3)

## Course Sequence

Students in the non-thesis option are able to begin in the fall, spring or summer and can complete all degree requirements in 12, 18 or 24 months. Students in the thesis option typically require two academic years to complete course curriculum.

### Non-Thesis Option

The non-thesis option for the Master of Science in kinesiology with a specialization in exercise physiology is for students who are not interested in pursuing a doctorate. Through classroom learning, laboratory experience and true hands-on experience, the non-thesis exercise physiology program produces exceptional graduates who are well prepared for the professional work environment. The option provides course work and laboratory experience that prepares students for careers in adult

fitness, hospital or corporate-based wellness programs, cardiac rehabilitation, strength and conditioning specialists, or professional careers (e.g., physical therapy, occupation therapy, dentistry, pharmacy, etc.)

### **Thesis Option**

The thesis option for the Master of Science in kinesiology with a specialization in exercise physiology is intended to give exceptional students knowledge in basic medical and scientific areas to prepare them to pursue a doctoral degree in exercise physiology. It should be pursued only by students who have a serious commitment to the science of exercise physiology. Students focus on the study of the human body's responses and adaptations to physical activity. Students in the thesis option will typically take two academic years to complete the course work and research thesis. The student and faculty advisor will match thesis and coursework with the goals of the students to provide an exceptional learning experience.

Admission to a graduate program in kinesiology does not guarantee the opportunity to complete a thesis. In order to complete a thesis, students must do the following:

- Meet with the professor(s) with whom you would like to work to discuss your research interests. Submit a letter of interest to the professor(s) with whom you would like to work. Include the following items in your letter of interest for consideration to the thesis program.
  - Explain your research interests and goals and how they match with the faculty member whom you plan to work with on your thesis project. Include your breadth and depth of research experience (we understand that it may be limited), your potential fit with the specified faculty's research agenda, and what potential benefits you plan to gain.
  - Provide examples of leadership potential and your ability to work with a diverse research team. Leadership and teamwork examples can be from academic, professional or community activities or employment.
  - What are your career or academic ambitions following the completion of your graduate degree? Include short- (two to three years) and long-term goals (five to six years).
  - As a student or faculty member, science and research will involve several moments of trial and error before achieving success. Provide an example of when you failed at something you were heavily invested in and how you dealt with and learned from your failure.
- Submit an example of your writing to the professor(s) with whom you would like to work.

Faculty will choose thesis students based on a combination of potential for success, a match in research interests between the faculty member and the student and availability of the faculty member.

# Kinesiology- Exercise Physiology (MS)

## Graduation Requirements

In the final semester, all non-thesis students will be required to take an exit exam, similar to the American College of Sports Medicine (ACSM) Exercise Physiologist Certification Exam. This exam will be taken from questions in the ACSM's Certification Review book and from test bank questions provided with ACSM's Resource Manual for Guidelines for Exercise Testing and Prescription. Students who elect to prepare a thesis must present an oral defense of the thesis.

Review the graduation policy for more information.

# Literacy Education (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's prior to enrollment
- Grade point average of 3.0 (A=4.0) or above
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A teaching certificate in early childhood, elementary, secondary or special education
- A minimum of two years of full time contract teaching prior to CI 571 (for reading specialist only)
- Three hours of children's literature at the undergraduate or graduate level prior to graduation.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Literacy Education (MSEd)

## Curriculum

Students can complete two options for the Master of Education (MSEd):

Literacy Specialist or

Reading Specialist

Students can complete a Reading Teacher Endorsement.

Students can complete a Post-Masters Certificate Literary Specialist.

# Literacy Education (MSEd)

## Graduation Requirements

### Reading Specialist (MSEd)

Candidates must complete all requirements to be eligible for the Illinois Reading Specialist Certificate including: passing the appropriate Assessment of Professional Teaching for the area of endorsement (primary, middle school or secondary) and the Illinois Basic Skills Test (97) one semester prior to program completion, earning an A or B in all program courses, passing all program assessments, providing evidence of membership in an organization that will enhance their professional development in literacy (ie. IRC, IRA, NRC, or NCTE) and complete a final master's project.

### Literacy Specialist (MSEd)

Candidates must complete all requirements to be eligible for the Illinois Reading Specialist Certificate including: passing the Assessment of Professional Teaching (APT 104) and the Illinois Basic Skills Test (97) one semester prior to program completion, earning an A or B in all program courses, passing all program assessments, and providing evidence of membership in an organization that will enhance their professional development in literacy (ie. IRC, IRA, NRC, or NCTE).

Review the graduation policy for more information.

# Literacy Education (MSEd)

## Specialized Learning Opportunities

- Literacy Specialist Option
  - Literacy Specialist Option
  - Reading Specialist Option
  - Literacy Specialist Post-Master's Certificate
  - Reading Teacher Endorsement

## Literacy Specialist Option

### Program of Study

Thirty-three (33) semester hours of graduate credit are required for the Master of Science in Education. Course requirements are as follows:

CI 520 Theoretical Foundations in Literacy  
CI 521 Emergent and Primary Level Literacy  
CI 525 Upper Elementary and Middle Level Literacy  
CI 540 Content Area Literacy  
CI 571 Diagnostic Assessment and Instruction  
CI 572 Diagnostic Literacy Practicum for Elementary Level  
CI 573 Diagnostic Literacy Practicum for Middle and Secondary Level  
CI 578 Organization and Administration of Literacy Programs  
CI 591 Current Issues and Trends in Literacy  
CI 596d Field Study in Curriculum & Instruction: Literacy  
CI 548 Action Research: Literacy or EPFR 501 Research in Education

### Field Experience During Foundations Courses

Intensive and extensive field experiences (CI 521, 525, and 540) help prepare candidates to analyze their own instruction and assume the new role of consultant and collaborator with other school professionals. Candidates begin on-going reflection and development of their knowledge of literacy processes, assessment, instructional strategies, and materials to plan and adapt instruction to meet the diverse needs of students in pre-kindergarten through grade twelve. Through collaboration and constructive coaching, candidates enhance their knowledge, skills, and dispositions.

### Entry to Clinic Practicum

Prior to enrolling in CI 571, the first clinical course, candidates must earn an A or B in the following four core courses (CI 520, CI 521, CI 525, CI 540), have a minimum of two years of successful full time contract teaching, and pass all initial program assessments.

### Literacy Clinic Practicum

The Cougar Literacy Clinic in the Reading Center is a low cost diagnostic and instructional service that provides literacy development support for students in grades one to twelve from the surrounding

communities. Literacy Specialist candidates complete three practicum courses, CI 571, 572, and 573. Graduate candidates conduct and analyze diagnostic literacy assessments, provide individualized developmental and remedial instruction, and write comprehensive literacy development reports for each student. Clinicians are supervised during the clinic through direct observation, as well as videotaping, case study discussions, and lesson plan reflections. Candidates work with colleagues to observe, plan, and provide coaching on each other's practice during the three semesters of clinic.

### **Entry to Leadership Internship**

To enter the leadership internship courses, CI 578 and CI 591, candidates must earn an A or B in CI 571, 572, and 573, pass all mid-point program assessments, and pass the Illinois Research Specialist Content Test (176).

# Literacy Education (MSEd)

## Specialized Learning Opportunities

- Literacy Specialist Post-Master's Certificate
  - Literacy Specialist Option
  - Reading Specialist Option
  - Literacy Specialist Post-Master's Certificate
  - Reading Teacher Endorsement

## Literacy Specialist Post-Master's Certificate

The Department of Curriculum and Instruction offers a program of study leading to a Post-Master's Literacy Specialist Certificate. This program is intended to provide advanced preparation for literacy/reading specialists and leaders in literacy education. Literacy is the ability to read, write, speak, listen, view, visually represent and think in meaningful or socially-recognized ways. Literacy specialist responsibilities include teaching, coaching, and coordinating literacy education as well as serving as a resource for other professionals and the community; promoting literacy advocacy; providing professional development; and working collaboratively to develop, implement, and evaluate literacy curriculum and programs. Upon passing all program requirements, candidates will earn Illinois Type 10 Reading Specialist Certification which is valid for teaching reading, supporting teaching professionals and coordinating literacy programs for kindergarten through grade twelve.

### ADMISSION

Minimum admission criteria include a master's degree in education with a grade point average of 3.0 (A=4.0) or above; a valid Illinois teaching certificate in early childhood, elementary, secondary, or special education; a minimum of two years of full-time contract classroom teaching; and 3 hours of children's literature at the undergraduate or graduate level (or obtain before graduation).

### PROGRAM OF STUDY

27 semester hours of graduate credit are required for a Post-Master's Literacy Specialist Certificate. Requirements are as follows:

Literacy Core (27 hours):

CI 520 Theoretical Foundations in Literacy

CI 521 Emergent and Primary Level Literacy

CI 525 Upper Elementary and Middle Level Literacy

CI 540 Content Area Literacy

CI 571 Literacy Diagnostics: Assessment and Instruction

CI 572 Diagnostic Literacy Practicum for Elementary Level

CI 573 Diagnostic Literacy Practicum for Middle and Secondary Level

CI 578 Organization and Administration of Literacy Programs

CI 591 Current Issues and Trends in Literacy

### Field Experience

Intensive and extensive field experiences (CI 521, 525, and 540) help prepare candidates to analyze their own instruction and assume the new role of consultant and collaborator with other school professionals. Candidates begin on-going reflection and development of their knowledge of literacy processes, assessment, instructional strategies, and materials to plan and adapt instruction to meet the diverse needs of students in pre-kindergarten through grade twelve. Through collaboration and constructive feedback, candidates enhance their knowledge, skills, and dispositions.

### **Entry to Clinic Practicum**

Prior to enrolling in CI 571, the first clinical course, candidates must complete with a minimum grade of B the following four core courses (CI 520, CI 521, CI 525, and CI 540); one course may be taken concurrently with CI 571. Candidates must also have a passing score on the Reading Specialist Content - Area Test (176), and meet the passing criteria on two initial Literacy Program Notebooks: a standards notebook and a resource notebook.

### **Literacy Clinic Practicum**

The Cougar Literacy Clinic in the Reading Center is a low cost diagnostic and instructional service that provides literacy development support for students in grades one to twelve from the surrounding communities. Literacy Specialist candidates complete three practicum courses, CI 571, 572, and 573. Graduate candidates conduct and analyze diagnostic literacy assessments, provide individualized developmental and remedial instruction, and write comprehensive literacy development reports for each student. Clinicians are supervised during the clinic through direct observation, as well as videotaping, case study discussions, and lesson plan reflections. Candidates work with colleagues to observe, plan, and provide feedback on each other's practice during the three semesters of clinic.

Upon completion of the three practicum courses (CI 571, 572, and 573) with a minimum grade of a B, candidates will present and meet passing criteria for their on-going Literacy Program Notebooks demonstrating a more thorough understanding and application of the previous standards along with resources for each component of literacy.

### **Graduation Requirements**

Candidates must complete all requirements to be eligible for the Illinois Reading Specialist Certificate including: passing the Assessment of Professional Teaching (APT 104) and the Illinois Basic Skills Test (97) one semester prior to program completion, earning an A or a B in all program courses, passing all program assessments, and providing evidence of membership in an organization that will enhance their professional development in literacy (ie. IRC, IRA, NRC, or NCTE). Minimum GPA of 3.25.

- Reading Teacher Endorsement
  - Literacy Specialist Option
  - Reading Specialist Option
  - Literacy Specialist Post-Master's Certificate
  - Reading Teacher Endorsement

## Reading Teacher Endorsement

The Reading Teacher Endorsement requires 24 hours of Literacy Coursework. Contact the Graduate Program Director for individualized program information. This endorsement does not require teaching experience.

Graduate Program Director  
Dr. Stephanie McAndrews  
smcandr@siue.edu

# Integrative Studies (Post-Baccalaureate Certificate)

## Marketing and Public Relations

In the increasingly dynamic national and global markets, professionals in marketing and public relations are in high demand especially if their knowledge and skills cut across industry and specialization areas. An integrative studies post-baccalaureate certificate in marketing and public relations at Southern Illinois University Edwardsville will allow individuals to increase their professional advantage by staying abreast of the cutting-edge trends in these interrelated fields. By learning key concepts and applications of marketing analysis, strategy, and management, as well as visual communication, social media, and international aspects of public relations, students will be well positioned, upon acquiring the certificate, to excel and lead in marketing and public relations agency settings and in corporate or nonprofit communication careers. Evening and online courses will accommodate the busy schedules of working professionals.

The certificate in marketing and public relations is part of SIUE's integrative studies program. Please visit the integrative studies graduate website to find additional opportunities or to learn about designing your own graduate degree.

### Admission

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.

- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Curriculum

The post-baccalaureate certificate requires the completion of 18 hours of courses, split evenly between the applied communication studies and management and marketing departments. The courses are as follows:

### Applied Communication Studies

- ACS 431 – 3 Public Relations Visual Communication
- ACS 432 – 3 Social Media for Public Relations
- ACS 557 – 3 International Public Relations

### Management and Marketing

- MKTG 525 – 3 Marketing Analysis and Applications for Managerial Decision Making
- Two out of the following courses:
  - MKTG 530 – 3 Marketing Planning and Strategy
  - MKTG 534 – 3 Advertising Research
  - MKTG 542 – 3 Promotion Management

Note: Post-baccalaureate students may apply for scholarships, grants and loans, but are not eligible for Federal Title IV financial aid.

## Exit Requirements

The student must successfully complete the program of study with a minimum GPA of 3.0.

# Marketing Research (MMR)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Statement of Purpose: Submit an essay effectively articulating the applicant's career goals as these relate to interest in pursuing the program
- Graduate Management Admission Test (GMAT) or GRE.
- International students must also earn a minimum score of 550 on the paper-based TOEFL or 213 on the computer-based TOEFL or 79 on the internet-based TOEFL.
- All applicants are required to submit three letters of recommendation from individuals who can attest to the applicant's qualifications and likelihood of successful completion of degree requirements.
- Personal history information

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission to the MMR program is highly selective and competitive. The program director, in consultation with marketing faculty, decides who will be admitted based on a balanced appraisal of each component of the applicant's credentials. As a general rule, strong undergraduate performance (high grade point average), above average GMAT/GRE scores (including Verbal, Quantitative, and Analytical Writing components), and an intense interest in pursuing a career in marketing research are essential prerequisites for admission to the MMR program. Applicants who are denied admission may request a review of their credentials by the MMR Admissions Review and Retention Committee which makes its recommendation to the program director. The decision of the program director is final. Applicants who hold a PhD or equivalent in a recognized field from an accredited university need not submit a GMAT/GRE score.

Review the SIUE Admission Policy for more information.

Students are expected to enter the program with competencies in statistics and statistical software and business fundamentals. Admitted students who lack these competencies may satisfy the requirements in the following manner:

1. Statistics and Statistical Software: Students without a background in statistics and statistical software will be required to complete: (a) MS 251 (Statistical Analysis for Business Decisions) or its equivalent, and (b) PAPA 412/420 (Quantitative Analysis) or its equivalent. Based on the evidence provided by the student, this requirement may be waived by the program director. Completion of these courses will not earn academic credit in the MMR program.
2. Business fundamentals: Students without a background in business fundamentals will be required to take three (3) business courses to meet the business fundamentals requirements for graduate study in marketing research. These courses must include: (a) MKTG 525 (Marketing

Analysis and Applications for Managerial Decision Making) and (b) two of the following: MBA 522, MBA 523, ACCT 524, CMIS 526, FIN 527, ECON 528, PROD 529 or the equivalent. The final selection of these courses must be decided in consultation with the program director. Based on the evidence provided by the student, this requirement may be waived by the program director.

# Marketing Research (MMR)

## Program of Study

Students pursuing the MMR degree must complete a minimum of 31 semester hours beyond the business fundamentals and statistics competencies.

**Program courses (22 hours):** MKTG 501 (1 hour), 530, 539 (twice @ 1.5 hours each), 544, 546, 547, 548, 550

**Elective courses (9 hours):** Taken from the following: MKTG 532, 534, 540, 541, 560, 561, 562, 595

Other business electives consistent with the program's goals and student's career objectives may be taken with approval from the program director. Only three (3) hours of 400-level course work may be used to satisfy MMR degree requirements.

# Marketing Research (MMR)

## Graduation Requirements

In addition to completing the required coursework, students must also satisfy a comprehensive examination requirement as outlined in MKTG 550. This course, in which the student designs and completes a marketing research project, is an integrated experience and will ordinarily be the last course taken. Upon completion of the marketing research project, the written report must be in a form suitable for presentation. It must be defended orally before the participating organization, faculty and MMR students. Students who earn a grade below B will be given a second opportunity to complete the course in a satisfactory manner. Performance of individuals who fail to earn a B or above in the second attempt will be reviewed by two additional members of the marketing faculty who may recommend that the student be dropped from the program. In rare instances, students may be permitted a third attempt to earn a grade of B or above under another instructor.

Review the graduation policy for more information.

# Marketing Research (MMR)

## Specialization

### Business Analytics

An MMR student may opt for a specialization in Business Analytics. To complete the specialization, the MMR student must satisfactorily complete a minimum of 37 hours of course work as outlined in the Program of Study in the graduate catalog and satisfy the following Business Analytics requirements:

MKTG 546 – Quantitative Methods (3)

MKTG 544 – Information Fundamentals (3)

CMIS 566 – Introduction to Business Intelligence and Analytics (3)

CMIS 567 – Business Analytics Capstone course and

Elective courses (6 hours): taken from the following:

MKTG 534, 560, 561, and 562. (The choice of electives must be approved by the program director.)

# Mathematics (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Undergraduate background that includes MATH 150, 152, 223, 250 and 321 or their equivalents.
- Grade point average of at least 2.7 (A=4.0) in mathematics and statistics courses.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A brief statement of educational and career goals and interests, together with any supporting documents
- A description of any special qualifications or relevant professional experience.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

In some cases, applicants who meet the requirements for admission to the Graduate School, but do not have the required background in mathematics as indicated above, may register as unclassified graduate students until deficiencies have been satisfied to permit admission to degree-seeking status.

It is recommended that students in the computational and applied mathematics or statistics and operations research specializations have a working knowledge of algorithmic programming language. It is also recommended that students in the theoretical mathematics or computational and applied mathematics specializations have a course in real analysis equivalent to MATH 350 at SIUE.

Review the SIUE Admissions Policy for more information.

# Mathematics (MS)

## Curriculum

The program of study requires a minimum of 30 semester hours of graduate credit, at least 15 of which must be at the 500-level. Students must maintain an overall grade point average of 3.0 for all courses taken in the program.

Students pursuing a double major must complete all required courses in one of the options below. Six to nine hours of the electives may be waived for students who complete a double major. These students must complete at least nine hours of 500-level mathematics, statistics or operations research courses, not counting the thesis or research paper.

Students may choose from four specializations:

Pure Mathematics

Statistics and Operations Research

Computational and Applied Mathematics

Postsecondary Mathematics Education

# Mathematics (MS)

## Specialized Learning Opportunities

- Early Entry BS and MS in Mathematics
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - Early Entry BS and MS in Mathematics

## Early Entry BS and MS in Mathematics

The Department of Mathematics and Statistics offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program. Students with at least 90 semester hours and an overall grade point average of 3.0 (A=4.0) in mathematics, engineering, and physical science courses may be admitted to the BS/MS program that allows them to earn graduate level credit (400- and 500-level) during their senior year. No course can be counted for both graduate and undergraduate credit.

An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Admissions Committee in Mathematics. A program outline must also be submitted for approval by the graduate program director in mathematics prior to enrollment in any courses to be included as a part of the master's program. Official admission to the graduate program and the status of classified graduate student is made only after the award of baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Mathematics (MS)

## Graduation Requirements

For students who complete a thesis or research paper, the final examination consists of an oral presentation based on the content of the thesis or research paper. The examination is administered by the student's advisory committee, which includes the student's research advisor and two other members of the graduate faculty. For those students who select additional course work in lieu of a thesis or research paper, the final exam covers the content from three 500-level MATH, STAT or OR courses chosen jointly by the student and advisor.

Review the graduation policy for more information.

  - Early Entry BS and MS in Mathematics

## Mathematics Professional Development Sequences

The Department of Mathematics and Statistics offers seven professional development sequences (PDS). Each PDS is described below in the program of study section. Each PDS is designed to give students a thorough grounding in one particular subject in mathematics, statistics or operations research.

### ADMISSION

Graduate students who are officially admitted to, and in good standing with, the Graduate School may enroll in a PDS in the Department of Mathematics and Statistics provided they have the approval of the Graduate Program Director. Students enrolled in a PDS need not be graduate students in the Department of Mathematics and Statistics and they be an unclassified graduate student. Students are expected to have completed all courses that are prerequisites to the required courses in the PDS.

### PROGRAM OF STUDY

PDS programs of study are as follows:

#### Quality and Reliability

STAT 484 Reliability Engineering  
STAT 488 Design and Control of Quality Systems  
STAT 584 Reliability Theory  
STAT 588 Advanced Quality Control

#### Design and Analysis of Experiments

STAT 480a,b Mathematical Statistics  
STAT 481 Design and Analysis of Experiments  
STAT 581 Advanced Experimental Design

#### Applied Statistics

STAT 478 Time Series Analysis  
STAT 481 Design and Analysis of Experiments

STAT 482 Regression Analysis

STAT 483 Sample Surveys

### **Mathematical Programming**

OR 440 Deterministic Models

OR 587a,b Mathematical Programming

### **Simulation**

OR 442 Simulation

OR 585 Simulation Theory

OR 586 Simulation Modeling and Languages

### **Numerical Analysis**

MATH 465 Numerical Analysis

MATH 466 Numerical Linear Algebra with Applications

MATH 565 Advanced Numerical Analysis

### **Differential Equations**

MATH 464 Partial Differential Equations

MATH 465 Numerical Analysis

MATH 552 Theory of Ordinary Differential Equations

MATH 567 Topics in Applied Mathematical Analysis

### **Data Science and Statistical Modeling**

STAT 478 Time Series Analysis

STAT 482 Regression Analysis

STAT 489 Applied Statistical Learning and Data Mining

STAT 589 Applied Multivariate Analysis

STAT 579 Discrete Multivariate Analysis

# Mathematics (MS)

## Specialized Learning Opportunities

- Computational and Applied Mathematics Specialization
  - Computational and Applied Mathematics Specialization
  - Postsecondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - Early Entry BS and MS in Mathematics

## Computational and Applied Mathematics Specialization

**Required Courses (18 hours):** MATH 421, 450, 464, either 465 or 466, either 555 or 565, and either 451 or 552.

**Electives (6 to 9 hours):** Electives may be selected from 400- and 500-level mathematics, statistics, or operations research courses. MATH 550 and 567, STAT 575, and OR 587ab are recommended.

