1 Funded, 2 Unfunded URCA Assistant

	This position is **ONLY** open to students who have declared a major in this discipline.	**M**
	This project deals with social justice issues.	💙
	This project deals with sustainability (green) issues.	🌿
X	This project deals with human health and wellness issues.	➕
	This project deals with community outreach.	✋
X	This mentor's project is interdisciplinary in nature.	⅊

Are you willing to work with students from outside of your discipline? If yes, which other disciplines?

Yes

How many hours per week will your student(s) be required to work in this position?
(Minimum is 6 hours per week; typical is 9)

9

Will it be possible for your student(s) to earn course credit?

BIO493 or KIN499 3

Location of research/creative activities:

Some online and some in my office VC2612

Brief description of the nature of the research/creative activity?

Educational research: We will collect and analyze survey and focus group data, write/revise manuscripts, and prepare conference posters. Literature search and reading is part of this process. One must have basic Word, Excel, and PowerPoint skills.

3D printing project: Interested students will have the opportunity to build 3D models.

Brief description of student responsibilities?

Students will be able to choose one or both projects from the list to participate in. Students will be conducting literature search, reading, analyzing data, bench work in the lab, preparing and revising manuscripts, chapters, and posters to present or publish. Students will have opportunities to present at in-house or regional conferences provided funding is available.

URCA Assistant positions are designed to provide students with *research or creative activities* experience. As such, there should be measurable, appropriate outcome goals. What exactly should your student(s) have learned by the end of this experience?

Being able to understand the project and be excited to share with others in the form of posters/presentations/papers.

<u>**Requirements of Students**</u>

If the position(s) require students to be available at certain times each week (as opposed to them being able to set their own hours) please indicate all required days and times:

MWTh mornings (before 11 a.m.) and W afternoons (from noon onwards) are my ideal times to meet with the students.

If the location of the research/creative activities involves off campus work, must students provide their own transportation?

not applicable

Must students have taken any prerequisite classes? Please list classes and preferred grades:

Basic math, reading, and writing skills are a must.

Other requirements or notes to applicants:

Commitment to the project is expected.
