Welcome

Hi everyone! I am excited to be working with you this semester as we explore the concepts and theories related to the study of multicultural issues in psychology and how these topics have influenced the field of psychology. I think that the college classroom is the best space to examine these topics safely and respectfully and how each relates to our everyday lived experiences.

Bio

Dr. Rachel Bradley is an Assistant Professor of Psychology at Southern Illinois University Edwardsville. After completing her PhD in social psychology at Saint Louis University in 2014, Dr. Bradley taught psychology for six years at the University of Arkansas at Little Rock. Dr. Bradley's research interests include exploring racial/ethnic and sexual identity and identification and examining colorism (a.k.a. skin tone bias), stereotyping, stigma, and prejudice. In addition to these interests, Dr. Bradley also studies topics related to the scholarship of teaching and learning. Dr. Bradley's teaching interests include research methods, social psychology, psychology of gender, multicultural psychology, and group dynamics. Dr. Bradley enjoys spending time with her husband and dogs, ThudButt and Beckett.

Teaching Philosophy

I have spent considerable time developing and honing my skills as an educator. My philosophy of teaching is to cultivate curriculum that spur original thought to produce well-rounded students equipped to examine critically their social world. I come to each class with a thoughtful perspective and the goal to do my best to provide the students who come into my classroom with knowledge and thought-provoking experiences. I want everyone who comes into my classroom to leave changed for the better.

About the Course

Course description

Catalog Description: Students will develop a critical framework for working at the concept of "culture" in contemporary America. Students will explore how culture impacts psychological services. Additionally, in this course, we will explore the ways that differences between people based on ethnicity, gender, sexual orientation, religion, politics, etc. impact how we think, feel, and behave towards others and ourselves. Topics include cultural worldviews, stereotypes, prejudice, discrimination, stigma, racism, and building multicultural competence.

If you are unwilling to consider ideas that challenge your beliefs, this is not the course for you.

Participation

It is vitally important that our classroom environment promotes the respectful exchange of ideas, including being sensitive to the views and beliefs expressed during class discussions. Your success in this course will depend on your communication, consistent engagement, and active participation in all course activities. Success in this course requires that you adhere to the deadlines given below as you complete assignments, discussions, and other course activities. This is not included in your final grade.

Attendance/Excused Absence Policy

Attendance will be taken every class meeting. Each student will begin the semester with 100 points for attendance. Deductions will occur for unexcused absences. Holidays and scheduled class cancellations will not be included in the count of missing days. Missing 10%= 90pts, 20%= 80pts, 30%= 70pts, 40%= 60pts, 50%= 50pts, >50%= 0pts.

- Students are STRONGLY encouraged to attend all class meetings. There will be in-class activities and assignments for which you may receive points. If you are not present the day of these activities/assignments, you will not receive points and you cannot make these up. If you miss class, it is your responsibility to obtain notes and/or handouts from your classmates.
- An “Excused” absence will be recorded for any student who notifies the instructor (by phone or email) prior to the class meeting time that they will not be able to attend class. A note may be required if absences become frequent or upon the instructor’s request. Also, students who arrive at class meetings 15 minutes late or more will be counted as an unexcused absence.

Course Questions

It is natural for everyone to have questions and I want you to feel comfortable asking questions. That said, in some cases, students ask questions that could be easily answered by looking in the syllabus or course materials. In order to facilitate personal responsibility I ask that you follow the “rule of 3 then me” before asking a question. If your question is

about the course requirements or some aspect of the course check in 3 places for the answer before you ask me. When you ask me, tell me where you have looked for the answer and explain your question. This helps me understand the question so I can give you a better answer.