**Thesis or research paper (3 to 6 hours):** MATH 599 (Thesis), or MATH 595 (Special Project). Students in the computational and applied mathematics specialization may substitute additional 500-level course work for the thesis or research paper to complete the 30-hour requirement for the degree. Students who select this course option must pass a comprehensive exam covering three 500-level MATH, STAT, or OR courses chosen jointly by the student and advisor.

The 400-level required courses are waived for students who have completed these courses as undergraduates, although graduate credit cannot be given for courses taken as an undergraduate.

# Mathematics (MS)

## Specialized Learning Opportunities

- Postsecondary Mathematics Education Specialization
  - Computational and Applied Mathematics Specialization
  - Postsecondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - Early Entry BS and MS in Mathematics

## Postsecondary Mathematics Education Specialization

Students must complete the requirements in Groups A, B, C, D, and E.

**Group A:** Three courses selected from the following:

MATH 420, 421, 423, 430, 435, 437, 450, 451, 464, 465, 466, OR 440, STAT 478, 480A, 480B, 481, 482.

**Group B:** Two courses selected from the following:

MATH 531 - Algebraic Content, Pedagogy and Connections  
 MATH 532 - Geometric Content, Pedagogy and Connections  
 MATH 533 - Discrete Mathematics Content, Pedagogy and Connections  
 MATH 534 - Calculus Content, Pedagogy and Connections  
 STAT 535 - Statistics Content, Pedagogy and Connections

**Group C:** Two MATH/STAT/OR electives selected from 500-level MATH, STAT, or OR courses, excluding courses from Group B above.

**Group D:** Two courses selected from the following:

ADED 522 - Program Planning in Adult and Continuing Education  
 ADED 523 - Curriculum and Instruction in ADult and Continuing Education  
 EPFR 501 - Research Methods  
 EPFR 515 - Advanced Educational Psychology  
 CI 510 - Analysis of Instruction (choose either CI 510F or CI 510J)  
 CI 563 - Curriculum Models (choose either CI 563 F, J, K, or L)  
 IT 540 - Distance Education

**GROUP E:** MATH, STAT, or OR 599 (Thesis), or MATH, STAT or OR 595 (Special Project), or option of substituting additional 500-level course work in MATH, STAT or OR, excluding courses from Group B. Students who select this option must pass a final exam covering two 500-level MATH, STAT, or OR courses from Group C and the additional course from Group E.

# Mathematics (MS)

## Specialized Learning Opportunities

- Pure Mathematics Specialization
  - Computational and Applied Mathematics Specialization
  - Postsecondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - Early Entry BS and MS in Mathematics

## Pure Mathematics Specialization

**Required courses (18 hours):** MATH 421, 430 or 437, 450, 451 or 552, 555 or 565 and 520 or 545.

**Electives (6 to 9 hours):** Electives may be selected from 400- or 500-level mathematics, statistics, or operations research courses.

**Thesis or research paper (3 to 6 hours):** MATH 599 (Thesis) or MATH 595 (Special Project). Students in the pure mathematics specialization may substitute additional 500-level course work for the thesis or research paper to complete the 30-hour requirement for the degree. Students who select this course option must pass a comprehensive exam covering three 500-level MATH, STAT, or OR courses chosen jointly by the student and advisor.

# Mathematics (MS)

## Specialized Learning Opportunities

- Statistics and Operations Research Specialization
  - Computational and Applied Mathematics Specialization
  - Postsecondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - Early Entry BS and MS in Mathematics

## Statistics and Operations Research Specialization

**Required courses (18 hours):** Stat 480a, 480b, one of OR 440, OR 587a, Math 423 and one of: OR 441, OR 442, OR 585. One of the following two semester sequences is required: Stat 581, Stat 582; Stat 584, Stat 588; Stat 579, Stat 589; OR 587a, OR 587b; OR 585, OR 586. A student taking the OR 587a and OR 587b sequence will be required to take either OR 440 or Math 423. A student taking the OR 585/OR 586 sequence will be required to take either OR 441 or OR 442.

**Electives (6 to 9 hours):** Electives may be selected from 400- or 500-level mathematics, statistics, or operations research courses.

**Thesis or Research Paper (3 to 6 hours):** STAT or OR 599 (Thesis), or STAT or OR 595 (Special Project). Students in the Statistics and Operations Research specialization may substitute additional course work for the thesis or research paper to complete the 30-hour requirement for the degree. Students who select this course option must pass a comprehensive exam covering three 500-level MATH, STAT, or OR courses chosen jointly by the student and advisor.

# MBA

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE). Applicants who hold a PhD, MD, LL.M., DDS, DNP, EdD or the equivalent in a recognized field from an accredited program in an acceptable U.S. university need not submit a GMAT/GRE score.
- Applicants holding a master's degree, PharmD, or JD from an accredited program at an acceptable U.S. institution can make a request to waive the GMAT/GRE exam requirement.
- Applicants with a 3.2 or better GPA in undergraduate business degrees from AACSB-accredited business programs or a 3.2 or better GPA in undergraduate engineering degrees from ABET-accredited engineering programs can waive the GMAT/GRE requirement. Applicants with a 3.0 or higher GPA and a minimum of three years full-time professional work experience can make a request to waive the GMAT/GRE exam requirement.
- The decision to grant the GMAT/GRE waiver rests with the program director and School of Business MBA admissions committee. Applicants must contact the program director at [testwaiverrequest@siue.edu](mailto:testwaiverrequest@siue.edu) to request the waiver.
- Personal history information
- International students must also earn a minimum score of 550 of the paper-based TOEFL or 79 internet-based TOEFL.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission to the MBA program is based on a variety of factors including undergraduate grade point average, overall score on the GMAT and its parts (Verbal, Quantitative and Analytical Writing), and previous work in other graduate programs. At least two years of work experience is recommended for students entering the MBA program. Students recently admitted to the MBA program have had, on average, a cumulative undergraduate grade point average (UGPA) of 3.2 (A=4.0) and an overall GMAT score of approximately 520.

Review the SIUE Admissions Policy for more information.

Students who are admitted to the SIUE DNP program and who hold a master's in nursing may submit a request to waive the GMAT/GRE.

Students who are admitted to and pursuing a PharmD at SIUE and who wish to apply to the MBA program at SIUE may submit an application to the Graduate School for review once they have earned the equivalent of 106 semester hours. A currently enrolled SIUE PharmD student, upon approval of the MBA program director, will be allowed to enroll in a maximum total of six credits of graduate level business course work until the student has earned the equivalent of 124 semester hours, at which time the student would be allowed to enroll in further courses toward the MBA program. Currently enrolled

SIUE PharmD students may submit a recent official PCAT exam result for consideration of waiving the GMAT exam; minimum composite, verbal, and quantitative scores on the PCAT are required for a GMAT waiver to be granted.

Students who were not admitted may appeal. These appeals are handled by the MBA program director. Students seeking an exception are required to provide the program director with evidence supporting the reason such an exception should be granted. The program director's decision regarding the appeal is final.

### **Unclassified Status**

An applicant with an undergraduate grade point average of 2.8 or higher may be permitted to enroll in classes for one term as an unclassified student prior to taking the GMAT. In most cases, no more than six credit hours of course work can be taken prior to receipt of the scores by the School of Business Student Services Office.

### **Entry Competencies**

Students are expected to enter the program with competencies in computer software and statistics.

# MBA

## Program of Study

The following eight courses are required for the completion of the MBA program. In addition to the program courses which comprise 24 credit hours, four (4) elective courses or a specified concentration are required for a total of 36 credit hours to complete the MBA degree requirements.

### The MBA program courses are:

**ACCT 524** Accounting for MBAs

**CMIS 526** Information Systems and Technology

**ECON 528** Managerial Economics

**FIN 527** Corporate Finance

**MBA 521** Quantitative Analysis

**MBA 522** Decision Making in Organizations

**MBA 534** Strategic Management

**MKTG 525** Marketing Analysis and Applications for Managerial Decision Making

Each student must take a total of 12 hours (four courses) of electives or a specialization. Elective courses can be taken in any of the following departments: accounting, economics and finance, management and marketing, and computer management and information systems. Electives may also be chosen from the courses offered by departments in other schools with the advance approval of the MBA program director. Such courses, however, must be related to the student's career objectives. No more than six (6) hours of 400-level course work may be used to satisfy MBA degree requirements.

MBA students with an undergraduate degree from an AACSB-accredited accounting program must choose an elective to replace ACCT 524.

### Retention

Students must maintain a cumulative GPA of 3.0 in their MBA courses. Students who fall below this minimum will be placed on academic probation and referred to the Associate Dean for Academic Affairs. If the student is permitted to continue in the program, the conditions for continuance will be put in writing and communicated to the student. The full MBA retention policy is available through Business Student Services. In addition, students must have a cumulative GPA of 3.0 or higher in order to receive their degree.

# MBA

## Graduation Requirements

In addition to completing the course work, students must also satisfy a comprehensive examination requirement by earning a grade of B or above in MBA 534. Students who earn a grade below B will be given a second opportunity to complete the course in a satisfactory manner. Performance of individuals who fail to earn a B or above in the second attempt will be reviewed by two additional members of the School of Business Curriculum Committee who may recommend that the student be dropped from the program or, in rare instances, be permitted a third attempt to earn a grade of B or above under another instructor.

Review the graduation policy for more information.

# MBA

## Specializations

- Business Analytics
  - Business Analytics
  - Management Information Systems
  - Project Management

## Business Analytics

Students may choose a specialization in business analytics as preparation for a career that requires knowledge of business analysis, competitive intelligence, and information security. To complete the specialization in Business Analytics, MBA students must complete the ten program courses plus the following specialization courses (prerequisites for these courses must be met prior to enrollment in the course):

MBA 521 – Quantitative Methods (3)

CMIS 526 – Information Fundamentals (3)

CMIS 566 – Introduction to Business Intelligence and Analytics (3)

Two electives selected from MKTG 560, MKTG 562, MKTG 595, ECON 581, FIN 541, CMIS 564, or ACCT 565

CMIS 567 – Business Analytics Capstone (3)

# MBA

## Specializations

- Management Information Systems
  - Business Analytics
  - Management Information Systems
  - Project Management

## Management Information Systems

Students may choose to pursue an MBA degree with a specialization in management information systems (MIS). The MBA/MIS specialization is an advanced professional degree that combines management skills with the study of information systems analysis and design. The program is designed to develop the student's ability to formulate and implement management information systems that will promote the achievement of the goals and objectives of the organization. Emphasis is placed upon the theory of information systems analysis and the modeling of the decision-making process in designing effective information systems.

Through the choice of elective courses in the MIS emphasis area, students can combine the study of management information systems with application to a specific discipline. Courses within the program are modified frequently to keep pace with changes in employer expectations and developments in information systems. Students who complete this degree are qualified for positions such as advanced systems analysts, supervisors of computer and data processing centers, and managers of information centers.

Program content balances theory with applications through case studies and projects that emphasize the effectiveness of organizational information systems in achieving the objectives for which the systems are designed. Factors such as the organizational structure and information requirements are studied within the context of ethical, economic, and socio-technical factors that affect the design of systems.

Some of the elective courses assume that students have an appropriate undergraduate computing background or comparable business experience in the computing field. Students are responsible for ensuring that their background is appropriate to the electives selected through consultation with School of Business advisers.

The specialization is comprised of five electives from any CMIS course listed in the graduate catalog. CMIS 526 can be used as one of the electives for MBA students. No more than two of the courses selected may be at the 400-level.

# MBA

## Specializations

- Project Management
  - Business Analytics
  - Management Information Systems
  - Project Management

## Project Management

Students may choose to pursue an MBA degree with a specialization in project management. This specialization equips future business leaders with an understanding of the fundamentals of project management and exposes them to areas of key interest to project managers such as project risk, procurement, quality management, and change management. Course work addresses many of the concepts covered in the project management certification exam that is administered by the Project Management Institute.

The course work in the specialization balances theoretical concepts with applied exercises and cases. Students have the opportunity to apply project management concepts and processes in a “live” project. These experiences enable the student that specializes in project management to emerge with a much better understanding of the dynamics and challenges associated with projects, as well as effective practices for managing them.

In addition to the MBA foundation and core requirements, students choosing the project management specialization must complete twelve credit hours. The following four courses are required:

CMIS 540 Project Management Fundamentals and Best Practices (3)

CMIS 535 Project Management Standard Processes (3)

CMIS 536 Procurement Management in Projects (1.5)

CMIS 537 Project Risk Management (1.5)

And, students must complete one of the following courses:

MGMT 551 Managing Organizational Change and Innovation (3) or

MGMT 553 Seminar in Quality and Performance Management (3)

CMIS 548 Program and Project Portfolio Management (3)

### SIUE Project Support Center

The project management headquarters for the School of Business, the Project Support Center provides access to project management templates associated with the *Techniques for Managing Projects* textbook.

### Project Management Institute and PMP Credential

The Project Management Institute (PMI) is the leading professional membership association for the project management profession. Explore the PMI website and learn more about the project

management profession and certification.

# Mechanical Engineering (MS,)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Undergraduate grade point average of at least 2.75 on a 4.0 scale in engineering, mathematics and physical science courses.
- A baccalaureate degree in mechanical engineering from an ABET-accredited program. Applicants who completed a non-ABET accredited program or whose undergraduate studies were in a country other than the United States must have a baccalaureate degree in mechanical engineering which is comparable to the United States' bachelor's degree and are encouraged to take the Graduate Record Examination (GRE) (verbal, quantitative, and analytical portions) to support their applications.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants from selected areas of mathematical and physical sciences, or those whose undergraduate engineering degrees are not in mechanical engineering, will be considered for admission on a case-by-case basis. Such applicants may be required to take remedial courses in the deficient area before taking graduate-level ME courses.

In exceptional cases, the graduate admission committee may consider applicants who meet the Graduate School admission standards, but do not meet certain specified program admission requirements. The committee may consider other evidence that indicates high promise of the applicant's success in the program. Such supportive evidence may include high scores on GRE, professional registration, extensive professional experience, professional publications, or satisfactory graduate-level work.

Review the SIUE Admissions Policy for more information.

# Mechanical Engineering (MS,)

## Curriculum

The department offers both thesis and non-thesis options. Both options require the completion of 30 graduate credit hours. To take full advantage of the academic experience available, however, students are encouraged to take the thesis option.

The thesis option requires a minimum of 24 credit hours of coursework plus 6 credit hours of ME 599 - Thesis.

Thesis students will be guided in thesis work by a thesis advisor with the assistance and concurrence of an advisory committee. The thesis topic will be selected from an area in mechanical engineering and approved by the student's advisor. When possible, part-time students will be encouraged to select topics complementing their professional responsibilities. Writing a thesis involves an intensive research effort and generally requires several semesters of work to complete. Students are encouraged to find a thesis advisor and begin their thesis work well in advance of registering for thesis credits.

The non-thesis option requires a minimum of 30 credit hours of coursework plus the completion of a research project.

Non-thesis students are required to work on a research project, the topic of which is mutually agreed upon by the student and a faculty advisor, and write a report describing their project and present their findings to an examining committee. A research is less involved than a thesis. No credit is awarded for completion of the research project.

Of the 30 credit hours required, at least 21 credit hours must be in mechanical engineering courses, of which at least 15 credit hours must be at the 500-level (which may include up to six credit hours of ME 599 - Thesis). Six credit hours must be in mathematics and must be selected from a list of courses already approved by the mechanical engineering faculty. The program allows students to take one graduate-level elective course from outside the program. The elective course may be taken from any of the courses listed in the current Graduate Catalog, provided the student meets prerequisites.

All students are required to complete either ME 530-Advanced Dynamics or ME 575-Advanced Fluid Mechanics.

The mechanical engineering discipline has a close interface with civil engineering in the areas of stress analysis and elasticity, and with electrical engineering in the areas of system dynamics and control theory. Whenever possible, courses in these areas will be cross-listed to enrich the variety of course offerings for students in all programs.

The specific program of study is selected by the student and approved by the student's advisor.

# **Mechanical Engineering (MS,)**

## **Combined Program**

### **Early Entry BS and MS in Mechanical Engineering**

Mechanical Engineering offers undergraduate students the opportunity to begin coursework towards the Master of Science degree during their senior year of their Bachelor of Science program. Students with senior level status (at least 90 semester hours) and a cumulative grade point average of 3.0 on a 4.0 scale may be admitted to the BS/MS program that allows them to earn graduate level credit (400- and 500-level) during their senior year. An application for degree-seeking status as a graduate student must be approved by graduate admissions and the director of the mechanical engineering graduate program. A program outline must also be submitted for approval by graduate records and the director of the mechanical engineering graduate program prior to enrollment in any courses to be included as part of the master's program. Official admission to the graduate program and to status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Mechanical Engineering (MS,)

## Graduation Requirements

Students must have completed all coursework with a minimum grade of "C" and have a minimum program GPA of 3.0. Both thesis and non-thesis students are required to pass a final examination.

The final exam will include an oral presentation and defense of the thesis or project. Final examination will be conducted by an examination committee primarily on the content of the thesis or project, but may also include the subject matter of relevant courses. The examination committee will consist of a minimum of three faculty members, with at least two ME faculty members. Prior to the final oral examination, students are required to submit copies of their thesis or project to all committee members, sufficiently in advance of the exam date to allow the committee to review the material. The student must schedule the exam at least two weeks prior to the exam date. The student is responsible for informing the committee and the Graduate Program Director of the date, time, and place of the exam.

Review the graduation policy for more information.

# Media Studies (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Undergraduate grade point average of 3.0 (on a 4.0 scale)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Academic History Information
- Statement of purpose

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

Students with undergraduate majors in fields other than mass communications will be considered for admission, provided that their statement of purpose, as contained in the Mass Communications Department Graduate Program Application, shows the relationship between the undergraduate major and the MS program in media studies. Students lacking sufficient undergraduate preparation (as determined by the Director of Graduate Studies), will be required to take up to three prerequisite courses (nine hours) that will not count toward the graduate degree. With permission from the Director of Graduate Studies, these courses may be taken concurrently with those toward the MS degree.

Following admission, each student should make an appointment with the graduate program director for initial advisement.

# Media Studies (MS)

## Curriculum

Thirty semester hours of graduate credit are required for the degree. No credit will be accepted for a C or lower in the master's program; students may retake courses one time to improve a grade.

**Required courses (nine hours):** MC 500, 501, 502

**Electives (15 hours):** selected in consultation with the student's graduate advisor. No more than six hours may be taken outside the Department of Mass Communications.

**Thesis or Project (6 hours):** MC 599 (Thesis) or MC 598 (Final Project) or two additional graduate courses/electives for students opting to take a comprehensive exam as an exit requirement.

# Media Studies (MS)

## Graduation Requirements

Students may choose one of three options as part of their exit requirement:

- Thesis
- Project
- Comprehensive exam

After the thesis, project or exam is submitted and evaluated by the student's advisory committee, the student must successfully complete an oral examination conducted by the committee. The oral examination will focus primarily on the defense of the thesis, project or exam and may also cover the student's program of study.

Review the graduation policy for more information.

# Media Studies (MS)

## Digital Media Literacy

The certificate is designed for teachers of secondary education who wish to address questions of media impact in their curriculum. The certificate provides a foundation of theoretical, analytical and applied approaches to current trends in mass media. Issues covered include the emergence of new technologies; growth of multinational media conglomeration and the impact on politics; questions of race, class, gender and representation; and the effects of media violence. In addition, certificate program students can also learn and/or sharpen media production skills through elective courses. This certificate should be particularly useful for teachers of high school courses such as social studies, contemporary concerns, political science, English, media studies, etc.

### Admission

Requirements are the same as the Master's in media studies.

### Program of Study

#### Core Courses (9 hours):

MC 500 Mass Communication Theory  
MC 503 Media Critical Theory  
MC 504 Special Topics in Mass Communication

#### Elective Courses (9 hours)

All other mass communications courses.

No more than three semester hours can be taken in independent readings, directed research, or other similar courses. No waiver of courses and/or completion requirements is permissible. Additional details and application materials can be found on the Mass Communications website.

# Master of Science in Accountancy (MSA)

## Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all post-secondary academic transcripts
3. Successful completion of a bachelor's degree prior to enrollment
4. Minimum GPA of 2.50
5. Applicants for admission to the MSA program who have earned an undergraduate accounting degree from a program with separate AACSB accounting accreditation and an overall GPA of 3.5 (A=4.0) will be admitted to the MSA. Applicants who qualify under this condition will not be required to take the GMAT or GRE and can apply to the MSA any time after the start of the final semester of their undergraduate accounting program.
6. All other applicants for admission to the MSA program must complete the GMAT or the GRE. Candidates who submit GMAT scores must have a minimum score of 500 and a score of at least 25 each on the verbal and quantitative portions of the examination.
7. Personal history information
8. International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Based on the formula where the admission score equals 200 times the undergraduate grade point average (A=4.0) plus the GMAT score, admissions requires a total score of 1100. If a candidate submits GRE scores, the scores will be converted to comparable GMAT scores using the GRE Comparison Tool for Business Schools. The converted scores must meet the GMAT and formula standards outlined above.

Applicants with non-accounting undergraduate degrees can satisfy the programs prerequisite requirements by completing appropriate undergraduate prerequisite courses.

Review the SIUE Admissions Policy for more information.

