

Kaskaskia College
Associate in Arts
MASS COMMUNICATIONS

Completion of an Associate in Arts or Science degree at Kaskaskia College fulfills SIUE’s general education requirements, with the exception of an Interdisciplinary Studies course that all students must take during their junior and senior year at SIUE.

This “Transfer Program Guide” is an **example** of proposed curriculum for students to use while completing their associate’s degree. Reading, writing and math placement could alter the course sequencing and transfer date. Therefore students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying close attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a KC advisor each semester. Please see “**Important Student Notes**” located on page of two of this transfer guide.

²Courses selected from two different disciplines. POLS, PSYH, or SOCO 101 must be taken.

³Life or Physical Science may be 3, 4, or 5 credit hours. One science must have a laboratory component.

A minor is required for students who major in Mass Communications. Options for a double major, double minor, or a single minor are available. Courses taken at KC to meet KC’s general education requirements (including electives) can be used for the minor(s) or additional major. Students should begin planning early for any of these options.

IMPORTANT STUDENT NOTES

The preceding information is provided to assist students in the transfer process. In no way does this document substitute for meeting with an academic advisor. Students are advised to meet on a regular basis with advisors at KC. Courses taken through dual credit can be applied to required SIUE coursework; please contact KC advisor for more information. Please consult Kaskaskia College catalog for additional graduation requirements.

Students interested in pursuing the Bachelor of Arts degree option may consider using their foreign language credits as electives.

Students have 2 options when pursuing a Bachelor's degree in Mass Communications. The department highly recommends that students complete a Bachelor of Arts.

- A Bachelor of Science degree will require completion of 8 courses in life, physical, or social science, in addition to 2 courses with a lab component (some of which will be met with the completion of the Associate in Arts.)

DECLARATION REQUIREMENTS

- A cumulative GPA of 2.2 or higher (on a 4.0 scale)