## Undergraduate Prerequisite Courses

Applicants can satisfy the program's prerequisite requirements by completing the following admission prerequisite courses, or their equivalent, with a grade point average of 2.7 or better: ACCT 200 or 524, ACCT 301, 302, 303, 311, 312, 315, and 321. These courses do not carry credit toward the MSA degree. Prerequisite courses taken prior to admission to the MSA program ordinarily must have been taken within six years of the date the applicant is admitted. An MSA student undertaking prerequisite courses may be terminated from the program if the student's grade point average calculated over all prerequisite courses taken at SIUE falls below 2.7 for more than 1 semester, the student receives a grade of less than C in any prerequisite course, or the student fails to make satisfactory progress.

# Master of Science in Accountancy (MSA)

## Program of Study

The MSA degree requires completion of 30 semester hours of course work beyond the prerequisite courses. No more than 12 hours of 400-level course work may apply toward elective requirements of the MSA degree. Specific courses, or their equivalents, used to satisfy a student's undergraduate degree requirements may not be used by that student in satisfying the program or elective requirements of the MSA degree. No more than nine (9) elective hours taken outside the School of Business will count toward the MSA degree. At the discretion of the program director, a maximum of six (6) semester hours of elective requirements may be satisfied by transfer of credit from other institutions. For transfer credit, a grade of B or better must have been earned in the course. Ordinarily, business courses may be transferred only from institutions accredited by the Association to Advance Collegiate Schools of Business (AACSB). Courses transferred may not have been used to satisfy requirements for any other degree.

Each student's program of study must be approved by his or her graduate advisor. The program of study consists of three parts following completion of all admission prerequisites:

1. **Foundation Courses (up to 18 semester hours):** For students not having completed appropriate courses in the business disciplines within a reasonable time prior to admission, course work will be determined after evaluation of prior courses completed in the area and grades received in those courses, the time since completion of the prior course work, and other evidence of currency of their business knowledge. Determinations of deficiencies made by the program director are final. An undergraduate business degree from SIUE, or the equivalent, completed within six (6) years prior to admission to the MSA program normally will satisfy the foundation course requirements.
2. **Program Courses (9 hours):** ACCT 510, 580 (taken in the last semester of study), and one of the following courses: ACCT 531, 541, 561
3. **Elective Courses (21 hours):** The same course may not be used to meet both the program course and elective course requirements
  1. Accounting Electives (6 to 12 hours; at least 3 hours in courses numbered above 530): ACCT 401, 431, 531, 541, 550, 553, 556, 557, 561, 565, 567, 597
  2. Other electives (9 to 15 hours; no more than 9 hours outside the School of Business)

To remain in good standing in the MSA program, students must maintain a 3.0 (B) grade point average in all courses taken in the MSA program (excluding prerequisite courses) and in all program and approved elective courses. Students who are not in good standing for more than one semester may be terminated from the program.

# Master of Science in Accountancy (MSA)

## Graduation Requirements

To graduate with the MSA degree, students must complete all program requirements and have a 3.0 grade point average in all courses taken in the MSA program (excluding prerequisite courses) and in all program courses and approved elective courses. Only program and elective courses taken within a six-year period preceding the completion of all requirements for the MSA degree will count toward the degree. Foundation courses taken to provide the common body of knowledge in business must be taken within an eight-year period preceding the completion of all requirements for the degree.

A significant research project resulting in a written report and a final examination based on the approved program of study are required of each student to be awarded the MSA degree. Both requirements will be completed as part of the requirements for ACCT 580. A satisfactory grade must be received on both the research report and final examination for completion of the degree requirements.

Ordinarily, the final examination will be administered as part of ACCT 580. The examination will include questions related to the students' program of study, their work in ACCT 580, and their research projects. Some parts of the final examination may be common to all students, while other parts will relate to the individual programs of study of the specific students. Examination committees will consist of the instructor of ACCT 580 and two other members of the Graduate Faculty of the School of Business appointed by the program director. For a student to pass the final examination, at least two of the three members of the examination committee must concur that the student should receive a passing grade.

Students who do not pass the MSA final examination on the first attempt will have one additional opportunity to complete the final examination. A student who fails the final examination on the second attempt will be required to complete additional course work specified by the program director before attempting the final examination a third time. Students who do not pass the final examination after three attempts will be terminated from the program.

Each student's program will be tailored to that individual so all students can follow their interests through integrated sequences of courses. The entire program is designed to place emphasis on critical thinking, research, and problem-solving. Therefore, the research requirement is not meant to be viewed as the isolated requirement of a single course but the culmination of the student's program of study.

Review the graduation policy for more information.

# Master of Science in Accountancy (MSA)

## Specializations

- Business Analytics
  - Business Analytics
  - Taxation

## Business Analytics

MSA Students may opt for a specialization in business analytics. To complete the specialization, MSA students must complete ten graduate courses including ACCT 510 and ACCT 580, any one of ACCT 531, 541, or 561, and satisfy the following Business Analytics requirements:

One course in Quantitative Methods (MBA 521 or ECON/FIN 515)

One course in Information Fundamentals (CMIS 526, ACCT 561, ECON/FIN 517 or MKTG 544)

CMIS 566 – Introduction to Business Intelligence and Analytics

Two (2) electives from the following courses: ACCT 565, CMIS 563, CMIS 564, ECON 581, FIN 525, FIN 541, MKTG 548, MKTG 560, MKTG 562, MKTG 595;

CMIS 567 - Business Analytics Capstone (3)

Depending on course selections, students may need one additional accounting elective and/or one additional free elective.

# Master of Science in Accountancy (MSA)

## Specializations

- Taxation
  - Business Analytics
  - Taxation

## Taxation

MSA Students may opt for a specialization in taxation. To complete the tax specialization, MSA students should complete ACCT 510 and 580, any one of ACCT 531, 541, or 561 as a program course, and the following electives: ACCT 550 Tax Research, ACCT 553 Taxation of Flow-Through Entities, ACCT 556 Personal Tax Planning, ACCT 557 Corporate Taxation.

# Music (MM)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Baccalaureate degree or its equivalent in music and at least a 2.8 (A=4.0) overall grade point average in undergraduate work.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- An applicant in music education must have state certification in music
- An applicant in performance must pass an audition.
- The audition for admission to the specialization in music performance can be accomplished in one of the following ways:
  - A personal audition before a graduate auditioning committee
  - A recording of a full recital that may serve as a basis for provisional acceptance to be followed by a personal audition
  - The Senior Recital at SIUE may serve as the audition, provided the student makes application through the graduate program director in music at least three weeks prior to the recital. A student who fails to matriculate in the master's degree program within one year following the senior recital will be required to re-audition.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Entering graduate students concentrating in voice or accompanying should have completed one year each of two of the following: Italian, French and German. Deficiencies can be removed by enrolling in undergraduate foreign language classes and diction class. Language requirements do not apply to students pursuing an instrumental concentration.

Review the SIUE Admissions Policy for more information.

# **Music (MM)**

## **Curriculum**

The Master of Music degree program requires a minimum of 32 semester hours for completion.

Students will choose a specialization in Music Education or Performance.

## Music (MM)

### Graduation Requirements

A comprehensive final examination is required of all students. The examination is based on the student's program of study, and includes theory, literature and area of emphasis. The examination will be conducted and evaluated by the advisory committee. Students who fail the examination may repeat it upon recommendation of the committee.

Review the graduation policy for more information.

# Music (MM)

## Specialized Learning Opportunities

- Piano Pedagogy Post-Baccalaureate Certificate
  - Music Education Specialization (MM)
  - Performance Specialization (MM)
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

## Piano Pedagogy Post-Baccalaureate Certificate

The Post-Baccalaureate Certificate in piano pedagogy is designed for piano teachers who wish to advance their skills in performance, pedagogy, literature, and theory. Students who complete the certificate may apply the coursework (except MUS 440 and 500A) toward a Master's in piano performance if accepted into that program.

### Admission

An applicant for admission to the certificate program is expected to have a baccalaureate degree or its equivalent in music and at least a 2.5 (A=4.0) overall grade point average in undergraduate coursework and must complete a successful audition for applied piano placement.

### Program of Study

#### Post-Baccalaureate Certificate in Piano Pedagogy (18-20 hours):

#### Required Courses (16 hours)

Piano Pedagogy - 561a, 561b (6 hours)  
Seminar in Materials and Techniques - 553c (2 hours)  
Applied Piano - 440k or 540k (4 hours)  
Piano Literature - 513a, 513b (4 hours)

#### Electives (Select 2-4 hours)

Counterpoint - 442 (3 hours)  
Applied Theory Ear Training - 530 (2 hours)  
Graduate Music Theory Review - 500a (2 hours)  
Applied Piano - 440k or 540k (2 hours)

### Exit Requirements

Students must maintain a GPA of 3.0 and complete the course requirements within four (4) calendar years.

# Music (MM)

## Specialized Learning Opportunities

- Music Education Specialization (MM)
  - Music Education Specialization (MM)
  - Performance Specialization (MM)
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

## Music Education

**Required courses in music (4 hours):** MUS 501, 502

**Required courses in music education (12 hours):** MUS 520, 525, 530, 535, and 560

Instrumentalists must also complete MUS 415

Vocalists must complete MUS 519a

**Electives in Music Education and Pedagogy (6 hours):** Students may substitute up to four semester hours of graduate courses in education if, prior to electing these courses, they submit a written request to the Director of Music Education and obtain approval.

**General Music Electives (6 hours):** At least one elective in music theory, music history, and ensemble/applied instruction. Students completing the recital with supporting paper must complete a minimum of four semester hours of private applied instruction (MUS 540 or 541) in addition to MUS 591.

**Thesis or Graduate Recital with Supporting Paper (4 hours):** MUS 599 or MUS 591

These scholarly projects come at the end of graduate study and demonstrate the graduate student's ability to produce an original research document of merit. Most degree candidates complete a thesis, but students desiring to perform a recital and write a supporting paper instead of the thesis may do so with approval from the Director of Music Education, the applied instructor, and the audition committee.

Like the thesis, the supporting paper must be relevant to music education. This paper may focus on issues such as pedagogical implications of the instrument's construction and capabilities, principally as these relate to the recital repertoire; the history and structure of the recital repertoire; particularly as these relate to performance and instruction; and other factors pertaining to teaching, learning, and performing on the instrument.

# Music (MM)

## Specialized Learning Opportunities

- Performance Specialization (MM)
  - Music Education Specialization (MM)
  - Performance Specialization (MM)
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

## Performance

**Required courses in music (4 hours):** MUS 501, 502

In addition to the required courses in music, the program of study includes eight hours in the principal area of performance and two to six hours in music history and literature. Students pursuing a piano performance concentration must take at least four hours of MUS 565 (Advanced Piano Ensemble-Accompanying and Chamber Music). Students pursuing a jazz performance concentration must take at least four hours of MUS 566 (Instrumental Ensemble) and MUS 509 Advanced Jazz Arranging/Composition (two hours). Students pursuing voice, choral conducting, and piano majors following the chamber music/accompanying option must take MUS 539 Advanced Diction (two hours). Additionally, choral conducting students must take four credit hours of MUS 540Q Applied Voice.

**Electives:** Up to four hours in the principal applied area and, with approval of the graduate advisor, may include courses outside the field of music to a total of six hours. Additional elective hours as needed to complete the minimum program requirement of 32 hours.

**Graduate Recital (1 to 4 hours):** MUS 590

Accompanying majors will perform three recitals of ensemble music, including both vocal and instrumental repertoire.

# Music (MM)

## Specialized Learning Opportunities

- Vocal Pedagogy Post-Baccalaureate Certificate
  - Music Education Specialization (MM)
  - Performance Specialization (MM)
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

## Vocal Pedagogy Post-Baccalaureate Certificate

The Post-Baccalaureate Certificate in vocal pedagogy is designed for voice teachers who wish to advance their skills in pedagogy and literature. Students who complete the certificate may apply the coursework (except MUS 440 and 500A) toward a Master's in vocal performance if accepted into that program.

### Admission

An applicant for admission to the certificate program is expected to have a baccalaureate degree or its equivalent in music and at least a 2.5 (A=4.0) overall grade point average in undergraduate coursework and must complete a successful audition for voice placement.

### Program of Study

#### Post-Baccalaureate Certificate in Vocal Pedagogy (18-20 hours):

#### Required Courses (14 hours)

Vocal Pedagogy - 519a, 519b (4 hours)  
Vocal Literature - 511f (2 hours)  
Applied Voice - 440q or 540q (4 hours)  
Advanced Diction - 539 (2 hours)  
Practicum in Vocal Pedagogy - 593 (2 hours)

#### Electives (Select 4-6 hours)

Applied Voice - 440q or 540q (2-4 hours)  
Graduate Music History Review - 500b (2 hours)  
Applied Theory and Ear Training - 530 (2 hours)

### Exit Requirements

Students must maintain a GPA of 3.0 and complete the course requirements within four (4) calendar years.

# Nursing - Nurse Educator (MS)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

### School of Nursing admission decisions are based upon the following:

1. Provide professional experience, goals statement, and three reference forms (one of which should be from your current manager and two others preferably from nurses holding a graduate degree in nursing or a related field).
2. Bachelor of Science in nursing (Master of Science in nursing for post-master's applicants) from a CCNE or NLNAC accredited program (Graduates from non-NLNAC or CCNE accredited programs will be considered under certain circumstances. Please contact the School of Nursing for more information.).

Current unencumbered RN licenses in the state where you plan to complete your practicum experience. Due to the required clinical assignments, nurse anesthesia students must possess unencumbered Illinois and Missouri RN licenses.

1. NP, NE and HCNA students, please note that if you live anywhere in or around St. Louis metro area, we strongly encourage you to hold an active Illinois and Missouri license.
2. If a student participates in any clinical practicum in a state in which they are not licensed, the student will be referred to the appropriate Student Affairs Committee Honor Board for a Level 4 violation of the Academic Integrity Statement.
4. Minimum undergraduate (graduate for post-master's applicants) nursing GPA of 3.0/4.0.
5. Preferred minimum undergraduate (graduate for post-master's applicants) Science GPA of 3.0/4.0.
6. Preferred minimum overall undergraduate (graduate for post-master's applicants) GPA of 3.0/4.0.
7. Evidence of completion of an undergraduate statistics course with a grade of C or better.
8. Completion of a minimum of one (1) year of professional nursing practice experience prior to enrollment in the first specialization clinical course
9. Successful completion of a drug screen and a criminal background check, as specified by the School of Nursing, to be performed after initial acceptance to the program.

Applicants may follow-up with the graduate nursing advisor to check on status of the application. Review the SIUE Admissions Policy for more information.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

## Application Deadline

The priority application deadline is February 1 for summer applicants, June 1 for fall applicants, and November 1 for spring applicants.

# Nursing - Nurse Educator (MS)

## Program of Study

The program for the Master of Science in nursing consists of 33 semester hours for Nurse Educator.

---

- (3) NURS 500 Theoretical Foundations of Nursing
- (3) PAPA 561 Biostats/Epidemiology
- (3) NURS 504 Research in Advanced Nursing Practice
- (3) NURS 505 Health Policy and Advanced Nursing Practice
- (3) NURS 580 Teaching and Learning Theory, Development and Socialization in Nursing Education
- (3) NURS 518 Advanced Pathophysiology for Nurse Educators
- (3) NURS 581 Curriculum Theory, Design & Program Evaluation in Nursing Education
- (3) NURS 516 Advanced Pharmacology
- (3) NURS 582 Instructional Design, Assessment & Evaluation for Nursing Education (2 hours didactic, 1 hour practicum)
- (3) NURS 586 Advanced Specialty Nursing Practice for Nurse Educators: Seminar (2 hours didactic, 1 hour practicum)
- (3) NURS 585 Nurse Educator Role Synthesis (2 hours didactic, 1 hour practicum) Completion of Terminal Project

**Total Hours 33**

---

### Retention

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of coursework, defined as obtaining a course grade of "A" or "B." The following retention policy applies specifically to all graduate nursing courses with the NURS prefix for degrees conferred by the School of Nursing:

1. Students who obtain a course grade of "D" or "F" in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course.
2. Students may only earn one course grade of "C" and stay enrolled in graduate nursing programs. If a second course grade of "C" is earned, students will no longer be allowed to progress in the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of "C" does not eliminate the original course grade of "C" from being applied toward this exclusion policy.
3. Per the SIUE Graduate School policy, all students must have a GPA of 3.0 or higher to graduate.

For more information on the SIUE Graduate School Retention Policies, please refer to the Graduate Handbook.

# **Nursing - Nurse Educator (MS)**

## **Graduation Requirements**

Master's Terminal Project (Master's and Post-Master's Students)

Master's students in the School of Nursing demonstrate synthesis of their course work, practicum experiences, and attainment of the master's student outcomes by creating a rigorous, scholarly, evidence-based project that incorporates a broad review of the literature from nursing and related fields, and present the project orally to students and faculty, during the final synthesis course for the program.

Review the graduation policy for more information.

# Nursing - Nurse Educator (MS)

## Nurse Educator Post-Master's Certificate

### Post-Master's Certificate: Nurse Educator (variable, 12-33 semester hours\*)

\*The 12 hours of core courses and the nine hours of advanced practice core courses must either have been completed in the master's degree program or may be taken in the certificate program.

Specialization courses: NURS 580, 581, 582, 585, and 586.

Terminal project.

Course work in this specialization prepares the student with the theory preparation for the national certification examination.

### Retention

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of "A" or "B."

Students who obtain a course grade of "D" or "F" in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course. Students may only earn one course grade of "C" and stay enrolled in graduate nursing programs. If a second course grade of "C" is earned, students are automatically removed from the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of "C" does not eliminate the original course grade of "C" from being applied toward this exclusion policy.

## EXIT REQUIREMENTS

Master's Terminal Project (Master's and Post-Master's Students)

# Pharmaceutical Sciences

## Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all postsecondary academic transcripts
3. Completion of a baccalaureate degree in pharmacy, chemistry, or the biological sciences. Prior academic work should include a year each of biology or biochemistry and organic chemistry.
4. Graduate Point Average: at least 3.00 (A=4.00) for the final 60 semester hours of baccalaureate study.
5. Graduate Record Examination (GRE) general is required. The GRE advanced subject (chemistry, biochemistry or biology) test is optional.
6. For International Applicants a minimum TOEFL Score of 550 (paper based); 213 (computer based), or 79 (internet based) is required or the IELTS minimum of 6.5.
7. Three Letters of Recommendation are Required
8. Personal Statement is Required

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Pharmaceutical Sciences

## Curriculum

Students will consult with their advisors and the Chair to tailor a program to their own research interests within the Pharmaceutical Sciences. The following are examples of a typical two-year program for each track:

---

### Medicinal Chemistry Track

#### Year 1 (Fall Semester)

- (3) PHPS 500 Cellular Targets For Drug Discovery
- (4) PHPS 420 Principles of Pharmacology
- (1) PHPS 510 Pharmaceutical Sciences Foundations and Research Methods
- 8 Total Credits

#### Year 1 (Spring Semester)

- (3) PHPS 501 Principles of Rational Drug Discovery
- (3) PHPS 540 Pharmacokinetics
- (2) PHPS 598 Pharmaceutical Sciences Research
- 8 Total Credits

#### Year 1 (Summer Semester)

- (3) PHPS 598 Pharmaceutical Sciences Research
- 3 Total Credits

#### Year 2 (Fall Semester)

- (2) PHPS Elective-1
- (1) PHPS 595 Graduate Seminar in the Pharmaceutical Sciences
- (2) PHPS 598 Pharmaceutical Sciences Research
- 5 Total Credits

#### Year 2 (Spring Semester)

- (3) PHPS Elective-2
- (1) PHPS 595 Graduate Seminar in the Pharmaceutical Sciences

(3) PHPS 598 Pharmaceutical Sciences Research  
7 Total Credits

## **Year 2 (Summer Semester)**

(3) PHPS 599 Pharmaceutical Sciences Thesis Preparation  
3 Total Credits

**Total Hours: 34**

---

## **Pharmacology Track**

### **Year 1 (Fall Semester)**

(4) PHPS 420 Principles of Pharmacology  
(3) PHPS 500 Cellular Targets For Drug Discovery  
(1) PHPS 510 Pharmaceutical Sciences Foundations and Research Methods  
8 Total Credits

### **Year 1 (Spring Semester)**

(3) PHPS 501 Principles of Rational Drug Discovery  
(3) PHPS 540 Pharmacokinetics  
(2) PHPS 598 Pharmaceutical Sciences Research  
8 Total Credits

### **Year 1 (Summer Semester)**

(3) PHPS 598 Pharmaceutical Sciences Research  
3 Total Credits

### **Year 2 (Fall Semester)**

(2) PHPS Elective-1  
(1) PHPS 595 Graduate Seminar in the Pharmaceutical Sciences  
(2) PHPS 598 Pharmaceutical Sciences Research  
5 Total Credits

### **Year 2 (Spring Semester)**

- (3) PHPS Elective-2
  - (1) PHPS 595 Graduate Seminar in the Pharmaceutical Sciences
  - (3) PHPS 598 Pharmaceutical Sciences Research
- 7 Total Credits

## **Year 2 (Summer Semester)**

- (3) PHPS 599 Pharmaceutical Sciences Thesis Preparation
- 3 Total Credits

**Total Hours: 34**

---

## **Pharmaceutics Track**

### **Year 1 (Fall Semester)**

- (3) PHPS 500 Cellular Targets For Drug Discovery
  - (3) PHPS 541 Drug Delivery
  - (1) PHPS 510 Pharmaceutical Sciences Foundations and Research Methods
- 7 Total Credits

### **Year 1 (Spring Semester)**

- (3) PHPS 501 Principles of Rational Drug Discovery
  - (3) PHPS 540 Pharmacokinetics
  - (2) PHPS 598 Pharmaceutical Sciences Research
- 8 Total Credits

### **Year 1 (Summer Semester)**

- (3) PHPS 598 Pharmaceutical Sciences Research
- 3 Total Credits

### **Year 2 (Fall Semester)**

# Pharmaceutical Sciences

## Graduation Requirements

Students will be required to complete at least 30 hours of acceptable graduate credit with a grade point average of 3.0 or higher (A=4.0). At least 12 semester hours must be earned from core courses and two semester hours from graduate seminar. Students must take a minimum of four hours of electives but may take up to 25 hours of electives if desired.

At least 10 semester hours must be earned for research and students must be enrolled in a minimum of one hour of research per semester after choosing an advisor. Students must complete a thesis based upon the student's original research work.

Finally, students must assemble an advisory committee and meet with this committee for a public presentation and oral defense of the thesis.

Review the graduation policy for more information.

# Kinesiology - Physical Education and Coaching Pedagogy (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's prior to enrollment
- Undergraduate grade point average of at least 2.75 (A=4.0)
- Only courses in which the student earned a grade of "B" or better will be considered for transfer credit.
- For international students, a minimum total internet-based TOEFL score of 100 is required to be considered for admission.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission may be granted to applicants who have a bachelor's degree and meet the aforementioned criteria, although any prerequisites necessary to study in a particular specialization are at the discretion of the program advisor.

Selection for admission is determined by the graduate faculty in the Department of Applied Health. The student's grade point average and course work content from previous professional preparation will be used to determine qualifications for entrance into the program.

Students are eligible to apply for the physical education and sport pedagogy program if they are certified or are certifiable to teach in the public schools. The master's program includes a balance of technology-assisted on-campus courses (fall, spring and summer). Normal time to completion is approximately two years. Practical application of research-based and developmentally appropriate teaching practices is emphasized by the program. No more than nine graduate hours may be taken toward the master's as an unclassified graduate student.

Review the SIUE Admissions Policy for more information.

## Application Deadline

The deadline is approximately one month before classes begin (definite dates can be found on the application).

## How to Apply

The general requirements for admission and retention for this program are the same as for the Graduate School.

# **Kinesiology - Physical Education and Coaching Pedagogy (MSEd)**

## **Curriculum**

Required Courses (27 hours)

KIN 501 Behavioral Analysis of Exercise  
KIN 521 Analysis of Research in Physical Education and Coaching  
KIN 522 Analysis of Teaching Behaviors in Sport and Physical Education  
KIN 524 Assessment in Sport and Physical Education  
KIN 525 Physical Activity and Mental Health  
KIN 526 Diversity in Physical Education and Sport

Electives

# **Kinesiology - Physical Education and Coaching Pedagogy (MSEd)**

## **Graduation Requirements**

Students must demonstrate competence in the content comprising the major (kinesiology and area of emphasis) via written and oral presentations of Action Research Projects.

Review the graduation policy for more information.

# Public Administration (MPA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Unconditional admission to the program requires an overall undergraduate grade point average (GPA) of at least 2.7 on a 4.0 scale, or a GPA of 3.0 for the last two years.
- Applicants with an overall undergraduate GPA between 2.5 and 2.7 may be required to take a test administered by the Department of Public Administration to evaluate their writing and analytical skills. Based on the results of this test, the program director may require students to submit scores from standardized examinations such as Graduate Record Exam (GRE), Graduate Management Admission Test (GMAT), or Miller Analogies Test (MAT); and/or resumes summarizing their work experience over the last 10 years.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Applicants who are denied admission may request a review of their credentials by the department's Student Appeals Committee.
- An undergraduate background in the social sciences or business administration is useful, but not required.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Public Administration (MPA)

## Curriculum

The master of public administration degree requires the completion of at least 39 semester hours with a grade point average of 3.0 or higher distributed as follows:

**Required core courses** (21 hours): PAPA 420, 500, 501, 510, 530, 540, 550 with a minimum 3.0 grade point average in the core courses

**Area of emphasis courses** (18 hours): Chosen from an approved list of courses in public management or nonprofit administration. Students may also design their own area of emphasis with the consent of their advisor.

Unclassified graduate students may take PAPA courses only with the permission of either the department chair or the MPA program director.

# Public Administration (MPA)

## Graduation Requirements

Students must receive a passing grade on a comprehensive exit examination. Students must submit two papers written during their course work as evidence of their writing skills and have a grade point average of 3.0 or higher in the public administration core courses in order to qualify to take the final comprehensive examination.

Review the graduation policy for more information.

# Speech-Language Pathology (MS)

## Admission Requirements

Admission requirements for graduate program

1. Minimum cumulative 3.0 GPA (A=4.0)
2. Competitive scores on the GRE. SIUE does not have a minimum score requirement. Applicants to the speech-language pathology program must use Institution Code 0701: SOUTHERN ILLINOIS-EDWARD CSDCAS
3. Resume information will be collected from the information provided in the experiences portion of the CSDCAS application. A separate resume is not required.
4. Supplemental Materials: Videos of applicants responding to a prompt or series of questions. More information about the 2018-2019 Supplemental Materials can be found [here](#).
5. Three letters of recommendation. At least two of the letters of recommendation must come from program faculty.
6. Transcripts from all schools attended. All official transcripts MUST be sent to CSDCAS at: CSDCAS Verification Department, P.O. Box 9113, Watertown, MA 02471. If currently enrolled, fall transcripts with most recent (fall) grades posted must be submitted to CSDCAS for application to be completed. In addition, each applicant must complete an academic update to enter their fall grades and allow verification by CSDCAS. Applications will not be considered without CSDCAS verification of these fall grades. It is the student's responsibility to refer to the CSDCAS procedure for proper and timely submission of transcripts and academic updates.
7. International Students: If English is not the applicant's native language, he or she must demonstrate native or near-native ability in spoken English. The applicant must take and submit official test scores for either the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). A minimum TOEFL iBT score of 100 or IELTS score of 7 is required to be considered for admission to our master's program.

TOEFL scores should be send directly to CSDCAS using code C122; CSDCAS does not accept IELTS scores; therefore, your official IELTS scores should be sent directly from the testing service to our program:

Speech-Language Pathology Graduate Program  
Southern Illinois University Edwardsville  
Campus Box 1147  
Edwardsville, IL 62026-1147

## Application Deadline

The application deadline for the graduate program is January 15 for the following fall semester. This deadline corresponds to the CSDCAS designation of E-submit. It is the applicant's responsibility to ensure that the application is E-submitted by January 15 and that all materials have been submitted (subsequently qualifying the application as Complete) by February 1. Incomplete applications will not be reviewed.

Admission decisions are typically completed during the first part of March.

## How to Apply

All transcripts, GRE scores and letters of recommendation are to be submitted through the Centralized Application Service (CSDCAS). We encourage students to read the CSDCAS Application Instructions before submitting their application.

## Academic Advising Information

Students admitted to the program are assigned a faculty advisor who will assist them with their program and registration.

## Additional Requirements and Information

- Prerequisite Requirements
- ISBE Requirements
- Essential Functions
- Application FAQs

# Speech-Language Pathology (MS)

## Curriculum

Thirty-six (36) semester hours of acceptable graduate credit are required to complete the Master of Science in speech-language pathology. These hours include 12 core courses, one elective and a culminating comprehensive examination or 11 core courses, six thesis credits and a culminating thesis. Students must also complete an average of 22-27 semester hours of on- and off-campus clinical experiences to meet certification and licensure requirements. Students are able to complete the program in five consecutive, full-time semesters. Students should refer to their individual plans of study for more information.

Students receiving more than two C's or any one grade below a C will be dismissed from the program.

Students must pass the Test of Academic Proficiency (or ACT equivalent) by August 15 of the first semester of graduate coursework. Students take the Content Area Test prior to the spring semester of their second year of graduate course work.

## Thesis Plan

**Academic courses (34 hours):** SPPA 503, 540, 541, 542, 543, 544, 545, 547, 548, 558, 560

**Thesis (6 hours):** SPPA 599

## Non-thesis Plan

**Academic courses (34 hours):** SPPA 503, 540, 541, 542, 543, 544, 545, 547, 548, 558, 560

**Electives (minimum of 2 hours):** Within the specialization or in related areas

## Clinical Courses

**In addition to program requirements for either plan:** SPPA 469, 549 a, b, and/or c

## Curriculum

### Year 1 (Summer Semester - optional start)

---

Elective\*

### Year 1 (Fall Semester)

---

541 Child Sp. Sound Disorders  
503 Research  
544 Child Language Disorders

560 Professional Issues  
549 School Externship  
549 Medical Externship  
Comprehensive Exam

+ Students may choose to begin their graduate studies the summer prior to the first fall semester. Students may take an elective during their summer session.

\*Students must complete two hours of electives within the area of specialization or in related areas. These courses vary from summer to summer.

## **Retention Policy**

Retention/Dismissal: Students must achieve grades of C or higher in all course work (academic and clinical). Students who receive three or more C's, or a grade of D or lower in any course work will be dismissed from the program.

# Speech-Language Pathology (MS)

## Graduation Requirements

Students must successfully complete all academic and clinical requirements and an oral comprehensive examination administered by the graduate faculty in speech-language pathology. Students may choose the thesis option in lieu of a written examination.

Review the graduation policy for more information.

# Speech-Language Pathology (MS)

## Prerequisite Requirements

Students must be working toward a bachelor's degree in speech-language pathology or completion of undergraduate coursework in speech-language pathology and audiology. Prerequisite coursework must include both general and specific content.

**General required content** (individual courses): statistics, biological sciences, physical sciences, and social/behavioral sciences. A description of these courses can be found here.

**SLP required content** (may not be individual course): normal language development, anatomy/physiology, phonetics, neuroanatomy/physiology, speech/hearing science, basic audiometry, aural rehabilitation

**SLP recommended content** (may not be individual course): clinical procedures/methods, speech-sound disorders, language disorders

More specifically, applicants must have completed at least five SLP-specific courses at the time of application or they will not be considered for admission. We recommend that all delinquent prerequisite coursework be completed by the summer prior to starting the graduate program, or it may be integrated into their program of study, which may add time to their program.

Students interested in completing prerequisite requirements at SIUE are directed to our undergraduate leveling plan.

# Social Work (MSW)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Overall grade point average (GPA) of at least 3.0 (A=4.0). Students with less than a 3.0 undergraduate GPA may apply and will be considered on a case-by-case basis.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Personal history for the department.
- Statement of Purpose: A personal statement that discusses what has led the applicant to pursue a Master's degree in social work at this time, the applicant's understanding of a social justice issue, and how they plan to adjust their life to accommodate graduate work. This should be four-to-five pages, double-spaced and in 12-point font.
- Two letters of recommendation that discuss the applicant's potential for graduate level academic work, leadership and interpersonal skills, commitment to the mission and values of social work, and, if relevant, professional experience and capabilities. One letter must be from a current or past instructor and one must be from a supervisor, preferably in a volunteer or paid social service setting. BSW graduates who do not have practice experience after receiving their BSW, should have their field practicum supervisor write their recommendation. Applicants applying as transfer students from CSWE-accredited master's programs should request at least one letter of recommendation from a graduate faculty member. Letters from friends or family members that do not address the above issues will not be considered. The letters of recommendation must be submitted on the form contained in the application packet.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

The baccalaureate degree should reflect a strong background in liberal arts and sciences with at least 30 semester hours (or equivalent) earned in liberal arts and sciences with grades of C or better in each course. Included in this total must be a three-credit-hour human biology course. Students must complete any deficiencies prior to enrollment in the MSW Program. If any deficiencies are not completed prior to enrollment, the student's file will be reconsidered the next academic year. In addition, Advanced standing students entering with a BSW from a CSWE-accredited program must have completed an undergraduate research methods course and an undergraduate statistics course with a grade of B or better. Advanced standing students who have not completed courses in research methods and statistics with grades of B or better must complete these requirements prior to enrollment in the MSW program, or their file will be reconsidered the next academic year, or the student may be offered admission in regular standing. Undergraduates who are nearing completion of a baccalaureate degree may submit an application for admission as a degree-seeking student when they have earned at least 88 semester hours of credit toward the undergraduate degree with a GPA of at least 3.0 (A=4.0).

A combination of commitment to the program's mission and sensitivity to diversity is evaluated during the admission process through the applicant's personal statement and letters of reference. These are regarded as factors in admission decisions, along with records of undergraduate work. Students will not receive academic credit for life experiences or previous work experiences.

Review the SIUE Admissions Policy for more information.

### **Admission in Advanced Standing**

Applicants may be considered for admission in advanced standing provided the following criteria are met:

1. The applicant holds a baccalaureate degree in social work from an institution accredited by the Council of Social Work Education, and the degree was awarded in the seven-year period preceding application for graduate study at SIUE.
2. The applicant's GPA is 3.0 (A=4.0) or higher in undergraduate study and the applicant has completed all courses in the BSW foundation area with grades of B or better. Applicants with less than a 3.0 undergraduate GPA who completed all coursework in the baccalaureate foundation area with grades of B or better will be considered on a case-by-case basis.
3. Advanced standing students entering with a BSW from an accredited undergraduate program must have completed an undergraduate research methods course and an undergraduate statistics course with a grade of B or better.
4. Students must complete any deficiencies prior to their enrollment in the MSW program. If any deficiencies are not completed prior to enrollment, the student's file will be reconsidered the next academic year or the student may be offered admission in regular standing.

### **Social Work Admissions Committee**

The MSW Curriculum Policy and Planning Committee will review the complete packet of application materials including the applications for graduate study, personal statement, letters of recommendation, and transcripts. Admission to graduate study in social work will be based on a full evaluation of the completed application packet. A personal interview may be required. The committee cannot admit students whose packet is incomplete. The applicant will be notified in writing about the decision of the Committee.

### **Application Deadline**

The application deadline for the following fall admission is January 15.

# Social Work (MSW)

## Curriculum

The Department of Social Work offers a curriculum leading to the Master of Social Work (MSW) with concentrations available in micro practice (individuals, families and groups) or macro practice (neighborhoods, organizations and communities). The program at SIUE is accredited by the Council of Social Work Education (CSWE).

Upon graduation, MSW students are eligible to take the Licensed Social Worker (LSW) examination, and after 3,000 hours of supervised clinical practice, the Licensed Clinical Social Worker (LCSW) examination through the Illinois and Missouri Departments of Professional Regulation.

For students in regular standing status, the MSW Program is a two-year, full time course of study in which students enroll in six consecutive semesters, including summer terms for a total of 60 credit hours. For students in advanced standing status, the MSW Program is a one-year, full time course of study in which students enroll in three consecutive semesters, including the summer term, for a total of 30 credit hours. There is a part-time option which can be completed in two years for advanced standing students and in four years for regular standing students. Contact the department for more information. Students do not receive academic credit for life experience or previous work experience.

The school social work concentration courses will result in six additional credit hours beyond those needed to satisfy the requirements of the MSW degree. For students in advanced standing, school social work courses and internships will add three additional semesters to the completion of the MSW degree.

Students in regular standing status for who have deficiencies in their undergraduate liberal arts education must remove those deficiencies by satisfactory completion of appropriate courses prior to their initial year of enrollment in MSW program. Students admitted in advanced standing for whom deficiencies in BSW or other courses are identified must remove those deficiencies by satisfactory completion of the appropriate courses prior to their initial year of enrollment in the MSW program.

The program of study in the MSW program is divided into two integrated groups of courses: foundation curricula and concentration curricula. Foundation courses provide classroom and field experience in social work values, ethics, methods of practice, diversity, research, social welfare policy, and social work history. Concentration courses build on the foundation to develop competence necessary for advanced social work practice in micro practice (individuals, families, small groups) or macro practice (neighborhoods, organizations, communities).

The program of study for the MSW degree requires completion of a minimum of 60 semester hours for students admitted without advanced standing. These students must complete 30 credit hours in the foundation curriculum and 30 semester hours in the concentration curriculum.

Students who do not hold a Bachelor's Degree in social work from a Council on Social Work Education (CSWE) accredited institution are admitted as regular standing and must take foundation courses (30 hours) before taking the advanced courses. Students who have a Bachelor's Degree in social work from a CSWE-accredited institution are admitted as advanced standing and must complete the advanced standing courses (30 hours).

## The master of social work program is structured around two tracks:

- The Advanced Standing Track is a one-year, full-time or two-year, part-time program available to individuals who hold a Bachelor of Social Work from an accredited program and meet additional academic criteria.
- The Regular Standing Track is a two-year, full-time or four-year, part-time program available to individuals who hold an undergraduate degree in a field other than social work and who meet additional academic criteria.

Students in the regular standing track (those who do not hold a Bachelor of Social Work) will take foundation courses their first year. Foundation courses provide classroom, field- and community-based experience and scholarship in social work history, values, ethics, theory, practice, policy and research.

### Foundation Courses-30 hours

SOCW 501 - Generalist Practice: Individuals and Families-3 hours

SOCW 502 - Generalist Practice with Organizations, and Communities-3 hours

SOCW 503 - Counseling Skills Development - 3 hours

SOCW 504 - Social Welfare Policy -3 hours

SOCW 505 - Generalist Practice with Groups - 3 hours

SOCW 506 - Research Methods and Data Analysis - 3 hours

SOCW 507 - Human Behavior in the Social Environment-3 hours

SOCW 508 - Diversity, Values, Ethics, and Social Justice Principles & Practice - 3 hours

SOCW 526 - Field Instruction I-3 hours

and

SOCW 527 - Field Instruction II-3 hours

or

SOCW 531 - Block Field Instruction I - 6 hours

Advanced standing and second-year, regular standing students will take concentration courses that build on the content presented in the foundation courses or the Bachelor of Social Work.

Concentration courses prepare students for advanced micro- or macro-practice in prominent areas of social work, namely mental health, child welfare, gerontology and substance abuse.

### Advanced Courses -21 hours

SOCW 528 - Advanced Field Instruction III-3 hours

and

SOCW 529 - Advanced Field Instruction IV-3 hours

or

SOCW 532 - Block Field Instruction II-6 hours

SOCW 537 - Psychopathology and Diagnostic Assessment-3 hours

SOCW 546 - Applied Social Science Research-3 hours

SOCW 565 - Capstone-3 hours

### And two of the following:

SOCW 560 - Mental Health Services-3 hours

SOCW 561 - Children, Youth and Family Services-3 hours

SOCW 563 - Gerontology Services-3 hours

SOCW 564 - Substance Abuse Services-3 hours

**Students must choose concentration from either one of the two following areas.****Micro Concentration - 9 hours**

SOCW 540 - Advanced Practice with Individuals-3 hours

SOCW 541 - Advanced Practice with Families and Groups-3 hours

SOCW 542 - Social Welfare Policy: Micro Practice-3 hours

**Macro Concentration - 9 hours**

SOCW 544 - Advanced Practice with Neighborhoods and Communities

SOCW 547 - Advanced Practice with Organizations-3 hours

SOCW 543 - Social Welfare Policy: Macro Practice

Students are offered traditional face-to-face and hybrid (a combination of face-to-face and online) course options in both tracks.

# Social Work (MSW)

## Graduation Requirements

Enrollment in SOCW 565 is a requirement to satisfy the concluding element of the degree program. A grade of B or better must be earned in this course for the student to have satisfactorily completed all requirements for the Master of Social Work. The project is an integration of social work knowledge and skills across curriculum content areas and practice in regards to a social work practice issue or problem.

In SOCW 565, the student will select specific social work/social welfare problems, client populations, or field of practice experiences with an emphasis on integrating and synthesizing library and/or empirical research and field experiences with major curriculum areas. Focus is placed on the examination of issues relative to social work values and ethics, social and economic justice, poverty, and diverse populations. The project highlights such central issues as urban and rural service delivery in southwestern Illinois, gender roles, social change, children and families, health, mental health and disability practice, and school social work.

Review the graduation policy for more information.

# Social Work (MSW)

## Specialized Learning Opportunities

- School Social Work Specialization
  - School Social Work Specialization
  - School Social Work Professional Development Sequence

## School Social Work Specialization

The MSW program offers coursework enabling students to sit for the licensure examination for school social work in Illinois. These courses prepare current MS students and post-MSW students to take the examinations as part of their requirements for school social work at the state level. School social work certification requires completion of certain courses mandated and approved by ISBE in addition to the courses required for the MSW program. Students in either concentration may apply to take school social work courses. Students who have taken the school social work courses and passed the Illinois certification test for school social workers find employment primarily in the Illinois public school system. More information on school social work courses and licensure can be obtained from the Department of Social Work.

### Admission

Application for admission to school social work courses should be filed with the department by January 15 of the year that candidates desire to begin the program. Candidates begin the program in August of the year admitted.

Candidates who have been admitted to the MSW program may apply for admission to the school social work courses after their initial enrollment in the MSW program.

Candidates should submit the following to the School Social Work Committee:

1. A completed school social work application form.
2. A one-page, double-spaced statement (250-300 words) describing your interest and the qualities and attributes you will bring to school social work.
3. Passing score on the Test of Academic Proficiency (TAP)

The MSW Curriculum Policy and Planning Committee will evaluate school social work applications for admission as a separate process from admission to the MSW program.

### Program of Study

Students enrolled in the school social work specialization courses will complete six additional credit hours beyond those required for the MSW. MSW candidates admitted in regular standing who are admitted to the school social work courses will complete 66 hours of courses and internships to complete both the MSW and school social work courses instead of 60 credit hours for the MSW alone.

MSW advanced standing candidates admitted to the school social work courses will complete 36 hours of courses and internships to complete both the MSW and the school social work courses instead of 30

credit hours for the MSW alone. For advanced standing students, the school social work sequencing will add three additional semesters to the completion of the MSW. Upon completion of the MSW and school social work courses, candidates qualify for state school social work certification upon receipt of a passing score on the Illinois School Social Work Content Area Exam.

### **Courses for School Social Work Specialization**

SOCW 533-Social Work Practice in Schools-2 hours

SOCW 567-Seminar in School Social Work-2 hours

SOCW 568-Advanced Field III School Social Work-4 hours

(replaces SOCW 528 Field Instruction III in the MSW curriculum. SOCW 568 requires one additional credit hour compared to SOCW 528 due to more required internship hours)

SOCW 569-Advanced Field IV School Social Work-4 hours

(replaces SOCW 529 Field Instruction IV in the MSW curriculum. SOCW 569 requires one additional credit hour compared to SOCW 529 due to more required internship hours)

### **Exit Requirements**

In addition to the MSW exit requirements, students taking school social work courses must complete all required social work courses with grades of B or better. Upon completion of the MSW and school social work courses, the student takes the State of Illinois Content Area Exam for School Social Work Personnel to qualify for certification as a school social worker in Illinois.

# Social Work (MSW)

## Specialized Learning Opportunities

- School Social Work Professional Development Sequence
  - School Social Work Specialization
  - School Social Work Professional Development Sequence

## School Social Work Professional Development Sequence (PDS)

This PDS is to prepare post-MSW social workers for School Social Work Type 73 Certification by the Illinois State Board of Education.

### Admission Requirements

- MSW degree from a CSWE-accredited program
- Good academic and professional standing
- Completed applications to the Graduate School and the Department of Social Work
- A 250- to 300-word personal statement
- Official graduate degree transcript(s)
- Two professional letters of reference
- A passing score on the Illinois Certification Testing System Basic Skills Test

Application for admission to the PDS should be filed with the department by January 15 of the year that candidates desire to begin the program. Candidates begin the program in August of the year admitted.

### Program of Study

This PDS requires completion of three courses including a supervised internship of a minimum clock 600 hours in a primary and/or secondary Illinois school setting. The school social work seminar (SOCW 533-2) and the one semester school internship (SOCW 572-7) must be completed at SIUE. SPE 400-3 (The Exceptional Child) or its equivalent may be taken elsewhere and must be taken within five years of enrollment in SOCW 533 and SOCW 572.

### Exit Requirements

Successful completion of the PDS in school social work requires earning a minimum grade of B in each of the courses in the Program of Study and demonstrated professionalism and ethics in school social work practice.

# Sociology (MA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Submit a writing sample
- Statement of Purpose: Submit a written personal statement of one to two pages indicating their motivations and objectives for graduate study in sociology. The writing sample, which should be 4-15 pages in length, may consist of a paper turned in for a course or other written work prepared by the applicant. It should address some social scientific and preferably sociological issue.
- Admission is usually routine for those who meet the following requirements and standards:
  - 30 or more semester hours in the social sciences (anthropology, political science, economics, psychology, history) including 21 hours in sociology, six of those hours being sociological theory and sociological statistics or methods, with grades of B or better.
  - An overall grade point average of at least 2.7 (A=4.0).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Application Deadline

Students may be admitted to the program at the beginning of any semester, but we encourage applications for admission in the fall semester because of course sequencing. Persons seeking admission for fall semester should apply no later than July 10 of the year in which they wish to begin their studies.

Although all applicants are encouraged to apply to begin their studies in the fall semester, applications for other semesters will be considered up to the following deadlines:

- Spring Semester: November 15
- Summer Term: April 1

# Sociology (MA)

## Curriculum

Requirements for the master of arts degree in sociology include 33 semester hours of graduate credit, distributed as follows:

**Required courses (15 hours):** SOC 500, 501, 515, 518, 592

SOC 501, 515, and 518 are taken in the first year to ensure a basic knowledge of sociological theory, methods and data analysis. SOC 592 is taken after completion of 18 hours, including 515, or with consent of the graduate program director. Students must receive a grade of B or higher in all required courses. Also, during the first 12 semester hours of graduate study, only courses with a grade of B or higher can be counted toward the degree.

**Electives (12 hours):** Student completing the thesis or internship exit requirements must complete 12 hours of electives, at least nine hours of which must be sociology seminar courses at the 500-level. Students completing the comprehensive exam exit requirement must complete 18 hours of electives, 15 of which must be sociology seminar courses at the 500-level. For all options, up to three semester hours of 500-level electives may be taken in related fields outside sociology when approved by the graduate program director.

**Thesis or Internship (six hours):** By the completion of 18 semester hours and in consultation with the graduate program director, the student must select either: six hours of SOC 599 (Thesis) or three hours of SOC 593a (Graduate Internship-Experience) and three hours of SOC 593b (Graduate Internship-Report). The internship comprises two parts: at least 140 hours of a supervised work experience in either a research or public service setting (SOC 593a), and a substantial, original written report concerning a sociological issue related to the internship (SOC 593b). Guidelines for the internship report are included in the department's Graduate Student Handbook. Normally, the thesis or internship options will not be taken until the student has completed at least 24 semester hours of course work. Additional information can be obtained from the department office, Peck Hall, Room 1205.

# Sociology (MA)

## Graduation Requirements

The completed thesis must be defended in a final oral examination administered by the student's thesis committee. Students pursuing the internship option must successfully complete an oral examination administered by the advisory committee. This examination will cover both the internship experience and the written internship report.

The program also offers a comprehensive exam option to complete graduation requirements.

Review the graduation policy for more information.

# Special Education (MSEd)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Successful completion of a bachelor's prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Applicants must hold a current initial teaching license in special, elementary or secondary education to be admitted.
- Candidates seeking a second teaching license must also complete an application through the Student Services, Certification and Advisement Office, located in Founders Hall, Room 1110.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Once accepted into the Graduate School, each candidate is assigned an advisor, and is required to meet with that assigned advisor as soon as possible after notification of admission to discuss the candidate's official program of study.

Review the SIUE Admissions Policy for more information.

# Special Education (MSEd)

## Curriculum

The minimum number of semester hours required to complete each of the special education degree programs for the Master of Science in education is 36, not to include any courses at the 400-level. In some instances, additional hours may be required, which are determined in a conference between the student and the assigned graduate faculty advisor.

Requirements for completing the MSEd are as follows:

### **MSEd with emphasis in Professional Development in Special Education**

- General Professional Core (3 hours): EPFR 515, 520 or 521
- Special Education Core (18 hours): SPE 500, 511, 514, 515, 522, 523
- Electives (12 hours)
- Final Project (3 hours): SPE 595, which includes completion of an action research project and oral presentation. Preliminary planning of this project is initiated in SPE 500.

Candidates choosing the Master of Science in special education must enroll in SPE 578 (Advanced Field Study) for three hours if they are not currently teaching. The decision about when this course should be taken will be made in consultation with the faculty advisor.

### **Retention Requirements**

Students must maintain a minimum 3.0 cumulative grade point average. Students must also obtain a B or better in SPE 500 (Research in Special Education: Preparation for Field-Based Research) and obtain a B or better on the paper required in the course.

# Special Education (MSEd)

## Graduation Requirements

Students must complete an action research project while enrolled in SPE 595 and attain a grade of at least a B to pass. Candidates seeking the LBS I as an endorsement must pass the cross-categorical special education test, general curriculum test and K-12 APT test prior to licensure entitlement.

Review the graduation policy for more information.

## **Special Education (MSEd)**

### **Second Certificate in Special Education (Learning Behavior Specialist I)**

This program allows teachers who hold a current teaching licensure in an area other than special education to obtain MSEd Professional Educator License (PEL) teaching endorsement.

Potential candidates must apply for an evaluation for a subsequent endorsement through the School of Education, Health and Human Behavior Office of Student Services, in addition to completing the standard application for admission to the Graduate School.

The program consists of 36 hours of core courses. Required courses include:

- Must complete one 3-hour course selected from EPFR 515, 520 or 521
- SPE 500, 502, 506, 511, 514, 516, 522, 523, 540, 578 (3-12 hours)\* and 595

\*All candidates seeking the Second Certificate in Special Education (LBS I) must enroll in SPE 578 (Advanced Field Study) for 3-12 hours. Upon entrance to the program, faculty will evaluate the candidate's transcript and special education experience to determine the number of field hours needed to meet certification requirements.

# Integrative Studies (Post-Baccalaureate Certificate)

## Sustainability

As natural resources become more scarce and expensive, sustainability specialist careers are experiencing rapid growth. An integrative studies post-baccalaureate certificate in sustainability will provide students with sociology and environmental management training that focuses on sustainability research, planning and leadership skills, environmental regulation requirements, and community-based sustainable management of natural resources. By learning how to apply sustainability concepts, principles and technical approaches to address “green” career needs in a variety of fields, students will be well positioned, upon completing the certificate, to better understand and provide innovative solutions to complex sustainability challenges.

The certificate in sustainability is part of SIUE's integrative studies program which also offers a master's in sustainability.

## Admission

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Curriculum

The post-baccalaureate certificate program requires the completion of 18 hours of courses, split evenly between the sociology and environmental science programs. The courses are as follows:

### Sociology

- SOC 515 – 3 Research Methods and Study Design in Sociology
- SOC 518 – 3 Advanced Data Analysis
- SOC 590 – 3 Special Topics: Seminar in Sociology and Sustainability

### Environmental Sciences

- ENSC 510 – 3 Advanced Environmental Science and Policy
- ENSC 511 – 3 Environmental Policy
- ENSC 512 – 3 Environmental Law or ENSC 516 – 3 Environmental Impact Analysis

Note: Post-baccalaureate students may apply for scholarships, grants and loans, but are not eligible for Federal Title IV financial aid.

## Exit Requirements

The student must successfully complete the program of study with a minimum GPA of 3.0.

# Teaching English as a Second Language (MA)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Statement of Purpose: A three- to five-page paper which explains how the applicant became interested in the field of TESL, what the applicant hopes to learn in the program and how that learning will help the applicant in a career.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

There is a requirement of two years of college-level course work (or its equivalent) in modern or classical foreign language with at least a C average. These requirements may be satisfied during the course of the student's graduate studies.

Review the SIUE Admissions Policy for more information.

# Teaching English as a Second Language (MA)

## Curriculum

The specialization in teaching English as a second language requires 30 hours of course work. During a student's program, the student must complete three credits of TESL practicum (ENG 545), beginning in his or her first or second semester. To complete this specialization, the student, in consultation with the TESL advisor, may elect a thesis or take ENG 595. Enrolling in 595 is recommended for students with no previous or current TESL experience.

Students taking 595 to complete their exit requirements are required to complete four electives from the following list, and students electing the thesis option must complete three electives. For all students, at least two of the electives must be at the 500-level.

### **Required courses (15 hours):**

ENG 400: Principles of Linguistics

ENG 416: Language and Society

ENG 468: Second Language Acquisition

ENG 542: Methods for Teaching English as a Second Language

ENG 545: TESL Practicum

### **Electives (9-12 hours):**

ENG 403: History of the English Language

ENG 405: Pragmatics

ENG 408: Phonological Analysis

ENG 409: Syntactic Analysis

ENG 417: Language and Ethnicity

ENG 418: Language Endangerment and Death

ENG 470: Methods and Materials for K-12 ESL Teaching

ENG 472: Assessment and Testing in ESL

ENG 474: Bilingualism and Bilingual Education

ENG 540: Seminar in Second Language Acquisition

ENG 541: Discourse Analysis

ENG 543: Grammar Pedagogy

ENG 544: Reading and Writing Pedagogy in TESL

ENG 597: Readings in English Studies

**Final Course or Thesis (three to six hours):** ENG 595: Professional Development Seminar in TESL (3) or ENG 599: Thesis (6).

Students who hold a valid teaching certificate may take a series of courses leading to Illinois and/or Missouri ESL teaching approval. These courses are ENG 400, 409, 416, 468, 470, 472, 476. Students interested in this specialization should contact the ESL Approval advisor.

# Teaching English as a Second Language (MA)

## Graduation Requirements

The mode of final examination is dependent on the culminating activity selected by the student. A student who elects the thesis option must successfully complete a one-hour oral examination based on the thesis. A student who elects to enroll in 595 must attain at least a B in that course and successfully complete an examination responding to questions submitted by an examining committee of TESL faculty.

Review the graduation policy for more information.

# Teaching English as a Second Language (MA)

## Post-Baccalaureate Certificate

### ADMISSION

In addition to fulfilling the general requirements of the Graduate School, applicants must submit the same supporting materials required for application to the MA specializations (a three to five page paper which explains how the applicant became interested in the field of TESL, what the applicant hopes to learn in the program and how that learning will help the applicant in a career, and three letters of reference). The Graduate Adviser may require specific undergraduate course work from students who have not majored in English. Students who begin the Post-Baccalaureate Certificate program and then wish to enroll in the master's program must meet all requirements for admission to the MA degree program, including foreign language requirements.

### TEACHING ENGLISH AS A SECOND LANGUAGE (TESL)

The TESL certificate is designed for students seeking graduate work in TESL pedagogy and theory but not wishing to commit to a two-year MA program. The program covers the same core areas that the full MA does, but can be completed in a shorter amount of time, allowing students to pursue other graduate degrees or professional experiences.

### PROGRAM OF STUDY

Required courses (12 hours):

ENG 400: Principles of Linguistics

ENG 416: Language and Society

ENG 468: Second Language Acquisition

ENG 542: Methods for Teaching English as a Second Language

Electives (6 hours) selected from:

ENG 540: Seminar in Second Language Acquisition

ENG 541: Discourse Analysis

ENG 543: Grammar Pedagogy

ENG 544: Reading and Writing Pedagogy in TESL

ENG 597: Readings in English Studies

# Integrative Studies (Post-Baccalaureate Certificate)

## Transportation Engineering and Construction Management

The integrative studies post-baccalaureate certificate in transportation engineering and construction management is intended for civil engineers and construction managers seeking to enter or advance in the transportation construction sector. This certificate program will also allow roadway construction professionals an opportunity to improve their expertise in topics such as road safety assessment and intelligent transportation systems design. Those aiming to start or shift careers into the transportation sector will improve their background and add estimating, bidding and engineering design skills essential to roadway construction.

The certificate in transportation engineering and construction management is part of SIUE's integrative studies program. Please visit the integrative studies graduate website to find additional opportunities or to learn about designing your own graduate degree.

### Admission

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Curriculum

The post-baccalaureate certificate requires the completion of 19 hours of courses, split between the civil engineering and construction departments. The courses are as follows:

### Civil Engineering

- CE 574 – 3 Transportation Infrastructure Security
- CE 575 – 3 Advanced Geometric Design of Highways
- CE 579 – 3 Transportation Safety Systems
- CE 578 – 3 Intelligent Transportation Systems

### Construction

- CNST 451 – 4 Estimating and Bidding
- CNST 425 – 3 Heavy Civil Construction

Note: Post-baccalaureate students may apply for scholarships, grants and loans, but are not eligible for Federal Title IV financial aid.

## Exit Requirements

The student must successfully complete the program of study with a minimum GPA of 3.0.

# Cooperative PhD - Computer Science

## Admission Requirements

Applicants must meet the admission requirements of the SIUE and SIUC Graduate Schools and must be approved by the Graduate Studies Committee of the SIUC College of Engineering. Admission requirements include:

- Master's in computer science or a related field with a minimum GPA of 3.25/4.0
- GRE scores submitted to SIUE (institution code 1759)
- Three letters of recommendation
- Statement of purpose
- Any additional evidence of scholarly ability and/or achievement (awards, scholarships, work experience, published research papers, CV, resume)
- TOEFL scores for non-native speakers of English submitted to SIUE (institution code 1759)
- Minimum of funding for international students of U.S. \$42,500 for each year of the proposed course of study, including funds from a graduate assistantship

In exceptional cases, high achieving students with only bachelor degrees will be admitted to the program. Each student, in addition to the PhD program course requirements must complete at least 15 semester hours of approved computer science courses including CS 401, CS 420, CS 455 and two 500-level lecture courses, with a minimum accumulated GPA of 3.25/4.0 in those courses. If a specific course, or its equivalent, is already part of the student's academic background, an alternate course will be submitted.

For information about GRE and/or TOEFL, or to register for either test, please contact Educational Testing Service.

## Application Process

Some application materials must be sent to SIUE while some must be sent to SIUC. Follow the instructions below to ensure your application review is not delayed. Documents under each institution must be received by that institution before applications will be reviewed by that institution.

### SIUE Application

- Applicants must complete the online application
- Official bachelor's transcript
- Official master's transcript
- Official GRE Score (institution code 1759)
- Three letters of recommendation
- Statement of purpose
- Evidence of scholarly ability and/or achievement
- Current SIUE non-refundable application fee in U.S. dollars
- International students
  - Official TOEFL Score (institution code 1759)

Official transcripts must be sent electronically to [siueapps@siue.edu](mailto:siueapps@siue.edu) directly from the institution or mailed to:

SIUE Graduate and International Admissions  
CoOp PhD Application  
Campus Box 1047  
Edwardsville, IL 62026-1047

### **SIUC Application**

- Applicants need to submit an electronic application
  - Create an account
  - Program selection will be Computer Science
  - Degree selection will be PhD
  - When asked to provide letters of recommendation, enter SIUE as the recommender with the email address of [siueapps@siue.edu](mailto:siueapps@siue.edu)
    - This will allow SIUE to attach the letters of recommendation already submitted to SIUE to SIUC.
  - International Students
    - Copy of Passport
    - Financial Statement
      - This document is found at the end of the SIUC application. It must be completed even if you have been promised an assistantship.
      - Before you can be admitted, it is necessary for you to indicate that a minimum of U.S. \$40,500 will be available to you for each year of your proposed course of study.
      - Be sure to indicate if your studies are totally dependent upon an assistantship or if you have personal funds to fulfill this requirement.
      - If you have personal funds, be sure to submit official documentation of funds and amounts via a recent bank statement
  - Current SIUC non-refundable application fee in U.S. dollars (credit card only)

## **Admission Process**

Your application will be reviewed by the SIUE School of Engineering and the SIUE department you plan to work with. If the application receives approval from these two entities, it will be reviewed by the appropriate SIUC college and department. If it receives approval from these two entities, it will be reviewed by the SIUC Graduate School. Your application can only be deferred one time. Therefore, if your application does not receive approval in time for the semester you apply, it must be approved in time for the next or it will be withdrawn and you will have to reapply. SIUC grants or denies final admission to the program.

## **Requirements for Retention**

The rules of the SIUC Graduate School apply. In addition, students holding graduate assistantships are required to carry no more than two incomplete grades at any given time to be eligible to continue their assistantship appointments.

# Cooperative PhD - Computer Science

## Candidacy and Dissertation

### Preliminary Exams

The student must fulfill the requirements for the departmental Qualifying Examination within three years of enrollment in the doctoral program. The Qualifying Examination is organized and administered by the student's academic advisor. The faculty prepares a written test based on at least two areas of concentration related to the student's intended dissertation area. Questions will be drawn from regularly scheduled 400 and 500 level graduate courses at SIUC. The grade for the exam will be on a Pass or Fail basis for each subject area. If a student fails to pass any subject area of the written examination, a second chance is given for the failed topic test. Students who fail the Qualifying Examination after two attempts will be dismissed from the PhD program.

### Dissertation Proposal and Candidacy

Having passed the qualifying exams and after completion of most of the course requirements, a student will begin working on a dissertation proposal. The next step will be a Preliminary Examination consisting of an oral test on the student's proposed research topic. The student will pass the Preliminary Examination only if the members of the committee, with at most one exception, judge the performance of the student's oral examination to be satisfactory. In the event the student's performance is unsatisfactory, the committee will reschedule the exam for a later time. A student who fails the reexamination will be dismissed from the PhD program.

### Dissertation and Defense

A dissertation is written under the direction of the student's dissertation advisor and the student's graduate committee. The dissertation must be prepared in accordance to the "Guidelines for Dissertations, Theses and Research Papers" of the SIUC Graduate School.

A student will be officially admitted to candidacy for the PhD degree after passing the Preliminary Exam and upon completion of all coursework. The student must then complete 24 credit hours of dissertation credit, restricted to nine hours per semester. When the research is complete and the dissertation is written, a final oral examination will take place to determine if the research conducted is worthy of the PhD degree. The dissertation must conform to high literary and scholastic standards and comply with all the relevant requirements of the Graduate School. The dissertation must represent original research of good quality. From the dissertation, the candidate should publish (or have accepted for publication) a minimum of two articles in peer-reviewed publications. The candidate must be listed as the primary author of at least one of these journal articles.

Each candidate must pass a final oral exam over the candidate's dissertation conducted by the candidate's Dissertation Committee. The dissertation will be accepted provided the dissertation advisor and at least three of the other four members of the committee so agree.

# Cooperative PhD - Computer Science

## Curriculum

The computer science program consists of 24 credit hours of 400/500 level courses and 24 credit hours of CS 600 Dissertation research, all of which are subject to the following constraints:

- Two one-credit seminar courses
- Six credit hours from approved computer science 400/500 level courses
- Six elective credit hours of CS 500 level courses
- Six credit hours of 400/500 level courses from approved academic departments other than computer science

The student will work with the Dissertation Committee to supervise the remaining doctoral work. This committee will consist of five graduate faculty members, one or two of whom will be from a graduate program outside the Department. The student's dissertation advisor will serve as the Chair of this committee.

The minimum course requirements are listed in the SIUC Graduate Catalog as well as the computer science website.

# Cooperative PhD - Computer Science

## Graduation Requirements

In order to graduate, students of the PhD program must have successfully completed the following requirements:

- All requirements of the SIUC Graduate School must be satisfied.
- A minimum of 24 hours of doctoral-level coursework must be completed. The grade point average must be 3.25 or higher on a scale of 4.00.
- An acceptable dissertation must be completed within five years after admission to candidacy. In the event the dissertation is not completed in the set time frame, the student will be required to take and pass the candidacy exams again.

The doctoral degree is conferred by SIUC. Students must apply for graduation and pay application fees by the deadline via Salukinet.

# Cooperative PhD - Computer Science

## Tuition and Financial Aid

### Tuition and Fees

Cooperative students can register for classes on either campus. They will pay tuition and fees to the campus at which they registered for the class. Thus, in a single semester students may be registered on both campuses and be paying some tuition and fees on each campus. The exception is if the students are only taking classes at SIUE, in which case they will be registered for one credit of 601 with no charge at SIUC.

### Assistantships

In order for a student to hold an assistantship at SIUE, the student must maintain a GPA of 3.0 and enroll in at least 6 credit hours per academic term. The student may have enrollment at SIUE only, or have enrollment at both SIUE and SIUC as long as the cumulative enrolled hours is at least 6. Cooperative PhD students will receive a tuition waiver and stipend. For more information, visit the SIUE Graduate School website.

### Financial Aid

SIUC is the degree granting institution, so financial aid will be based out of SIUC

- If the student is enrolled in classes at SIUE only, the student is not eligible for financial aid.
- If the student is enrolled in classes at SIUC only, the student is eligible for financial aid through SIUC.
- If the student is enrolled in classes at both SIUE and SIUC, and the student has enough hours at SIUC to receive maximum aid, then SIUC will offer all financial aid.
- If the student is enrolled in classes at both SIUE and SIUC, and does not have enough hours at SIUC to get maximum financial aid, SIUC will do a consortium agreement with SIUE and offer all financial aid.

Cooperative PhD students are not eligible for Federal Work Study.

# Post-Master's Doctor of Nursing Practice

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- The applicant must hold a master of science in nursing as an advanced practice nurse or have a Bachelor of Science in nursing and hold a master's degree appropriate to their advanced nursing practice role such as MPH, MHA, MPA, MS, etc. Nurses with degrees from nurse educator programs will not be considered for admission.
- Minimum cumulative master's GPA of 3.0/4.0.
- Completion of a graduate-level statistics course with a grade of B or better within six (6) years.
- Current unencumbered RN licensure.
- Resumé or curriculum vitae.
- Narrative statement of applicant's goals for the doctor of nursing practice (DNP) program and project.
- Three (3) reference forms (one of which should be from your current manager and two others preferably from nurses holding a graduate degree in nursing or a related field).
- Personal interview
- Statement about a potential DNP project idea

Program application materials may be uploaded during the application process, but official transcripts must be sent electronically to [etranscripts@siue.edu](mailto:etranscripts@siue.edu) directly from the institution or mailed to:

SIUE Graduate and International Admissions  
Campus Box 1047  
Edwardsville, IL 62026-1047

Test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants may follow up with the graduate nursing advisor to check the status of their application.

## Application Deadline

Priority deadline is March 1 for the class entering in the fall.

# Post-Master's Doctor of Nursing Practice

## Sample Curriculum (subject to change)

### Year 1 (Fall Semester)

---

- (3) N600 Theory Guided Practice
  - (3) N604 Evaluating Evidence for Improving Practice/Healthcare Outcomes
  - (1) N695a Introduction to DNP Projects
- 7 - Total Credits

### Year 1 (Spring Semester)

---

- (3) N605 Health Policy and Finance for Advanced Nursing Leadership
  - (3) N691 Organizational and Systems Leadership in Healthcare
  - (2) N695p DNP Project (completion of Phase A and B)
- 8 - Total Credits

### Year 1 (Summer Semester)

---

- (3) N617 Advanced Applications of Epidemiology in Practice
  - (2) N695p DNP Project (completion of Phase C)
- 5 - Total Credits

### Year 2 (Fall Semester)

---

- (3) N601 Ethics Studies for Advanced Nursing Practice
  - (3) N620 Healthcare Informatics
- 6 - Total Credits

### Year 2 (Spring Semester)

---

- (4) N695p DNP Project (completion of Phase D and E)
- 4 - Total Credits

**Total Hours 30**

### Immersion Experiences

Students who are admitted to the program attend a three-day immersion the first year, and a two-day immersion the second year. Attendance on campus is mandatory for these two immersions. Additionally, students may come to campus for the oral presentation of their final DNP Practice Project.

### **School of Nursing Retention Policy**

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of A or B. Students who obtain a course grade of D or F in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course. Students may only earn one course grade of C and stay enrolled in graduate nursing programs. If a second course grade of C is earned, students are automatically removed from the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of C does not eliminate the original course grade of C from being applied towards this exclusion policy.

# Post-Master's Doctor of Nursing Practice

## Graduation Requirements

Students must successfully complete all coursework and a final doctoral project. Because the American Association of Colleges of Nursing has mandated that DNP graduates complete at least 1,000 hours of practice post-baccalaureate as part of a supervised academic program, master's degree transcripts will be evaluated individually, with a maximum of 500 clinical hours from advanced practice specialization programs counting toward the total 1,000 required hours. Deficit practice hours will be completed in the program.

# Educational Leadership Doctorate - General School Leadership (EdD)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Master of Science in education or its equivalent
- Grade point average of 3.25 (A=4.0) or higher in graduate study
- Teaching experience or other relevant experience as approved by the admissions committee
- Current resume that clearly indicates:
  - Educational background (degrees completed)
  - P-12 or other relevant work experience in education
  - Any relevant P-12 or other relevant leadership experiences
- Three letters of reference from administrators or supervisors who have first-hand knowledge of the candidate's professional work. Letters must address:
  - Nature of the relationship with the applicant (at least one letter must be from a current or past supervisor)
  - The applicant's leadership experience
  - Ability to work collaboratively
  - Ability to impact schools to improve student learning
  - Oral and written communication skills
  - Potential to become a transformative educational leader.
- Written responses to three focus questions that consider the goals of the EdD Program and preparation for doctoral study
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

All requirements will be reviewed by a faculty admissions committee to determine the potential of the candidate to affect educational improvement.

# Educational Leadership Doctorate - General School Leadership (EdD)

## Curriculum

Fifty-four (54) semester hours of graduate credit beyond the master's degree are required for the EdD.

### Required courses (15 semester hours)

EDAD 563 (3) School and Community Relations  
EDAD 565 (3) Personnel Administration  
EDAD 570 (3) Leadership Theory and Practice  
EDAD 580 (3) District Program Development  
EDAD 573 (3) Educational Facilities Management  
OR  
EDAD 575 (3) Strategic Management

### Electives (15 semester hours)

Students select five (5) of the following courses (or other courses as approved by the program):

CI 510 (3) Analysis of Instruction  
CI 511 (3) Differentiated Instruction  
CI 563 (3) Curriculum Models  
CI 578 (3) Organization and Administration of Literacy Programs  
CI 581 (3) Foundations of Teacher Leadership  
EDAD 555 (3) The Superintendency  
EDAD 560 (3) Educational Policy Making and Governance  
EDAD 573 (3) Educational Facilities Management  
EDAD 575 (3) Strategic Management  
EDAD 585 (3) School of Business Administration  
ENG 544 (3) Reading and Writing Pedagogy in TESL  
ENG 576 (3) Writing Across the Curriculum  
ENG 587 (3) Politics of Composition Pedagogy  
SOC 502 (3) Seminar in Intergroup Relations  
SOC 542 (3) Seminar in Gender and Gender Inequality  
SOC 590 (3) Special Topics (to be approved by advisor)  
SPED 514 (3) Legal Aspects of Special Education  
SPED 515 (3) Administration and Supervision of Special Education Services  
SPED 517 (3) Special Education Finance  
Or other electives as approved by program faculty.

### Advanced Study and Research

EDAD 600 (3) Proseminar in Doctoral Study  
EDAD 620 (3) Advanced School Law  
EDAD 660 (3) Politics and Policy-Making in Education  
EPFR 601 (3) Quantitative Inquiry  
EPFR 605 (3) Qualitative Inquiry-includes field study  
EDAD 690 (3) Research Topics in Educational Leadership  
EDAD 698 (3, 3) Doctoral Capstone Research Project

**NOTES** — All required courses (both the initial 15 hours of required courses and the 24 hours of advanced study and research courses) typically meet one evening a week with additional work completed online.

# Educational Leadership Doctorate - General School Leadership (EdD)

## Graduation Requirements

Prior to beginning the research sequence (EDAD 690 and 698), students must pass the qualifying examination for advancement to candidacy. The examination consists of essay questions that address course content and is taken after EPFR 605 (before EDAD 690 and 698). The exam is read by faculty and assessed for content and quality. Candidates must pass the examination to advance.

Final Capstone Research Project: The project requires an extensive written document that presents the results of the candidate's research. An oral presentation and successful defense of the project before a committee of three faculty members is required for program completion. Planning the project occurs in EDAD 690 and the project is carried out, defended, and finalized in EDAD 698.

# Cooperative PhD - Engineering Science

[Admission Requirements](#) | [Application Process](#) | [Admissions Process](#) | [Retention Requirements](#)

## Admission Requirements

Applicants must meet the admission requirements of the SIUE and SIUC Graduate Schools and must be approved by the Graduate Studies Committee of the SIUC College of Engineering. Admission requirements include:

- Master's degree or its equivalent in an engineering discipline with thesis
- Master's degree grade-point average of 3.5 on a 4-point scale is ordinarily required
- GRE scores submitted to SIUE (institution code 1759)
- Minimum TOEFL scores for non-native speakers of English submitted to SIUE (institution code 1759): 550 (paper score), 213 (computer score), or 80 (Internet-based score)
- Minimum of funding for international students of U.S. \$42,500 for each year of the proposed course of study, including funds from a graduate assistantship

For information about GRE and/or TOEFL, or to register for either test, please contact Educational Testing Service.

[Back to Top](#)

## Application Process

Some application materials must be sent to SIUE while some must be sent to SIUC. Follow the instructions below to ensure your application review is not delayed. Documents under each institution must be received by that institution before applications will be reviewed by that institution.

### SIUE Application

- Applicants must complete the online application
- Official Bachelor's Transcript
- Official Master's Transcript
- Official GRE Score (institution code 1759)
- Three Letters of Recommendation
- 1 ½ page statement of objectives
- Master's Thesis Abstract
- Current SIUE non-refundable application fee in U.S. dollars  
International students must also provide an official TOEFL Score (institution code 1759)

Official transcripts must be sent electronically to [siueapps@siue.edu](mailto:siueapps@siue.edu) directly from the institution or mailed to:

SIUE Graduate and International Admissions  
CoOp PhD Application

Campus Box 1047  
Edwardsville, IL 62026-1047

## SIUC Application

- Applicants need to submit an electronic application
  - Create an account
  - Program selection will be Engineering Science
  - Degree selection will be PhD
  - Enter your area of concentration
  - When asked to provide letters of recommendation, enter SIUE as the recommender with the email address of [siueapps@siue.edu](mailto:siueapps@siue.edu)
    - This will allow SIUE to attach the letters of recommendation already submitted to SIUE to SIUC.
  - International Students
    - Copy of Passport showing your name, date of birth, and country of citizenship
    - Financial Statement
      - This document is found at the end of the SIUC application. It must be completed even if you have been promised an assistantship.
      - Before you can be admitted, it is necessary for you to indicate that a minimum of U.S. \$42,500 will be available to you for each year of your proposed course of study.
      - Be sure to indicate if your studies are totally dependent upon an assistantship or if you have personal funds to fulfill this requirement.
      - If you have personal funds, be sure to submit official documentation of funds and amounts via a recent bank statement
- Current SIUC non-refundable application fee in U.S. dollars (credit card only)

## Admission Process

Your application will be reviewed by the SIUE School of Engineering and the SIUE department you plan to work with. If the application receives approval from these two entities, it will be reviewed by the appropriate SIUC college and department. If it receives approval from these two entities, it will be reviewed by the SIUC Graduate School. Your application can only be deferred one time. Therefore, your application does not receive approval in time for the semester you apply, it must be approved in time for the next or it will be withdrawn and you will have to reapply. SIUC grants or denies final admission to the program.

[Back to Top](#)

## Requirements for Retention

The rules of the SIUC Graduate School apply. In addition, students holding graduate assistantships are required to carry no more than two incomplete grades at any given time to be eligible to continue their

assistantship appointments.

# Cooperative PhD - Engineering Science

## Candidacy and Dissertation

### Candidacy

Admission to candidacy requires: (a) successful completion of the qualifying examination (which satisfies the research tool requirement of the Graduate School) and (b) successful completion of twenty-four hours of credit (which satisfies the residency requirement of the Graduate School).

In addition, the Candidacy Exam Committee will be composed of at least three graduate faculty members consisting of the advisor of the student, along with at least one graduate faculty from each campus. It is recommended that these same faculty members also serve on the student's Ph.D. Committee.

### Dissertation

Following the admission to candidacy and upon completion of all the coursework, the candidate will prepare and submit a formal written dissertation proposal, defining the proposed research and the proposed line of inquiry. The candidate subsequently must make an oral presentation of the dissertation proposal to the members of the dissertation committee in an open forum. A public announcement of this event must be made at least five days in advance.

In the framework of the oral presentation of the dissertation proposal, the candidate is expected to address and respond to any question (by the members of the committee) related to material covered by all the courses taken during his doctoral studies or to the background necessary for the specific area of the proposed research. In addition, the candidate is expected to defend the research methodology and the proposed line of inquiry.

A dissertation must be written under the direction or co-direction of an engineering faculty member and approved by a dissertation committee consisting of at least six members, three SIUC faculty members and three SIUE faculty members, with a chair from SIUE and a co-chair from SIUC. The dissertation adviser must be chosen by the end of the student's first academic year. The dissertation committee should be formed after successful completion of the candidacy examination. The members of this committee need not be the same as the members of the candidacy examination committee. A dissertation research proposal must be approved by the dissertation committee. Candidates will be required to present an acceptable dissertation describing original research performed with minimal supervision. Dissertation approval is based on a successful oral defense of the dissertation research and approval of the dissertation. This requires approval of at least 80 percent of the dissertation committee.

The dissertation must be prepared in accordance to the "Guidelines for Dissertations, Theses and Research Papers" of the SIUC Graduate School. Dissertation approval is based on successful defense of the research performed in terms of originality, relevance and presentation (written and oral). This requires approval by at least 80% of the members of the dissertation committee.

Upon completion of the dissertation, which must demonstrate the ability of the candidate to conduct independent research, the committee will administer the final oral examination. The objective of the final oral examination, conducted in an open forum, will be the defense of the dissertation. Upon satisfactory completion of the dissertation and the final oral examination the committee will recommend the candidate for the doctoral degree.

# Cooperative PhD - Engineering Science

## Areas of Concentration

- Cooperative PhD - Engineering Science
  - Civil, Environmental and Geotechnical Engineering
  - Computer Science
  - Electrical and Computer Engineering
  - Mechanical Engineering

## Civil, Environmental and Geotechnical Engineering

Courses are offered in environmental, structural, transportation, and geotechnical engineering. Environmental engineering topics include water and wastewater treatment as well as solid and hazardous waste management. Structural engineering topics include structural analysis and concrete, masonry, steel, and timber design. Transportation engineering topics include site selection, safety, and system design. Geotechnical topics include soil mechanics, foundation, excavation, tunneling, retaining structures, and supporting systems.

# Cooperative PhD - Engineering Science

## Areas of Concentration

- Cooperative PhD - Engineering Science
  - Civil, Environmental and Geotechnical Engineering
  - Computer Science
  - Electrical and Computer Engineering
  - Mechanical Engineering

## Computer Science

Course offerings and areas of interest include advanced operating systems, computer architecture, computer networks, bioinformatics, artificial intelligence, database systems and information assurance.

# Cooperative PhD - Engineering Science

## Curriculum

The PhD degree program requires a minimum of 26 semester hours of course work and 24 semester hours of dissertation research. The course work is comprised of the program core requirements and additional courses taken in the student's selected area of specialty.

---

## Core Requirements

Each student must complete the core course requirements of the program totaling 11 credit hours. The program core has the following components:

- Mathematics - 6 credit hours
  - Engineering or Science - 3 credit hours approved by both the SIUE and SIUC advisors
  - Seminar - 2 credit hours
- The two credit hours for the seminar, ENGR 580, must be taken over two semesters, one credit hour at a time. One of the two seminar credit hours must be taken before admission to candidacy and one after admission to candidacy.
- 

## Area of Concentration

In addition, a minimum of 15 credit-hours is required in the selected area of concentration to provide substantial depth relevant to the student's research interests.

No more than two courses or six credit hours of 400-level courses can be counted toward the requirements of the PhD degree.

ENGR 590 - Special Investigations course can only be used once for a maximum of three credit hours.

Applicants with a master's degree in computer science are encouraged to choose computer engineering specialization in the Cooperative PhD program.

For questions related to transfer credit please contact the Associate Dean for Research and Development.

---

## Approved Mathematics Courses for the Program Core

MATH 420-3 Abstract Algebra

Standard algebraic structures and properties. Groups: subgroups, normality and quotients, isomorphism theorems, special groups. Rings: ideals, quotient rings, special rings. Fields: extensions, finite fields, geometric constructions. Prerequisite: MATH 320 or consent of instructor.

### MATH 421-3 Linear Algebra II

Advanced study of vector spaces: Cayley-Hamilton Theorem, minimal and characteristic polynomials, eigenspaces, canonical forms, Lagrange-Sylvester Theorem, applications. Prerequisite: MATH 321 or consent of instructor.

### MATH 423-3 Combinatorics and Graph Theory

Solving discrete problems. Counting techniques, combinatorial reasoning and modeling, generating functions and recurrence relations. Graphs: definitions, examples, basic properties, applications, and algorithms. Prerequisites: MATH 223; some knowledge of programming recommended.

[Back to Top](#)

### MATH 435-3 Foundations for Euclidian and Non-Euclidian Geometry

Points, lines, planes, space, separations, congruence, parallelism and similarity, non-Euclidean geometries, independence of the parallel axiom. Riemannian and Bolyai-Lobachevskian geometries. Prerequisites: MATH 250; 321; MATH 320 or 350, consent of instructor.

### MATH 437-3 Differential Geometry

Curve theory, surfaces in 3-dimensional space, fundamental quadratic forms of a surface, Riemannian geometry, differential manifolds. Prerequisite: MATH 250.

### MATH 450-3 Real Analysis I

Differentiation and Riemann integration of functions of one variable. Taylor series. Improper integrals. Lebesgue measure and integration. Prerequisite: MATH 350.

[Back to Top](#)

### MATH 451-3 Introduction to Complex Analysis

Analytic functions, Cauchy-Riemann equations, harmonic functions, elements of conformal mapping, line integrals, Cauchy-Goursat theorem, Cauchy integral formula, power series, the residue theorem and applications. Prerequisites: MATH 223; 250.

### MATH 462-3 Engineering Numerical Analysis

Polynomial interpolation and approximations, numerical integration, differentiation, direct and iterative methods for linear systems. Numerical solutions for ODE's and PDE's. MATLAB programming required. Prerequisites: MATH 250; 305; CS 140 or 141, or consent of instructor. Not for MATH majors.

### MATH 464-3 Partial Differential Equations

Partial differential equations; Fourier series and integrals; wave equation; heat equation; Laplace equation; and Sturm-Liouville theory. Prerequisites: MATH 250, 305, and 321.

[Back to Top](#)

### MATH 465-3 Numerical Analysis

Error analysis, solution of nonlinear equations, interpolation, numerical differentiation and integration, numerical solution of ordinary differential equations, solution of linear systems of equations. Prerequisites: MATH 305; CS 140 or 141.

### MATH 466-3 Numerical Linear Algebra with Applications

Direct and iterative methods for linear systems, approximation of eigenvalues, solution of nonlinear

systems, numerical solution of ODE and PDE boundary value problems, function approximation.

Prerequisites: MATH 305; 321; CS 140 or 141.

#### MATH 501-3 Differential Equations and the Fourier Analysis

Brief review of ODE. Legendre and Bessel functions. Fourier series, integrals, and transforms. Wave equation, heat equation, Laplace equation. Not for MATH majors. Prerequisite: MATH 250, MATH 305, or consent of instructor.

[Back to Top](#)

#### MATH 502-3 Advanced Calculus for Engineers

Review of vector calculus, Green's theorem, Gauss' theorem, and Stokes' theorem. Complex analysis up to contour integrals and residue theorem. Not for MATH majors. Prerequisite: MATH 250 or consent of instructor.

#### MATH 545-3 Real Analysis II

Riemann, Riemann-Stieltjes, and Lebesgue integrals. Differentiation of functions of  $n$  variables. Multiple integrals. Measure and probability. Differential forms, Stokes' Theorem. Prerequisites: MATH 321 and 450.

#### MATH 552-3 Theory of Ordinary Differential Equations

Existence and uniqueness theorem, dynamical systems, stability, bifurcation theory, boundary value problems. Prerequisites: MATH 350; 421.

[Back to Top](#)

#### MATH 555-3 Functional Analysis with Applications

Normed and Banach spaces, inner product and Hilbert spaces, Open Mapping and Closed Graph Theorem, Hahn-Banach Theorem, dual spaces and weak topology. Prerequisite: MATH 421, 450.

#### MATH 563-3 Optimal Control Theory (Same as ECE 563 and ME 563)

Description of system and evaluation of its performance; dynamic programming, calculus of variations and Pontryagin's minimum principle; iterative numerical techniques. Prerequisite: MATH 305 or ECE 365 or ME 450.

#### MATH 565-3 Advanced Numerical Analysis

Rigorous treatment of topics in numerical analysis including function approximation, numerical solutions to ordinary and partial differential equations. Convergence and stability of finite difference methods. Prerequisites: MATH 321; 350; 465; 466.

[Back to Top](#)

---

## Engineering or Science Courses for the Program Core

Core courses are approved on a case-by-case basis. Courses may be taught by faculty at SIUC and made available at SIUE through distance education and other means. Other courses may also be taken to satisfy the Engineering or Science Core requirements subject to approval of the advisor.

[Back to Top](#)

# Cooperative PhD - Engineering Science

## Areas of Concentration

- Cooperative PhD - Engineering Science
  - Civil, Environmental and Geotechnical Engineering
  - Computer Science
  - Electrical and Computer Engineering
  - Mechanical Engineering

## Electrical and Computer Engineering

Course offerings and areas of interest include computer architectures, computer networks and security, embedded controller design and applications, VLSI design, mixed signal design, communications, signal and image processing, automation and control, power systems.

# Cooperative PhD - Engineering Science

## Graduation Requirements

In order to graduate, students of the PhD program must have successfully completed the following requirements:

- All requirements of the Southern Illinois University Carbondale Graduate School must be satisfied.
- A minimum of 26 hours of doctoral-level course work must be completed. The grade point average must be 3.25 or higher on a scale of 4.00.
- An acceptable dissertation must be completed within five years after admission to candidacy. In the event the dissertation is not completed in the set time frame, the student will be required to take and pass the candidacy exams again.

The doctoral degree is conferred by SIUC. Students must apply for graduation and pay application fees by the deadline via Salukinet.

# Cooperative PhD - Engineering Science

## Areas of Concentration

- Cooperative PhD - Engineering Science
  - Civil, Environmental and Geotechnical Engineering
  - Computer Science
  - Electrical and Computer Engineering
  - Mechanical Engineering

## Mechanical Engineering

Course offerings and areas of interest include dynamics and vibration, robotics and automation, dynamical systems and control, structural mechanics, computational fluid mechanics, mass and heat transfer, refrigeration, HVAC, alternative cooling technologies. Other areas may also be formulated.

# Environmental Resources and Policy (PhD)

## Admission Requirements

Applicants must meet the admission requirements of the SIUE and SIUC Graduate Schools and must be approved by the SIUE Environmental Science and SIUC Environmental Resources and Policy departments.

- Admission to the program requires a Master of Science in a related field with a GPA of 3.0/4.0 or higher.
- Applications for admission must include the following:
  - Curriculum vitae or resume
  - Statement of interest: One- to two-page description of your professional goals, including your planned field of specialization (or program concentration)
  - Bachelor's and master's degree transcripts
  - GRE scores (SIUE institution code: 1759)
  - Three reference letters
- International applicants also need to submit the following:
  - A photocopy of the page(s) of your passport showing your name, date of birth and country of citizenship
  - TOEFL or IELTS score (SIUE institution code: 1759)
  - Financial statement to show that funding will be available to you for each year of your proposed course of study, or that you have an assistantship to provide toward the amount

## Application Process

Some application materials must be sent to SIUE while some must be sent to SIUC. Follow the instructions below to ensure your application review is not delayed. Documents under each institution must be received by that institution before applications will be reviewed by that institution.

### SIUE Application

- Applicants must complete the online application
- Official Bachelor's Transcript
- Official Master's Transcript
- Official GRE Score (SIUE code 1759)
- Three reference letters
- Statement of interest
- International students
  - Official TOEFL or IELTS Score (institution code 1759)

Official transcripts must be submitted electronically to [sueapps@siue.edu](mailto:sueapps@siue.edu) or mailed to:

SIUE Graduate and International Admissions  
CoOp PhD Application

Campus Box 1047  
Edwardsville, IL 62026-1047

The application deadline for fall admission and graduate assistantships is February 1. Only exceptional applicants may be admitted for spring semesters, and the application deadline is October 1.

## SIUC Application

- Applicants need to submit an electronic application
  - Create an account
  - Program selection will be Environmental Resources and Policy
  - Degree selection will be PhD
  - When asked to provide letters of recommendation, enter SIUE as the recommender with the email address of [siueapps@siue.edu](mailto:siueapps@siue.edu)
    - This will allow SIUE to attach the letters of recommendation already submitted to SIUE to SIUC.
  - International students
    - Financial Statement
      - This document is found at the end of the SIUC application. It must be completed even if you have been promised an assistantship.
      - Before you can be admitted, it is necessary for you to indicate that a minimum of U.S. \$40,500 will be available to you for each year of your proposed course of study.
      - Be sure to indicate if your studies are totally dependent upon an assistantship or if you have personal funds to fulfill this requirement.
      - If you have personal funds, be sure to submit official documentation of funds and amounts via a recent bank statement
    - Copy of Passport showing your name, date of birth and country of citizenship
- Current SIUC non-refundable application fee in U.S. dollars (credit card only)

## Admission Process

The application will be reviewed by the SIUE Department of Environmental Sciences. If the application receives approval from the department, it will be forwarded to the SIUC Environmental Resources and Policy Program. Applications will then be reviewed by ERP program, and a final decision to recommend admission to the SIUE Graduate School will be administered by the SIUC ERP Internal Advisory Board in the same manner as other students who are admitted to SIUC's program and further by the SIUC Graduate School.

The student's PhD committee will determine the need for and nature of any remedial work required. In keeping with the common practice in the SIUC doctoral environmental resources and policy program, advisors will be identified at the time of admission.

Admission to the ERP program will be granted by the SIUC Graduate School.

# Environmental Resources and Policy (PhD)

## Candidacy and Dissertation

### Preliminary Exams

By the end of their second semester in residence, students must have chosen a concentration and formed a graduate committee to oversee their dissertation research. The graduate committee will consist of five members: two SIUC graduate faculty, two SIUE graduate faculty, and an additional member from either institution or an external member who holds graduate status or temporary graduate status as appropriate from the respective institution.

Written and oral preliminary examinations consist of two parts: one based on the program core material, and the other on the student's chosen concentration. If prelims are not passed, the student must wait a minimum of three months for the second and final attempt to pass the exam. When the student has passed prelims and a dissertation proposal is accepted by the committee, students are admitted to candidacy.

### Dissertation Proposal and Candidacy

The candidate will prepare and submit a formal written dissertation proposal, defining the proposed research and proposed line of inquiry. In the framework of the oral presentation of the dissertation proposal, the candidate is expected to address and respond to any question (by the members of the committee) related to material covered by all the courses taken during his/her doctoral studies or to the background necessary for the specific area of the proposed research. In addition, the candidate is expected to defend the research methodology and the proposed line of inquiry. A dissertation research proposal must be approved by the dissertation committee. The dissertation proposal must also be presented in ERP 598, Applied Environmental Resources and Policy.

Admission to candidacy requires:

- Successful completion of 24 hours of credit (which satisfies the residency requirement of the Graduate School)
- Successful defense of the dissertation proposal (which satisfies the research tool requirement of the Graduate School)
- Successful completion of the qualifying examination

### Dissertation and Defense

A dissertation is written under the direction of the student's dissertation advisor and the student's graduate committee. The dissertation must be prepared in accordance to the "Guidelines for Dissertations, Theses and Research Papers" of the SIUC Graduate School.

Candidates will be required to present an acceptable dissertation describing original research performed with minimal supervision. The oral presentation of the dissertation will be made to the

members of the dissertation committee in an open forum. A public announcement of this event must be made at least five days in advance. Dissertation approval is based on a successful defense of the dissertation research performed in terms of originality, relevance, and presentation (both written and oral). This requires approval of at least 80 percent of the dissertation committee. The dissertation research must also be presented in ERP 598, Applied Environmental Resources and Policy.

# Environmental Resources and Policy (PhD)

## Curriculum

The ERP program requires a minimum of 60 credit hours, including:

### **12 credit hours of core course work**

- ERP 502 Environmental Decision Making (3 credit hours)
- A methodology or science course at SIUC (3 credit hours)
- A methodology or science course at SIUE (3 credit hours)
- ERP 598 Applied Environmental Resources and Policy (1 credit hour each year in residence)
- ERP 601 Continuing Enrollment (SIUE students registration for ERP 601 with no charge)

Up to six credit hours can be approved for transfer to the degree program if they were earned from an accredited institution. Transfer credits will not count toward the residency requirement.

### **24 hours of dissertation research credit**

- ERP 600 Dissertation (12 credit hours)
- ENSC 600 Dissertation (12 credit hours)

Only six hours of dissertation research credit may be taken prior to the oral defense of the dissertation proposal and approval of the dissertation proposal.

### **24 hours of concentration coursework**

The 24 hours of elective coursework will be taken within an area of chosen concentration. The student and the research supervisor(s) in consultation with the student's graduate advisory committee will determine specific concentration courses. The multi-disciplinary curriculum for each concentration is customized to meet the student's individual interests and career goals.

The minimum course requirements are listed in the SIUC Graduate Catalog and on the SIUC Environmental Resources and Policy Program website.

# Environmental Resources and Policy (PhD)

## Graduation Requirements

In order to graduate, students of the doctoral program must have successfully completed the following requirements:

- All requirements of the SIUC Graduate School must be satisfied.
- A minimum of 36 hours of doctoral-level coursework must be completed. The grade point average must be 3.25 or higher on a scale of 4.00.
- An acceptable dissertation must be completed within five years after admission to candidacy. In the event the dissertation is not completed in the set time frame, the student will be required to take and pass the candidacy exams again.

The doctoral degree is conferred by SIUC. Students must apply for graduation and pay application fees by the deadline via Salukinet.

# Family Nurse Practitioner

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Submit three (3) reference forms (one (1) of which should be from your current manager and two (2) others preferably from nurses holding a graduate degree in nursing or a related field), and complete the Goals Statement in the application.
- Bachelor of science in nursing from a CCNE or NLNAC accredited program. Graduates from non-NLNAC or CCNE accredited programs will be considered under certain circumstances. Please contact the School of Nursing for more information.
- Current unencumbered RN licenses in the state where you plan to complete your practicum experience. Due to the required clinical assignments, nurse anesthesia students must possess Unencumbered Illinois and Missouri RN licenses.
  1. NP, NE and HCNA students, please note that if you live anywhere in or around St. Louis metro area, we strongly encourage you to hold an active Illinois and Missouri license.
  2. If a student participates in any clinical practicum in a state in which they are not licensed, the student will be referred to the appropriate Student Affairs Committee Honor Board for a Level 4 violation of the Academic Integrity Statement.
- Minimum undergraduate nursing grade point average (GPA) of 3.0 on a 4.0 scale.
- Preferred minimum undergraduate science GPA of 3.0 on a 4.0 scale.
- Preferred minimum overall undergraduate GPA of 3.0 on a 4.0 scale.
- Evidence of completion of an undergraduate statistics course with a grade of C or better.
- Completion of a minimum of one (1) year of professional nursing practice experience prior to enrollment in the first specialization clinical course.
- Successful completion of a drug screen and a criminal background check, as specified by the School of Nursing, to be performed after initial acceptance to the program.
- Successful completion of an application interview.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants may follow up with the graduate nursing advisor to check on status of the application.

### Application Deadline

Priority deadline is February 1 for the class entering in the fall.

# Family Nurse Practitioner

## Full-Time Sample Curriculum

(Part-time sample curriculum available upon request)

### Year 1 (Fall Semester)

---

- (4) NURS 514 Advanced Human Physiology
- (4) NURS 515 Advanced Human Pathophysiology
- (3) NURS 600 Theory Guided Practice
- 11 - Total Credits

### Year 1 (Spring Semester)

---

- (3) PAPA 561 Bio Stats/Epi Course
- (3) NURS 516 Pharmacology for APNs
- (3) NURS 601 Ethics Studies for Advanced Nursing Practice
- 9 - Total Credits

### Year 1 (Summer Semester)

---

- (3) NURS 604 Evaluating Evidence for Improving Practice
- (1) NURS 695a Introduction to DNP Projects
- 4 - Total Credits

### Year 2 (Fall Semester)

---

- (3) NURS 513 Advanced Health Assessment and Practicum
- (3) NURS 520 Diagnostic Tests and Interpretations and Procedures
- (3) NURS 620 Healthcare Informatics
- 9 - Total Credits

### Year 2 (Spring Semester)

---

- (3) NURS 605 Health Policy and Finance
- (4) NURS 571 Advanced Management of Adult Health in Primary Care 1 and Practicum

- (1) NURS 697a Doctoral Project Design and Management I
  - (1) NURS 697b Doctoral Project Design and Management II
- 9 - Total Credits

## **Year 2 (Summer Semester)**

---

- (3) NURS 573 Advanced Management of Women's Health and Practicum
  - (3) NURS 697c Doctoral Project Design and Management III
- 6 - Total Credits

## **Year 3 (Fall Semester)**

---

- (4) NURS 572 Advanced Management of Adult Health in Primary Care II and Practicum
- (4) NURS 576 Advanced Management of Pediatric Client and Practicum
- (1) NURS 697d Doctoral Project Design and Management IV

9 - Total Credits

## **Year 3 (Spring Semester)**

---

- (5) NURS 677 Advanced Practicum and Role Synthesis
  - (3) NURS 691 Organizational and Systems Leadership in Healthcare
  - (1) NURS 697e Doctoral Project Design and Management V
- 9 - Total Credits

**Total Hours 66**

## **School of Nursing Retention Policy**

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of A or B. Students who obtain a course grade of D or F in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course. Students may only earn one course grade of C and stay enrolled in graduate nursing programs. If a second course grade of C is earned, students are automatically removed from the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of C does not eliminate the original course grade of C from being applied toward this exclusion policy.

# Family Nurse Practitioner

## Graduation Requirements

Doctoral students in the School of Nursing's Family Nurse Practitioner option must complete all courses with a GPA of 3.0/4.0, which includes successful completion of all clinical practicum experiences. Family nurse practitioner students must also successfully complete a DNP project.

# History- Co-op PhD

## Admission Requirements

Applicants must meet the admission requirements of the SIUE and SIUC Graduate Schools and must be approved by the SIUE History and SIUC Historical Studies departments.

- Master's degree in history or closely related field
- If applicant has non-history master's, must have at least 18 credit hours of history at the undergraduate level carrying a GPA in history of 3.0 or above.
- Non-native English speakers must demonstrate English proficiency in their application

## Application Process

Some application materials must be sent to SIUE while some must be sent to SIUC. Follow the instructions below to ensure your application review is not delayed. Documents under each institution must be received by that institution before applications will be reviewed by that institution.

### SIUE Application

Applicants must complete the online application.

The following documents must be uploaded to your online application:

- \$40 application fee
  - Official bachelor's transcript
  - Official master's transcript
  - A 15-25 page writing sample demonstrating applicant's competence in historic research and writing
  - A personal statement outlining applicant's historical experience, areas of historical interest and goals
  - Three letters of recommendation from those who know the applicant's previous historical work the best
- GRE Scores (use institution code 1759)

### International students

- Official TOEFL Score (institution code 1759)

Official transcripts must be sent electronically to [siueapps@siue.edu](mailto:siueapps@siue.edu) directly from the institution or mailed to:

SIUE Graduate and International Admissions  
Historical Studies CoOp PhD  
Campus Box 1047  
Edwardsville, IL 62026-1047

## SIUC Application

(To be completed once SIUE has indicated admission approval)

- Applicants need to submit an electronic application.
  - Create an account
  - Program selection will be Historical Studies
  - Degree selection will be PhD
  - When asked to provide letters of recommendation, enter SIUE as the recommender with the email address of siueapps@siue.edu
    - This will allow SIUE to attach the letters of recommendation already submitted to SIUE to SIUC.
  - International students
    - Financial Statement
      - This document is found at the end of the SIUC application. It must be completed even if you have been promised an assistantship.
      - Before you can be admitted, it is necessary for you to indicate that a minimum of U.S. \$40,500 will be available to you for each year of your proposed course of study.
      - Be sure to indicate if your studies are totally dependent upon an assistantship or if you have personal funds to fulfill this requirement.
      - If you have personal funds, be sure to submit official documentation of funds and amounts via a recent bank statement.
      - Copy of Passport showing your name, date of birth, and country of citizenship
  - Current SIUC non-refundable application fee in US dollars (credit card only)

## Admission Process

The Graduate Committees of both SIUE and SIUC's Departments of Historical Studies will review the applications submitted to their respective universities. Upon joint acceptance by the two departments, applicants will be referred to each university's respective Graduate Schools for final admission. Students will enter SIUE as unclassified graduate students and will enter SIUC as classified graduate students in history.

Admission to the program will be granted by SIUC.

# History- Co-op PhD

## Candidacy

Admission to candidacy requires successful completion of:

- Qualifying examination and
- 24 hours of course credit (satisfying the residency requirement for the state of Illinois)

The Qualifying Exam Committee will consist of at least four faculty:

- Three examiners, one of which is the student's advisor
- One additional outside reader

At least one of these four faculty members must be from SIUC. It is recommended that these same faculty members also serve on the student's dissertation committee.

## Dissertation

A dissertation must be written under the direction of a historical studies faculty member and approved by a dissertation committee of at least five faculty members:

- Three historical studies faculty, including at least one member from both SIUE and SIUC
- Two additional readers who may be from other departments or disciplines within SIUE and SIUC, or may include one person from outside SIUE and SIUC who has expertise in the student's dissertation subject.

It is recommended, but not required, that the committee be composed of the same faculty who served on the student's Qualifying Exam Committee.

Within one semester of passing their qualifying exams, candidates shall prepare a 15-20 page dissertation prospectus in which the candidate provides a narrative of the project to be undertaken, including relevant historiography, statement of project objectives, a plan of research that identifies key archives and collections relevant to the subject, and a bibliography. At least three weeks after the committee's receiving the candidate's prospectus, the candidate will defend the prospectus before the committee.

Upon successful defense of the prospectus, candidates will spend at least one year researching and typically spend at least one year writing their dissertations under the close supervision of their chair. Dissertations must be prepared in accordance with the SIUC Graduate School's "Guidelines for Dissertations, Theses and Research Papers."

Completed dissertations must be defended orally before the committee. At the defense, the committee will evaluate the candidate's dissertation based on its method, place in the relevant historiography, interpretation of evidence, conclusions, and/or other criteria relevant to the candidate's work. The committee will also assess the candidate on oral exposition, research skills, use of primary and secondary sources, style, organization, and clarity.

Upon successful completion of the dissertation and defense, the committee will recommend the candidate for the doctoral degree.

# History- Co-op PhD

## Curriculum

The doctoral program requires a minimum of 24 semester hours of course work and 24 hours of dissertation research. The course work is to be comprised of program requirements and elective course requirements.

### Core requirements

- Students will complete six to eight hours in Historiography/Methodology and Historical Research.

### Elective Requirements

- Minimum of 16 additional hours of course work at the 400- or 500-level to provide substantial depth in areas of research and breadth in examination fields. Full time students typically complete upward of 40 credit hours prior to their exams. The courses and credit hours necessary for a doctoral student to prepare for preliminary examinations will be determined by the student's advisory committee.

### Campus Requirements

- At least six credit hours must be taken in non-European and non-United States history
- Students must also demonstrate competency in at least two research tools, at least one consists of a foreign language.
- No more than 14 credit hours total may be taken as independent study, tutorial, or directed readings courses.
- Students must complete at least eight credit hours of coursework at SIUC

# History- Co-op PhD

## Graduation Requirements

### Graduation

The doctoral degree is conferred by Southern Illinois University Carbondale. Students must apply for graduation and pay application fees by the deadline via SalukiNET.

# DNP/MBA

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Submit a CV, three references, and a potential project form in the application
- The applicant must hold a Master of Science in nursing as an advanced practice nurse or have a master's degree in an advanced nursing practice role with completed practicum hours. Nurses with degrees from nurse educator programs will not be considered for admission.
- A cumulative master's GPA of 3.0 (A=4.0) or higher.
- Current unencumbered RN licensure and in good standing.
- Successful completion of an application interview.
- Successful completion of a drug screen and criminal background check, to be performed after initial acceptance to the program.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

## Application Deadline

The priority application deadline is March 1 for summer and fall applicants. Additionally, students may apply for dual degrees, both an MBA and a DNP, with an additional application submitted to the School of Business and a request to waive the GMAT/GRE exam. Students who are accepted into the School of Business MBA program concurrently may have the graduate statistics course waived for the School of Nursing.

# DNP/MBA

## Curriculum

The post-master's DNP is 30 credits, with eight of those credits focused on the final project. The MBA is 36 credits, and four of the nursing DNP courses are considered electives within the MBA program, for a combined total of 60 credits for the concurrent DNP/MBA. While the School of Business courses are offered in online, eight-week\* sessions, the School of Nursing courses are offered online over the whole semester. This allows students who are full time to primarily only have two courses progressing simultaneously within a semester.

\*Beginning in spring 2019, School of Business courses will be offered in seven-week sessions.

### Year 1 (Summer Semester)

---

(3) ACCT 524 Accounting for MBA's  
(3) NURS 600 Theory Guided Practice  
6 - Total Credits

### Year 1 (Fall Semester)

---

(3) MBA 521 Quantitative Analysis (first half of semester)  
(3) MBA 522 Decision Making in Organizations (second half of semester)  
(1) NURS 695a Introduction to DNP Projects  
7 - Total Credits

### Year 1 (Spring Semester)

(3) ECON 528 (second half of semester)  
(2) NURS 691 Organizational & Systems Leadership  
5 - Total Credits

### Year 2 (Summer Semester)

---

(3) CMIS 526 Information Systems & Technology  
(3) NURS 617 Applications of Epidemiology  
6 - Total Credits

### Year 2 (Fall Semester)

- (3) MKTG 525 Marketing Analysis & Applications (second half of semester)
  - (3) NURS 604 Evaluating Evidence for Improving Practice
  - (3) NURS 620 Healthcare Informatics
- 9 - Total Credits

## **Year 2 (Spring Semester)**

---

- (3) FIN 527 Corporate Finance (first half of semester)
  - (3) NURS 605 Health Policy and Finance for Advanced Nurse Leader
  - (8) NURS 695p DNP Project (completion of Phase A and B)
- 8 - Total Credits

## **Year 3 (Summer Semester)**

---

- (2) NURS 695p DNP Project (completion of Phase C)
- 2 - Total Credits

## **Year 3 (Fall Semester)**

---

- (3) MBA 534 Strategic Management (first half of semester)
  - (3) NURS 601 Ethics Studies for Advanced Nursing Practice
- 6 - Total Credits

## **Year 3 (Spring Semester)**

---

- (4) NURS 695p DNP Project (completion of Phase D and E)
- 4 - Total Credits

**Total Hours 60**

## **Immersion Experiences**

Students who are admitted to the program attend a three-day immersion in the first year, and a two-day immersion the second year. Attendance on campus is mandatory for these two immersions. Additionally, students may come to campus for the oral presentation of their final DNP Practice Project.

## **School of Nursing Retention Policy**

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of A or B. Students who obtain a course grade of D or F in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course. Students may only earn one course grade of C and stay enrolled in graduate nursing programs. If a second course grade of C is earned, students are automatically removed from the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of C does not eliminate the original course grade of C from being applied toward this exclusion policy.

# DNP/MBA

## Graduation Requirements

In addition to completing the course work, students must also satisfy a comprehensive examination requirement by earning a grade of B or above in MBA 534. Students who earn a grade below B will be given a second opportunity to complete the course in a satisfactory manner. Performance of individuals who fail to earn a B or above in the second attempt will be reviewed by two additional members of the School of Business Curriculum Committee who may recommend that the student be dropped from the program or, in rare instances, be permitted a third attempt to earn a grade of B or above under another instructor.

Students must successfully complete all course work and practicum hours; develop an electronic portfolio; develop, implement, evaluate, and prepare a written doctoral practice project; and complete an oral presentation of the project. Because the American Association of Colleges of Nursing has mandated that DNP graduates complete at least 1,000 hours of practice post-baccalaureate as part of a supervised academic program, master's degree transcripts will be evaluated individually, with a maximum of 500 clinical hours from advanced practice specialization programs counting toward the total 1,000 required hours.

# Nurse Anesthesia

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Submit three (3) reference forms (one (1) of which should be from the supervisor of a critical care setting you worked in and two others preferably from nurses holding a graduate degree in nursing or a related field)
- Goals statement
- Bachelor of Science or graduate degree in nursing from a CCNE, NLNAC or ACEN accredited program. Graduates from non-NLNAC, CCNE or ACEN accredited programs will be considered under certain circumstances. Please contact the School of Nursing for more information.
- A minimum of one (1) year of recent full-time work experience, or its part-time equivalent, as a registered nurse in a critical care setting (adult ICU preferred).
- An unencumbered license as a registered professional nurse and/or an APRN in the United States or its territories or protectorates (unencumbered Illinois and Missouri RN licensure both required after admission into the program).
- Minimum undergraduate nursing grade point average (GPA) of 3.0 on a 4.0 scale.
- Preferred minimum undergraduate science GPA of 3.0 on a 4.0 scale.
- Preferred minimum overall undergraduate GPA of 3.0 on a 4.0 scale.
- Evidence of completion of an undergraduate statistics course with a grade of C or better.
- Completion of an undergraduate course in organic or biochemistry and physics no more than six (6) years prior to entering the program of study.
- Successful completion of a drug screen and a criminal background check, as specified by the School of Nursing, to be performed after initial acceptance to the program.
- Successful completion of an application interview.

Applicants may follow up with the graduate nursing advisor to check on status of the application. Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

## Application Deadline

Deadline is May 1 for the class entering in the following May. Upon acceptance, a non-refundable advance deposit fee of \$1,000 is required (applied towards future tuition).

# Nurse Anesthesia

## Sample Curriculum (subject to change)

### Year 1 (Summer Semester)

---

- (4) NURS 514 Advanced Human Physiology
- (4) NURS 515 Advanced Human Pathophysiology
- (3) PAPA 561 Biostatistics/Epidemiology
- 11 - Total Credits

### Year 1 (Fall Semester)

---

- (3) NURS 516 Pharmacology for Advanced Nursing Practice
- (3) NURS 600 Theory Guided Practice
- (3) NURS 564 Chemistry and Physics Applied to Anesthesia
- (3) NURS 605 Health Policy & Finance for Advanced Nursing Leadership
- 12 - Total Credits

### Year 1 (Spring Semester)

---

- (3) NURS 604 Evaluating Evidence for Improving Practice/Healthcare Outcomes
- (3) NURS 513 Advanced Health Assessment & Practicum
- (2) NURS 529 Orientation to Nurse Anesthesia Practicum
- (3) NURS 563 Pharmacology Related to Anesthesia
- 11 - Total Credits

### Year 2 (Summer Semester)

---

- (5) NURS 565a Theoretical Foundations of Nurse Anesthesia I
- (1) NURS 565b Clinical Practicum in Nurse Anesthesia I
- (1) NURS 695a Introduction to DNP Projects
- 7 - Total Credits

### Year 2 (Fall Semester)

---

- (5) NURS 566a Theoretical Foundations of Nurse Anesthesia II
- (2) NURS 566b Clinical Practicum in Nurse Anesthesia II

- (3) NURS 691 Organizational and Systems Leadership in Healthcare
  - (1) NURS 697a Doctoral Project Design and Management I
- 11 - Total Credits

  - (1) NURS 697b Doctoral Project Design and Management II
- 8 - Total Credits

## **Year 3 (Summer Semester)**

---

- (3) NURS 560 Ethical, Legal & Systemic Issues in Anesthesia Practice
  - (1) NURS 670a Clinical Leadership in Anesthesia Seminar
  - (1) NURS 670b Clinical Leadership in Anesthesia Practicum
  - (3) NURS 697c Doctoral Project Design and Management III
- 8 - Total Credits

## **Year 3 (Fall Semester)**

---

- (3) NURS 668a Clinical Correlations & Innovations in Anesthesia Practice I
  - (2) NURS 668b Clinical Practicum in Nurse Anesthesia IV
  - (1) NURS 697d Doctoral Project Design & Management IV
- 6 - Total Credits

## **Year 3 (Spring Semester)**

---

- (3) NURS 669a Clinical Correlations & Innovations in Anesthesia Practice II
  - (2) NURS 669b Clinical Practicum in Nurse Anesthesia V
  - (1) NURS 697e Doctoral Project Design & Management V
- 6 - Total Credits

**Total Hours 80**

## **School of Nursing Retention Policy**

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of A or B. Students who obtain a course grade of D or F in a graduate nursing specialization are withdrawn from

the graduate program without the option of repeating the course. Students may only earn one course grade of C and stay enrolled in graduate nursing programs. If a second course grade of C is earned, students are automatically removed from the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of C does not eliminate the original course grade of C from being applied toward this exclusion policy.

# **Nurse Anesthesia**

## **Graduation Requirements**

Doctoral students in the School of Nursing's Nurse Anesthesia option must complete all courses with a GPA of 3.0/4.0, which includes successful completion of all clinical practicum experiences. Nurse anesthesia students must also successfully complete a DNP project.

# Pharmacy

## Admission Requirements

### Conditional Entry Program Admission

Incoming freshmen who enter SIUE directly from high school may be considered for the Conditional Entry Program (CEP). The CEP is an early assurance program that allows selected students to earn direct admission to the SIUE School of Pharmacy (SOP). In order to qualify for consideration to the CEP, students must apply to the Meridian Scholars Program at SIUE and indicate either pharmacy or pre-pharmacy as an area of intended study on the Meridian Scholars Program application. On a competitive basis, candidates will be invited to interview and the top candidates will receive a formal invitation to participate in the CEP.

### Traditional Admission

Admission to the professional program of the School of Pharmacy is limited and competitive. For this reason, achieving the minimum admission requirements does not guarantee admission. To be considered for admission to the PharmD program in the School of Pharmacy, candidates must:

- Complete the pre-pharmacy curriculum by the end of the spring term prior to planned enrollment in the School of Pharmacy.
  - All courses listed in the pre-pharmacy curriculum must be completed with a grade of C or better.
  - Applicants must have a minimum grade point average of 2.75 (on a 4.0 scale) in each of the following: cumulative grade point average for all post-secondary courses attempted (excluding graduate courses), pre-pharmacy curriculum grade point average, and pre-pharmacy science and mathematics grade point average.
- Complete a PharmCAS application and keep the PharmCAS record updated.
- Take the Pharmacy College Admission Test (PCAT) and scores must be submitted directly to PharmCAS.
- Meet the technical standards for admissions and continued enrollment. For details, please visit [siue.edu/pharmacy](http://siue.edu/pharmacy).
- Successfully complete an on-campus professional program interview and writing assessment.

Based on the criteria above, the top candidates will be invited to matriculate in the PharmD program.

### Traditional Admission Application Procedures

Applications are submitted via PharmCAS at [pharmcas.org](http://pharmcas.org). Students should begin the application for the PharmD one year before their anticipated start date. Completed applications will be considered by the School of Pharmacy admissions committee. Selected students will be invited for an on-campus interview and writing assessment. All applicants must complete the PharmCAS application and submit the following credentials to PharmCAS:

- Official copies of all college and university transcripts
- Letters of recommendation
- PCAT scores

# Pharmacy

## Sample Curriculum

Students pursuing the PharmD degree are not required to complete the University general education requirements. However, students are required to complete the pre-pharmacy curriculum listed below. Completion of the pre-pharmacy course requirements does not guarantee admission to the SIUE School of Pharmacy. In addition, courses that will meet the SIUE pre-pharmacy requirements may not meet the requirements for completion of other majors at SIUE.

---

## Sample Pre-Pharmacy Curriculum

### Year 1 (Fall Semester)

- (4) CHEM 121a – General Chemistry I
  - (1) CHEM 125a – General Chemistry Lab I
  - (3) ENG 101 – English Composition I
  - (5) MATH 150 – Calculus I or MATH 145 – Calculus for the Life Sciences
  - (4) BIOL 150 – Intro to Biological Sciences I
- 17 Total Credits

### Year 1 (Spring Semester)

- (4) BIOL 151 – Intro to Biological Sciences II
  - (4) CHEM 121b – General Chemistry II
  - (1) CHEM 125b – General Chemistry II Lab
  - (3) ECON 111 – Principles of Macroeconomics
  - (3) ENG 102 – English Composition II
  - (3) RA 101 - Reasoning & Argumentation (recommended) or any PHIL course
- 18 Total Credits

### Year 2 (Fall Semester)

- (4) BIOL 220 – Genetics (prerequisite for BIOL 350)
  - (4) BIOL 240a – Human Anatomy & Physiology I
  - (3) CHEM 241a – Organic Chemistry I
  - (5) PHYS 131/131L – College Physics I
  - (3) ACS 101 or 103 - Oral Expression
- 19 Total Credits

### Year 2 (Spring Semester)

- (4) BIOL 350 – Microbiology or BIOL 250 Bacteriology
  - (4) BIOL 240b – Human Anatomy & Physiology II
  - (3) CHEM 241b – Organic Chemistry II
  - (2) CHEM 245 – Organic Chemistry Lab
  - (4) STAT 244 – Statistics
  - (3) SOC 111 or PSYC 111
- 20 Total Credits
- 

## **Sample PharmD Curriculum**

### **First Professional Year (Fall Semester)**

- (4) PHPS 700 – Principles of Drug Action I
  - (3) PHPS 702 – Biochemical Principles for Pharmacy
  - (2) PHPS 704 – Biopharmaceutics and Drug Delivery I
  - (3) PHAS 708 – Healthcare Systems
  - (2) PHPR 711 – Drug Information
  - (1) PHAS 716 – Ethical Issues in Health Care
  - (1) PHPR 718A – Pharmacy Skills Lab I
  - (2) PHEP 719A – Personal and Professional Development I
- 18 Total Credits

### **First Professional Year (Spring Semester)**

- (2) PHPS 701 – Principles of Drug Action II
  - (3) PHPS 705N – Biopharmaceutics and Drug Delivery II
  - (1) PHPS 707N – Pharmacy Calculations
  - (3) PHPR 710 – Biomedical Literature Evaluation
  - (3) PHPS 712 – Immunology and Immunization Training
  - (3) PHPR 713N – Self Care & Alternative Medicines
  - (1) PHPR 718B – Pharmacy Skills Lab II
  - (1) PHEP 719B – Personal and Professional Development II
- 17 Total Credits

### **Second Professional Year (Fall Semester)**

- (3) PHPS 720N – Pharmacokinetics
  - (2) PHAS 728N – Pharmacy Management I
  - (4) PHPT 730A – Integrated Pharmacotherapeutics I
  - (4) PHPT 730B – Integrated Pharmacotherapeutics II
  - (2) PHPR 735N – Physical Assessment & Patient Care Skills
  - (1) PHPR 738A – Pharmacy Skills Lab III
  - (3) PHEP 739A – Personal and Professional Development III
- 19 Total Credits

## **Second Professional Year (Spring Semester)**

- (2) PHPS 703 – Principles of Pharmacogenomics
  - (2) PHAS 709 – Healthcare and Financial Management
  - (4) PHPT 730C – Integrated Pharmacotherapeutics III
  - (4) PHPT 730D – Integrated Pharmacotherapeutics IV
  - (1) PHPR 738B – Pharmacy Skills Lab IV
  - (3) PHEP 739B – Personal and Professional Development IV
  - (2) PHPR 744 - Health Promotion & Literacy
- 18 Total Credits

## **Third Professional Year (Fall Semester)**

- (2) PHAS 733N – Pharmacy Law
  - (4) PHPT 750A – Integrated Pharmacotherapeutics V
  - (4) PHPT 750B – Integrated Pharmacotherapeutics VI
  - (2) PHAS 756 – Pharmacy and Population Health
  - (1) PHPR 758A – Pharmacy Skills Lab V
  - (1) PHEP 759A – Personal and Professional Development V
  - (5) Electives
- 19 Total Credits

## **Third Professional Year (Spring Semester)**

- (1) PHEP 751 – Essentials of Research Application
  - (2) PHAS 754 – Pharmacy Management II
  - (4) PHPT 750C – Integrated Pharmacotherapeutics VII
  - (4) PHPT 750D – Integrated Pharmacotherapeutics VIII
  - (1) PHPR 758B – Pharmacy Skills Lab VI
  - (1) PHEP 759B – Personal and Professional Development VI
  - (5) Elective
- 18 Total Credits

## **Fourth Professional Year (Fall Semester)**

- (6) PPHEP 780 – APPE (Community Pharmacy)
  - (6) PHEP 781 – APPE (Hospital Pharmacy)
  - (6) PHEP 782 – APPE (Ambulatory Care)
  - (6) PHEP 783 – APPE (Acute Care/General Medicine)
- 24 Total Credits

## **Fourth Professional Year (Spring Semester)**

(6) PHEP 784 – APPE (Specialized Practice)

(6) PHEP 784 – APPE (Specialized Practice)

(6) PHEP 784 – APPE (Specialized Practice)

(3) PHEP 789 – APPE (Senior Project: Research Application for Patient Care)

21 Total Credits

# Pharmacy

## Education Specialization

Students can pursue a specialization in education that will prepare them for teaching positions in pharmacy. The specialization consists of six credits of didactic elective courses that are taken during the third professional year and one six-credit-hour elective advanced pharmacy practice experience taken during the fourth professional year. Students who are interested in the Education Specialization are chosen to participate and gain valuable experience related to all areas of pharmacy education.

# Pharmacy

## Graduation Requirements

Students are eligible to graduate when all of the following criteria have been met:

- Successful completion of the PharmD curriculum as approved by the faculty in the School of Pharmacy
- Completion of 10 credit hours of electives
- Academic good standing with a cumulative GPA of 2.0 or above

# Pharmacy

## Healthcare Information Systems Certificate

SIUE School of Pharmacy, in partnership with Saint Louis University, offers a Healthcare Information Systems certificate to PharmD and PharmD/MBA students and alumni. The certificate is offered online through the School for Professional Studies at SLU.

The online Healthcare Information Systems certificate provides a background of information systems and technology, programming, database design, networking fundamentals, healthcare information systems terminology and IT systems for healthcare organizations.

This certificate is designed for those seeking to gain the tools necessary to succeed in the healthcare industry.

Students may enroll in the SLU Certificate programs either while they are enrolled in a PharmD or PharmD/MBA concurrent programs or following graduation as alumni.

Nine credit hours of transfer course work will be accepted, if it is within 10 years of completion.

# Pharmacy

## Organizational Leadership Certificate

SIUE School of Pharmacy, in partnership with Saint Louis University, offers an Organizational Leadership certificate to PharmD and PharmD/MBA students and alumni. The certificate is offered online through the School for Professional Studies at SLU.

The Organizational Leadership certificate complements major fields of study by developing the knowledge, skills and experience needed to assume leadership and administrative roles in corporate or not-for-profit settings.

This online program will allow you to become proficient in:

- Understanding and leveraging your leadership style
- Overseeing organizational units and departments
- Developing interpersonal relationships and teams
- Enhancing workplace communication

Students may either enroll in the SLU Certificate programs while they are enrolled in a PharmD or PharmD/MBA concurrent programs or following graduation as alumni.

Nine credit hours of transfer coursework will be accepted, if it is within 10 years of completion.

# Pharmacy

## Pediatric Specialization

Students can pursue a specialization in pediatrics that will prepare them for a career in pediatric pharmacy and enhance their competitiveness for pediatric post-graduate training. The specialization consists of three credit hours of didactic elective courses and one credit hour of independent study project that are taken during the third professional year; and two six credit hour elective advanced pharmacy practice experience taken during the fourth professional year.

For more information regarding this specialization, please contact Dr. Lisa Lubsch Bimpasis, 618-650-5136.

# PharmD/MBA

## Admission Requirements

Admission to the concurrent degree program is limited and competitive. Students who choose to pursue this option will begin to take MBA courses only after they have completed the first year of the professional pharmacy program (P1) and must have earned a minimum GPA of 3.0 during the P1 year. Additionally, students must meet all admission requirements for the Graduate School and all admission requirements for the MBA program.

## PharmD/MBA Application Procedures

- No later than March 15 of the P1 year, pharmacy students must submit an application available from the School of Pharmacy Office of Professional and Student Affairs
- All applicants to the PharmD/MBA program must request that official transcripts be forwarded to Graduate Admission from all postsecondary institutions that the applicant has attended.
- Students who took pre-pharmacy courses at SIUE and have a complete set of transcripts on file with the University need not submit transcripts.
- Applicants will be notified of their admission status no later than April of the P1 year.

For more information on the PharmD/MBA, contact Monica Kempland at [pharmacy@siue.edu](mailto:pharmacy@siue.edu) or 618-650-5150.

## Additional Admission Information

Students currently pursuing a PharmD degree at SIUE, who wish to apply to the MBA program, may submit an application to the Graduate School for review once they have earned the equivalent of 106 semester hours. A currently enrolled PharmD student, upon approval of the MBA Program Director, will be allowed to enroll in a maximum total of six credits of graduate-level business course work until the student has earned the equivalent of 124 semester hours, at which time the student will be allowed to enroll in additional courses in the MBA program.

Currently enrolled SIUE PharmD students may submit a recent, official PCAT exam result for consideration of waiving the GMAT exam. Minimum composite, verbal and quantitative scores on the PCAT are required for a GMAT waiver to be granted.

# PharmD/MBA

## Curriculum

In order to meet the scheduling needs of busy students, business courses are offered in eight-week\* flexible formats that include:

- Evening/hybrid: Classes meet one evening per week. This format combines traditional classroom instruction with online assignments.
- Online: Course work is delivered online and may include synchronous online meetings.

\*Beginning in spring 2019, business courses will be offered in seven-week formats.

Concurrently enrolled PharmD/MBA students will be allowed to use some pharmacy courses toward completion of MBA electives and some MBA courses toward completion of PharmD electives. Only those pharmacy students who are admitted to the MBA will be allowed to use MBA courses to meet PharmD elective requirements. You can view the complete PharmD/MBA curriculum [here](#).

- (3) MBA 534-Strategic Management\*\*

\*Will count toward MBA elective course requirements (13 credit hours).

\*\*Will count toward PharmD elective course requirements (10 credit hours).

## Students in PharmD/MBA concurrent degree program may choose to complete one APPE that is designated as a leadership experience. This APPE will be chosen in cooperation with the SOP Director of Experiential Education.

# PharmD/MBA

## Graduation Requirements

In addition to completing the course work, students must also satisfy a comprehensive examination requirement by earning a grade of B or above in MBA 534. Students who earn a grade below B will be given a second opportunity to complete the course in a satisfactory manner. Performance of individuals who fail to earn a B or above in the second attempt will be reviewed by two additional members of the School of Business MBA Committee, who may recommend that the student be dropped from the program or, in rare instances, be permitted a third attempt to earn a grade of B or above under another instructor.

Students must obtain 3.0 GPA (on a 4.0 scale) in MBA coursework to fulfill PharmD/MBA graduation requirements.

# Educational Leadership Doctorate - Superintendent (EdD)

## Admission Requirements

- Graduate School application and \$40 fee
- Submission of all postsecondary academic transcripts
- Master of science in education degree or its equivalent
  - Grade point average (GPA) of 3.25 or higher on a 4.0 scale in graduate study
  - Hold or have held a position requiring an Illinois Type 75 (building administration) certificate or its equivalent
- Current resume that clearly indicates:
  - Educational background
  - Diversity of P-12 work experience
  - Progression of P-12 leadership experiences.
- Three letters of reference from administrators or supervisor who have firsthand knowledge of the candidate's professional work. Letters must address:
  - Nature of the relationship with the applicant (at least one is current or past supervisor)
  - Leadership experience
  - Ability to work collaboratively
  - Ability to impact schools to improve student learning
  - Oral and written communication skills
  - Potential to become a transformative educational leader.
- Written responses to three focus questions that consider the goals of the EdD program and preparation for doctoral study.

All requirements will be reviewed by a faculty admissions committee to determine the potential of the candidate to affect school district change.

There are two possible admission points for the EdD program.

- An MS degree
- An Illinois Type 75 certificate (or equivalent) and who wish to earn the superintendent's endorsement while completing the doctorate degree

Mid-point admission for students who hold:

- A specialist's degree (within the past ten years)
- A superintendent's endorsement
- An Illinois type 75 certificate (or equivalent) and who want to complete the doctorate degree.

Official transcripts must be sent electronically to [etranscripts@siue.edu](mailto:etranscripts@siue.edu) directly from the institution or mailed to:

SIUE Graduate and International Admissions  
Campus Box 1047  
Edwardsville, IL 62026

## Application Deadline

The priority application deadline for those already holding a superintendent endorsement is February 1. All other admissions are on a rolling basis.

# Educational Leadership Doctorate - Superintendent (EdD)

## Curriculum

For early admission, 54 semester hours of graduate credit beyond the master's degree are required for the EdD degree. For midpoint admission, 24 semester hours of graduate credit beyond the specialist's degree are required for the EdD degree.

### Study of foundational theory of school district level leadership (27 semester hours)

(Early admission courses)

- EDAD 555-Superintendency and District Administration\*
- EDAD 560-Educational Policy Making and Governance\*
- EDAD 563-School and Community Relations\*
- EDAD 565-Personnel Administration\*
- EDAD 570-Leadership Theory and Practice\*
- EDAD 573-Educational Facilities, Planning and Management\*
- EDAD 575-Strategic Management\*
- EDAD 580-District Program Development\*
- EDAD 585-School Business Administration\*

### Internship and Field Study

(Early admission course)

- EDAD 591-Internship Practicum\*

### Advanced Study and Research

(Early admission and midpoint admission courses)

- EDAD 600-Proseminar in the Superintendency
- EDAD 620-Advanced School Law
- EDAD 660-Politics and Policy-Making in Education
- EPFR 605-Qualitative Inquiry-includes field study\*
- EPFR 601-Quantitative Inquiry
- EDAD 690-Research Topics in Educational Leadership
- EDAD 698-Doctoral Capstone Research Project

\*Successful completion results in specialist's degree and recommendation for Illinois Superintendent's certificate.

# Educational Leadership Doctorate - Superintendent (EdD)

## Graduation Requirements

Qualifying examination for advancement to candidacy: The examination consists of essay questions that address course content. The exam is read by three faculty members and assessed for content and quality. Candidate must pass the examination to advance.

Final Capstone Research Project: The project requires an extensive written document that presents the results of the candidate's research. An oral presentation and successful defense of the project before a committee of three faculty members is required for program completion. Planning the project occurs in EDAD 690 and the project is carried out, defended, and finalized in EDAD 698.
